Remark of the Week

"When I'm done with this dance, boy, I'm done."

—George Hardy, after completing his sand dance Sunday afternoon.

Charley Maus, of 70 N. Westgate-av, comes in with the remark that last week's edition of the Record certainly reached a number of the Hilltop girls and boys as witnessed by the reaction upon the story of his election to the presidency of the Community Council.

Charley says that the crux of the comments was "Now, mister, it's up to you and your new officers to do something for us—and we do mean DO SOMETHING."

Charley says, "O. K. Gang—howsabout some help? What would you fellows and gals like to have? How about some suggestions? And how about some of you offering to serve on some of the committees?"

SWITCHED JOBS

"Whitey" Looker has taken his barber tools to Harry Reed's Barber Shop at Hague and Broad . . . he was formerly with Harold Reed at "Bud's Barber Shop," 2350 W. Broad-av.

MAGIC ADDITION

There is another one of those "now you see it, now you don't" guys on the Hilltop . . . Ernest J. Moore, Newark magician, blew in today with the announcement that he was joining the U. F. Grant Mfg. Co. which specializes in magical tools, of which R. N. Menge is associated.

He and Grant are said to be comrades of the make believe business and, upon a visit here, Moore was asked to go to work the next day but held off for a few days to straighten up his affairs at Newark.

RE-ELECTED

E. Ferguson, of 34 N. Brinker-av, was recently re-elected chairman of the Central Y. M. C. A.

Pvt. Condon Back With First Army

An appendectomy in October and wounds received on Feb. 10 in Germany were not enough to keep Pvt. John R. (Jack) Condon, 20, from taking part in the final drive again Nazi Germany that is now in progress. Overseas a little more than a year, Pvt. Condon is serving with the 4th Engineers Combat Unit of the First Army. In a letter to his parents, Mr. and Mrs. David D. Condon, 2203 Sullivant-av, this week he tells of helping to erect bridges over a river presumed to be the Rhine.

Pvt Condon underwent an appendectomy last October and had been back on duty only a short time when he was wounded in action in Germany and hospitalized. The Purple Heart has been awarded and it is being sent to his parents. He has since been released from the hospital and sent back to the front.

He left Aquinas High School at the end of his junior year to enter the Army July 28, 1943.

Replaces John Barton As Chief Clerk

Charles Reichelderfer, 564 S. Eureka-av, who has been serving as a board member on the tire panel of Ration Board 25-10, has taken over the duties of chief clerk of the board replacing John B. Barton. The change became effective this week as Mr. Barton moved into the office of rent control where he will serve as legal adviser to Edward F. Wagner.

Reichelderfer will continue to operate his insurance business from his home while heading up the activities of the ration board. He recently passed a Civil Service test qualifying him for the position.

Several Hilltoppers are serving in various capacities on the board. Helen Ann Curran, 36 S. Oakley-av, is senior clerk. Mary Holycross, 2596 Elliott-av, is the commodities panel clerk. Laura Patterson, 306 Derrer-rd, clerk of the gasoline panel. Also in the gasoline section are Betty Jean Higgins, 268 S. Eureka-av, and Virginia Woda, 77 S. Westgate-av. The fire panel clerk is Kathryn Donaldson, 617 S. Wayne-av.

The selling price panel is composed of Russell L. Carter, chairman, and Carl V. Looker, Charles P. Maus, James Griffin and Charles F. Althen.

Community services members are Joe Agee and Robert M. Draper.

Services Held For Mrs. Farley

Mrs. Farley formerly lived on S. Terrace-av. Her husband, Francis Farley formerly was a prominent contractor on the Hilltop. He retired some time ago.

Also surviving is a brother, George Hollis, Springfield, O.

Burial was in Asbury Cemetery, Winchester-pk.

Dale Thatcher To Play at Lake

Dale Thatcher and his Hi-Hatters dance band are engaged to open at the Crystal Ball Room, Buckeye Lake, Easter Sunday, April 1. A very modern library of soft sweet music and peppy jump tunes have made the 10-piece band popular with all types of dancers. The band will feature Bona Lee as vocalist.

Dale is the son of Mr. and Mrs. Don Thatcher, 211 N. Hague-av. He is a student at West High School. He has entertained the public since the age of four, first with a tap dancing rountine and later he was known as a tap dancing drummer.

Rita Wolfe Takes City Bowling Honors

"The Wolfes did it again."

That has come to be almost a byword in bowling circles on the Hilltop. This time the Wolfe in particular is one of the feminine members of the William Wolfe family, owners of the Hilltop Recreation Alleys.

Sixteen-year-old Rita Wolfe rolled a three-game total of 615 which added to a 75 pin handicap gave her a score of 690 which placed first in city competition.

Rita is a junior student of Holy Family High School and has been bowling less than three years. She is empolyed part time at Robert's. She bowls with the Boston Store team.

BILLFOLD STOLEN

A billfold containing $40 was stolen Saturday from the home of John Golden, 96 N. Central-av, police reported.

Directs 16th Minstrel

"JACK LEE" KOONTZ

The job of promoting, directing and staging the 16th Annual Hilltop Business Men's Minstrel again fell to Lee Koontz this year, after a highly successful job of directing last year's show.

Taking over the direction of the annual galaxy of music, song, dance and comedy when C. C. Hartley entered service after directing a series of shows which ended with the 14th Minstrel, Koontz welded together a well-balanced show last year and to date promises to repeat his performance.

A hard-working director, Lee is shown above as he helps the male chorus line through their paces in preparation for their precision dance next Thursday and Friday nights.

16th Annual Hilltop Show To Be At West High School Apr. 5 & 6

Last minute preparations were being completed this week for the 16th annual showing of the Hilltop Minstrel in the auditorium of West High School next Thursday and Friday nights. Advance ticket sales point to a sellout house for both nights, committee members said.

General admission tickets have been on sale for a week at the business places of members of the Hilltop Business Men's Association. Reserved seats will be available "while they last" at the office of Shank & Saunders, 2459 W. Broad-st, starting promptly at noon tomorrow (Saturday). Seats will be reserved for an additional fee of 15c. Reservations can be made only after general admission tickets have been purchased in advance. No general admission tickets will be sold at Shank & Saunders Saturday afternoon.

Typical Minstrel

The show this year will follow the pattern of the old Al G. Fields entertainments. The stage settings and backdrops will be the ones built especially for and used by the "top man" of minstrelsy in his day, Al G. Fields. It should be one of the most unusual settings used in any Hilltop Minstrel to date.

Leo Phillips, well known for his singing of "Dinah" in years past, will be the interlocutor. Veteran end men, Dick Becker, George Hardy, and the brothers Southworth, Billy and Marvin will carry the comedy part of the show. The Hilltop Male Chorus directed by W. Hayden Jones and Mac Toolil's orchestra will provide musical background for the show in addition to carrying featured spots throughout the evening.

A preliminary program of the evening's fun runs as follows:

Opening chorus — "Are You From Dixie."

Introduction of end men.

Dance team—Sandy Mahoney and Jorn Lytle.

Vocal solo—George Saatkamp.

Accordion number — Carolyn Croy.

Solo—Dick Becker.

Adagio dance team — Francis Wiseman and Margie Belt.

Girls' trio — Nancy Shepard,

(Continued on Page 5)

Ticket Winner

Mrs. Clark Crouse, 3615 Elliott-av, was the winner of a pair of free tickets to the 16th Annual Hilltop Minstrel to be held at West High School next Thursday and Friday nights.

Mrs. Crouse was awarded the tickets for submitting the most acceptable list of jokes. The tickets are given each year by the Hilltop Business Men's Association for the best joke contribution.

Teen Age Group Organizes Club On Non-Profit Basis; Dances Held

A self sustaining enterprise in community work is being conducted by a group of Hilltop teen agers for their own entertainment at Glenwood Shelter House. Feeling the need for occasional social activity this group of youngsters conceived the idea of holding dances in the Shelter House for all young people of the community on a non-profit basis.

The idea originated first in the minds of several fellows and a girl who enjoy dance music. Permission was obtained to practice at Glenwood. Karl Grant and Mrs. Milly Linton, directors of recreation at the park encouraged the organization of a dance band and a dance club.

Today that club already has 202 members who have been enjoying regular dances and a good social evening under proper supervision without having to frequent places of public amusement of a less respected nature.

From the first the dances have been a hit. Members of the Auxiliary Police have chaperoned the affairs. Soft drinks and hot dogs are served by parents of the band members with the proceeds going to buy music for the orchestra that plays without charge for the experience they derive.

DeWitt Leads Band

The dance band is led by Dick DeWitt, son of Mr. and Mrs. Walter DeWitt, 2100 Parkwood-av. Musicians include Don Manson, son of Mr. and Mrs. Fred Bowman, 686 Racine-av, saxophone; Jim Cochran, son of Mr. and Mrs. J. L. Cochran, 233 Demorest-rd, saxophone; Bill Pringle, son of Mrs. E. B. Pringle, 345 S. Richardson-av, trumpet; Dan Denney, son of Mr. and Mrs. Nelson Jhensen, 664 S. Wayne-av, trombone; Eddie Cline, son of Mr. and Mrs. George Cline, 375 S. Richardson-av, drums; and Nancy Hicks, daughter of Mr. and Mrs. H. Hicks, 345 S. Burgess-av, pianist.

Those who have heard the orchestra agree that they are "going places" and are certainly having a lot of fun in providing music for the dances.

A Hard Times dance will be held on Tuesday night with Dick DeWitt and his orchestra providing the music.

The 21-year old Marine mastered sufficient Japanese to serve as an interpreter with his forces. He is an alumnus of Central High School and attended Ohio State University one year before entering the service in 1943.

MILDRED PATTEN, DR. MOORE ARE MARRIED SUNDAY AT SOUTHERN

Banked flowers and ferns, with two seven-branched candelabra, formed a lovely background for the wedding of Miss Mildred Patten, 151 W. Lane-av, to Dr. W. A. Moore, 25 S. Powell-av. The single ring ceremony was read by Dr. Laurence Grant, of Louisville, Ky., at the Southern Hotel, Sunday at three o'clock in the afternoon.

Given in marriage by her uncle, Mr. Albert Zipperich, the bride was lovely in a gown of white marquisette, with a fitted bodice, square neckline and bracelet length sleeves. A long full skirt gave the effect of a train. Her shoulder length veil was held in place by a tiara of lace. The only jewelry the bride wore was a pearl necklace and earrings, gift of the bridegroom. She carried a white Bible, with a bouquet of pink gammelias attached. Streamers of white ribbon entwined with verbosa fell from the bouquet. For "something old" the bride carried a handkerchief with a very deep border of lace that was carried by a great great aunt to her wedding.

Miss Nancy Jenkins attended the bride as maid of honor. Her gown was fashioned of pink taffeta. A shoulder length veil of pink net was held in place by a tiara of pink gammelias. She carried a bouquet of blue iris and pink sweetheart roses.

Mr. Clarence Wetzel of Alliance, Ohio, was best man for his brother-in-law.

Music for the occasion was furnished by the bride's nieces, Miss Helen Jane Root at the piano and Miss Barbara Root, vocalist. Numbers were, "Because", "At Dawning" and "The Lord's Prayer".

A reception was held at the Southern Hotel after the ceremony, at which Mrs. Cecil Root, sister of the bride, Mrs. Victor Seigel, Mrs. Harry Secrest, Mrs. Ross Wiley and Mrs. Hazel Winzenreid were hostesses. Later the newly-wedded couple left for a short wedding trip, for which the bride changed to a gold wool suit, with watermelon accessories.

The bride is the daughter of the late Mr. and Mrs. George M. Patten.

Dr. Moore is the son of Mr. and Mrs. Jonah Q. Moore, of Florida, formerly of Salineville, Ohio. At present he is practising dentistry at Broad-st and Hague-av.

Dr. and Mrs. Moore are planning to make their home on the Hilltop.

THE COST OF MEDICAL CARE

★ That the cost of medical care has risen, no one can deny. But the rise has not been out of proportion to the general advance in the cost of living. At the same time the quality of medical service has been immeasurably improved.

Consider that today your physician has invested from eight to ten years and about ten thousand dollars in his education alone. He has no chance to earn until he is twenty-six or twenty-seven years old. He must have an office in a good neighborhood, good equipment, a car, good clothes.

Pharmacy, too, has stepped up its standards. Almost every state now requires four years of college and a year or two of practice before registration. All this adds up to better medical service for you.

DEPENDABILITY

THE cyclone cellar is a familiar sight in certain parts of our country. The natives of those parts know they can depend on it to keep them safe from harm while the elements rage above.

Those whom we have served know that they can count on us to relieve them of all tedious details. We handle each service conscientiously and dependably.

BUYING REAL ESTATE IS AN IMPORTANT VENTURE
Whether you are buying for an investment, or a home. Anyone who sells real estate, generally deals with folks where they live and have their being. It is not advantageous to those who wish to buy, those who wish to sell, or to those who are doing the selling that a panicky situation be developed.
Who can the unitiated or inexperienced best trust to help them sell to the best advantage, or to locate properly. To locate to the best possible advantage, look to the man who has had experience, preferably one who is established in the community in which you are interested. Buc sure that he is as interested in seeing you properly established as he is in earning a commission. That kind of a man usually knows more about values, knows more about local conditions, and he looks forward to meeting you again.

Carolyn Croy To Make Accordion Sing In Minstrel

Miss Carolyn June Croy will take her usual part in the Hilltop Minstrel Show, to be presented by the Hilltop Business Men's Association next Thursday and Friday nights. Miss Croy will be remembered as the little lady who can make an accordion sing.

She is the daughter of Mr. and Mrs. John F. Young, 3195 Parkside-dr. A student of Charlotte Rowe Gamble for three and a half years, at Lazarus Music Studio, she has taken part in many programs and entertainments, both by herself and with the small band of which she is a member, called the "Accordion Ensemble," sponsored by Charlotte Rowe Gamble. This group entertained for the G.A.R. at the Deshler-Wallick last year. Miss Croy hopes to become a great accordion player.

She is very versatile in her choice of numbers, playing both popular, classical, and marches, thereby pleasing any audience.

Miss Croy is fifteen years old and an eleventh grade student at West High School.

She took part in the Hilltop Minstrel Show last year, also in the 6th War Loan "Bond-acteer" program, and has entertained at the U. S. O. frequently.

Henderson, Hawes Have Two Leads

"Youth Takes Over" is the title for the 9A play this semester. The main characters of the play are Don Henderson, who portrays the part of "Dr. Pierson", and Bill Hawes as Albert, the "Bad Boy".

The plot of the play centers about Albert, the "Bad Boy," who takes over the school for a while, and the resulting catastrophic events. The characters include the girl who writes her own excuses, the school vamp, the model young man who is the teachers' pet, and various other familiar types in every school.

"WHEN THE HELLDIVERS CAME,

I felt Mother and Dad were lending a helping hand"

. . . says Pfc. Eddie Miner back from the South Pacific

Eddie is speaking the literal truth because his dad, Edward P. Miner, 1602 Greenway Ave., works in the Curtiss-Wright jig and fixture department, and his mother, Anna Miner, works in the machine shop.

Home on sick leave from the Third Marine Division, Eddie recently visited the Curtiss-Wright plant and watched Helldiver dive bombers going through the production line.

He recalled how, when he was in the thick of the action in the Pacific, and the going was "really rugged," a flight of Helldivers came in low over the water pouring streams of bullets and loads of bombs into the Japs.

Some day, Eddie will be home for good, thanks in part to the efforts of his parents and thousands of other men and women who are constantly putting more Helldivers into the hands of our Navy fliers in the Pacific.

The harder we pound the Nip, the quicker he'll call it quits. More men and women are needed at Curtiss-Wright NOW! If inexperienced, you can quickly learn (with pay) in the Training School at the plant. Get into the fight . . . at Curtiss-Wright!

BUYING REAL ESTATE IS AN IMPORTANT VENTURE
Whether you are buying for an investment, or a home. Anyone who sells real estate, generally deals with folks where they live and have their being. It is not advantageous to those who wish to buy, those who wish to sell, or to those who are doing the selling that a panicky situation be developed.
Who can the unitiated or inexperienced best trust to help them sell to the best advantage, or to locate properly. To locate to the best possible advantage, look to the man who has had experience, preferably one who is established in the community in which you are interested. Bue sure that he is as interested in seeing you properly established as he is in earning a commission. That kind of a man usually knows more about values, knows more about local conditions, and he looks forward to meeting you again.

"WHEN THE HELLDIVERS CAME, I felt Mother and Dad were lending a helping hand"

. . . says Pfc. Eddie Miner back from the South Pacific

Eddie is speaking the literal truth because his dad, Edward P. Miner, 1602 Greenway Ave., works in the Curtiss-Wright jig and fixture department, and his mother, Anna Miner, works in the machine shop.

Home on sick leave from the Third Marine Division, Eddie recently visited the Curtiss-Wright plant and watched Helldiver dive bombers going through the production line.

He recalled how, when he was in the thick of the action in the Pacific, and the going was "really rugged," a flight of Helldivers came in low over the water pouring streams of bullets and loads of bombs into the Japs.

Some day, Eddie will be home for good, thanks in part to the efforts of his parents and thousands of other men and women who are constantly putting more Helldivers into the hands of our Navy fliers in the Pacific.

The harder we pound the Nip, the quicker he'll call it quits. More men and women are needed at Curtiss-Wright NOW! If inexperienced, you can quickly learn (with pay) in the Training School at the plant. Get into the fight . . . at Curtiss-Wright!

Cussins & Fearn Open A New Retail Distribution Center

Former 649 West Broad St. Store Moved To Large, New Location at 830 W. Broad

To better serve the thousands of people living on the west side, Grove City and all over Franklin County in the southwest, west and northwest, Cussins & Fearn, upon expiration of their lease at the former location, decided to obtain a much larger store to fulfill their post-war needs.

About 6 months ago, a new lease was signed for the large, modern building only recently constructed, located at 828-30 West Broad. This building with a 70 ft. Broad-st frontage, and over 100 ft. wide in the rear, offers an unusual opportunity for a progressive step in Cussins & Fearn's postwar plans for mass retail distribution. Being a large supermarket type of store, with ample parking space in the rear and near by, it provides a more convenient location and a far better merchandise display.

Cussins & Fearn have now moved into the new building and stocks are in place, everything is in readiness for visitors to come and see this modern new store as announced in the full page ad in the Record today.

"Mass Retail Distribution, stated Mr. B. A. Durrant, president of The Cussins & Fearn Company, "Is an enlargement upon the sound merchandising principles which founded this business over 52 years ago. By enlarging the size of our stores, and providing greater warehouse space, it will be possible for us to handle full truck load shipments sent direct from the factories to these large stores. This eliminates two or three handlings and therefor cuts our expenses of merchandising. It has always been the policy of Cussins & Fearn to pass all savings made through economical merchandising on to the customer in the form of lower prices.

In the postwar period, when huge quantities of merchandise are available, evidence of the possible savings will become very visible when new items such as washing machines, refrigerators and other desired home products appear on the market. Today these savings are seen in low prices on such things as roofing, paints, furnaces and heavy merchandise brought direct from the factories to our stores by truck.

Founded 52 Years Ago

Fifty-two years ago, the Cussins & Fearn Company opened their first store at 655 West Broad Street. Later as the small organization grew, and they began serving all Ohio, they moved to a large building on West Spring Street. The original West Broad Street Store then served as the first Cussins & Fearn Branch Store.

Mr. Blenkner

When an expansion program was planned in 1926, this original store was moved a few numbers east to the 649 West Broad Street location, a larger and better building. Shortly thereafter, the Cusins & Fearn Chain group was organized which has steadily grown until today 28 stores are serving Ohio.

Today 19 years later, Cussins & Fearn again plan an expansion program for the postwar period which will make possible 50 or more modern stores throughout Ohio to be known as Mass Retail Distribution Centers. These stores will have larger display space and greater warehouse storage space so that customers can be more quickly served with their needs. Economics in operation will mean low prices.

50 Post War Stores

It is only fitting that the original Cussins & Fearn store should be the first to be improved in this program. So today, just as 19 years ago, it is the first of 22 or more new stores to be opened as soon as war conditions permit. Hard goods lines have been hit very hard because of war time restrictions on civilian production. Today, this new store displays only a small proportion of the various classes of merchandise which it is expected to have on the floors just as soon as production is started again."

The management has arranged elaborate displays with new visible type counters and shelving, much of which will be standardized in the future Cussins & Fearn stores. Modern lighting and new asphalt tile floors will lend attractiveness to the building, Mr. Blenker remarked.

"Our low cost merchandise distribution extends much toward making the American way of living possible. Just as mass production helped lower manufacturing costs, so will mass retail distribution help lower retail prices. "And," stated Mr. Blenker, "we have accepted the challenge of rising prices today just as we have been doing for nearly 52 years by continuing to do everything possible to help keep prices low. Many of our customers find Cussins & Fearn 'Penny Club Plan' very popular for making easy payments. We are still accepting orders on this popular time payment plan and in addition furnaces, plumbing, and home repairs as well as installation are also available on the FHA monthly payment plan with very low carrying charges."

Harry Blenker, who has been with the C & F for 22 years and who far many years was floor manager at 44 to 48 W. Spring St. and superintendent at 150 N. High St, and for the last 6 years, manager of Cussins & Fearn, Dodridge and High St., store, will be the manager of this new mass retail distribution center; Mr. Blenker is fully qualified to help our customers in their problems of heating, plumbing, ipanting, roofing and general maintenance and repair of homes, etc.

It's tuneful—it's funny—it's heart warming! It stars that sensational little youngster Margaret O'Brien, with the inimitable Jimmy Durante, beautiful June Allyson and celebrated maestro Joe Iturbi. It's Metro's "Music for Millions" and in brief, it's utterly delightful screen entertainment. You will want to see it when it opens at the Westmont Theatre Sunday, April 1st for a three day engagement. You'll love it! With an outstanding supporting cast including Marsh Hunt, Hugh Herbert, Harry Davenport, Marie Wilson, and Larry Adler.

Our country is now celebrating its fourth Easter since the bombing of Pearl Harbor. If it were not for the celebration of Easter, life would be unbearable for thousands of homes in our nation. Many of our sons and daughters have given their lives on the battlefields of the world, but with another celebration of Easter, the hope of loved ones left behind is revived.

This war is not destroying Easter, but Easter is overcoming the suffering and death that follow every war. Easter stresses life, not death. Why do more men come to Church on this one morning than on any other TWO Sundays in the Christian year? Someone said, "because, unconsciously, they yearn for light on what lies beyond these days of earth."

Surely there is a need for another celebration of Easter —for Easter tells us what lies beyond. "I believe in — the forgiveness of sins; the resurrection of the body; and the life everlasting." As Christ stands on the hill overlooking our cities of sorrow and death His eyes are full of tears, but His words are full of hope and comfort

—"I AM THE RESURRECTION AND THE LIFE; HE THAT BELIEVETH IN ME, THOUGH HE WERE DEAD, YET SHALL HE LIVE: AND WHOSOEVER LIVETH AND BELIEVETH IN ME SHALL NEVER DIE."

The reality of Easter can only be comprehended through suffering and death. If the Christ had not been willing to pass through suffering and death—the most horrible death recorded, there could be no Easter. Christ kept saying to His disciples—"He must go into Jerusalem, and suffer many things of the elders and chief priests and scribes, and be killed, and be raised again the third day." Christ died for our sins, and that means freedom from death for every man that believes in his heart that God raised Him from the dead.

Our boys are giving their lives on the battlefields for our earthly freedom. Let us believe that God through Christ will raise our boys from the dead, and in the Eternal World we shall meet again. "I know that my Redeemer lives, and because He lives, I too shall live."

Stone Asks Cooperation In State-Wide Cleanup Drive

Suggests "Good Neighbor Policy" In Community

Ralph H. Stone, director of the Ohio State Council of Defense, this week urged all members of the Citizens' Defense Corps and salvage committees to cooperate with their municipal governments in local "clean up" campaigns.

"Never before in the history of the state has it been so important that every community join this state-wide program which has been proclaimed by Governor Lausche," the defense director declared. "And this is a time when a 'good neighbor' policy is important within our own immediate vicinity. As members of Citizens' Defense Corps and local salvage committees we should take it upon ourselves to offer our services to help in those homes where the husbands or sons have gone into the armed forces and left no one who can do the manual labor involved in tying wastepaper into bundles and salvaging cartons and magazines. Then there is work in the yards and preparation of ground for gardens that can be done by 'good neighbors.'"

Director Stone suggested the following twelve point program for community cooperation in the clean-up campaigns:

1. Have every home, yard and street thoroughly cleaned.
2. Clear and make over into Victory Gardens, all vacant lots.
3. Have all business and industrial establishments inspected and all hazardous conditions remedied.
4. Have all public buildings inspected and hazards removed.
5. Inspect and recharge, if necessary, all fire extinguishers.
6. Have qualified persons inspect railroad and other utility properties.
7. Include entire surrounding farm area in community programs.
8. Have dilapidated and useless buildings removed.
9. Collect everything that can be used for salvage.
10. Enlist every citizen in the campaign.
11. Make every community safe from disease, fire, home and industrial accidents.
12. Make every person in the community conscious of the fact that every fire, no matter how large or small, takes its toll from the war effort.

Eleven Make All-A Record;

One hundred and twenty-four West Jr. students made the Honor Roll, as announced by the office last week. Eleven of these people received all A's. Red Cross Units To Close Easter

All Red Cross surgical dressing units will be closed on Good Friday and Easter Monday but will reopen on Tuesday, April 3rd, it is announced by Mrs. J. S. Stevens, chairman of units for the Franklin County Chapter.

The cause for the emergency quota of 230,500 dressings has been received and distributed to the various units to be made into 4x8 dressings for the armed forces. In addition there are dressings to be made for local military and civilian hospitals.

The dressings being made for civilian hospitals are those which cannot be made by factory machines as they are made from washed guaze. Nurses and other hospital employes formerly remade this type of dresing but due to the shortage of nurses and other hospital staff personnel, time does not permit for this work. Volunteer Red Cross surgical dressing workers have been asked to help in this emergency.

Hilltop Minstrel Opens Next Thursday

Betty Knodel In Solo Tap Number

Beauty and talent are combined into a rhythemic tap routine by Betty Knodel, of 398 S. Richardson-av, who does a solo this year after sharing a duet spot with Donna Raymond in last year's show.

A West High School student, Betty is one of the top features of the show.

Jean Dhume and Jerry Grodin In Top Feature of Minstrel

Starred In Several Gateway Players Productions

A feature attraction of this year's Minstrel show will be the singing of Jean Dhume, popular Hilltop soprano, and her partner, Jerry Grodin, baritone. Both

Jean Dhume

have been starred in productions of the Gateway Players.

An attempt was made to secure Jean for last year's show, but at that time she was busy working on her lead part in the very successful "Naughty Marietta."

The daughter of Mr. and Mrs. Ross Dhume, of 46 N. Burgess-av, she and her partner promise to bring a high-spot of song to the coming show.

Short Memory

Flier: returned from the South Pacific! "There I was forced down on a desert island with a lovely blonde.

Interested GI: "What did you do for food, sir?"

Flier: "Darned if I remember."

Two Night Show At West High School

Leo Phillips Takes Over As Interlocutor; Southworths, Becker and Hardy End Men

The 16th Annual Hilltop Minstrel will be bared to the public when the curtain raises at 8:15 p. m. on Thursday, April 5th for its opening performance of a two-night run. The show will again be repeated on Friday night at the same time.

Opening the show will be the Hilltop Male Chorus of 30 voices, under the direction of W. Hayden Jones, which will lead into the Southern atmosphere by singing "Are You from Dixie." This chorus, long a favorite of Hilltop music lovers, is considered better than ever before this year.

Interlocutor Leo Phillips will then introduce the end men, Billy and Marvin Southworth, Dick Becker and George Hardy. They are all veterans of one or more past Minstrel shows, and all are equipped with a variety of song, dance and joke.

11 Specialty Acts

Specialty acts which are spaced throughout the two-hour show include the following:

Bill Minister and his marimba, Betty Knodel in a solo tap dance, Barbara Shade, hula dance; Nancy Kay Hefner and Marlene Schiller, the "tiny tap-e-teers". Tap routines will also be contributed by Joan Lytle and Sandy Mahoney.

Carolyn June Croy, accordionist; Jean Dhume and partner, Jerry Grodin, in a song duet; Frances Wiemar and Margie Belt, acrobatic dance; Alice Jean Remington, Nancy Shepard and Elizabeth Walton will sing as a trio, with Stella Becker's "Beck-ettes" as an 18-girl precision chorus line.

Slightly Feminine

Again this year, a bit of added comedy will be supplied by the Hilltop male chorus line in feminine attire, which is always good for a bit of laughter and wonderment as to how they can stay on their feet.

Music for the show will be furnished by Mac Tooill and his seven-piece band. They will accompany the Hilltop chorus as well as provide the background for end man songs and the specialty acts.

Under the sponsorship of the Hilltop Business Men's Association and under the direction of Lee Koontz, veteran entertainer, the 1945 Minstrel is well on its way to rounding into shape on a par with previous standards. H. G. Deems and L. E. Saunders are assisting Koontz in the direction of the production.

(Continued on page 2)

Marimba Playing Schoolboy To Return

Bill Minister and His Marimba

A repeat favorite from last year's show will be the marimba excellence of Bill Minister, son of Mr. and Mrs. Robert I. Minister, 41 N. Westmoor-av.

Bill, a 17-year-old junior at West High School, is scheduled to play a medley of old southern songs, which will include "Dinah," "Moonlight Bay," and "Waiting for the Robert E. Lee."

A pupil of "Rags" Anderson, marimba teacher at Lazarus, Bill has been playing for six years and is now the owner of a beautiful $350 instrument. He was a favorite at the recent Band Variety Show held at West High School, having previously opened the Sixth War Loan "Bond-act-teer" program at the Palace Theatre.

Barbara Shade in Hula-Tap Dance

Barbara Shade

Barbara Shade, daughter of Mr. and Mrs. Albert Shade, 420 S. Richardson-av, will present a hula-tap dance in the Hilltop Minstrel Show this year. A newcomer to the Minstrel, she has studied for the past year with Mrs. Jack Scherrick, and has taken part in numerous recitals and entertainments.

She loves to dance and in that is following in the footsteps of her grandfather, Ross Cochrum, who was a member of the "Gode men 4," on the stage for a number of years. Little Miss Shade's great ambition is to lead an orchestra of her own and to dance. At present she is a 4th grade pupil in John Burroughs School.

"Lips that touch wine shall never touch mine," declared the young miss. And after she was graduated, she taught school for years and years and years.

Local Girls To Appear With 'Beckerettes'

Virginia Jones and Janice Hill

Virginia Jones and Janice Hill will appear with Stella Becker's "Beckerettes," a precision tap line of 20 girls who will take part this year in the Hilltop Minstrel Show, sponsored by the Hilltop Business Men's Association on next Thursday and Friday nights.

While Virginia has danced in the shows of the past two years, this will be the first appearance in the Minstrel for Janice. Both girls are fourteen years of age and are students at West High School. They have studied dancing—acrobatic, ballet and tap—since they were five years old and recently took part in the Firemen's Minstrel Show. They also danced in "New Moon," "Vagabond King" and "Chocolate Soldier," at the Hartman Theatre.

Students of Stella Becker, they cherish ambitions to become part of the famous Rockettes."

Virginia is the daughter of Mr. and Mrs. Henry Jones, 152 Guernsey-av. Janice Hill and parents reside at 485 Belvidere-av.

Scenery

Tom Lewis

Tom Lewis, the painter, is in charge of scenery arrangements for this year's show. This job becomes more involved each year as more novel ideas for drops and props are thought up in order to keep the annual show at its high standard.

Safer Flying

Army Air Force fields now have instrument landing systems at strategic airports along their 100,000 miles of military airways which make it possible to bring planes down through low ceiling conditions to within 50 feet above the center of an airport runway.

General Chairman

Curtis R. Roberts

As president of the Hilltop Business Men's Association this year, Curt Roberts is also general chairman of the Minstrel, which will be staged next Thursday and Friday, April 5th and 6th.

Curt, responsible for the overall supervision and promotion of the show, has had his hands full helping first one committee and then another in their efforts to make the show better than ever before.

Ticket Man

Joe Goodwin

Charged with the job of printing, and distribution of tickets for the 16th Annual Minstrel, Joe Goodwin has placed general admission tickets in all Hilltop business places.

These tickets which sell for 35 cents can be exchanged for reserved seat ducats at the office of Shank & Saunders, 2459 W. Broad-st, after 12:00 noon tomorow. The general admission pasteboard must be exchanged, along with an additional 15 cents in order to obtain reserved seats.

To My Mother

Someone I know waits for the Spring
With hope anew her heart will sing.
Her busy hands will till the earth
When April gives each seed rebirth.

The robin, in his special way,
Will add new splendor to her day
And as he sings his melody
Her cares are light—her heart is free.

It seems that God has blessed her so
To make each thing she touches grow;
Her garden blooms for all to see
And Spring is hers eternally.

DE CAMBE, FRANCE—Plasma flows into the veins of this wounded Yank as Medical Corps surgeons take advantage of sunlight to operate. Corpsman stands ready with a bottle of whole blood and additional plasma if needed. Many bottles of both plasma and whole blood are often required for a single casualty and the Red Cross has been asked to collect approximately 100,000 pints each week.—Signal Corps Photo.

NOW

DEDICATE YOUR BLOOD TO A MAN OVERSEAS

NOW you can donate a pint of blood and sign your name to it. You may inscribe it in honor of a husband, a son, or any relative or friend in the armed forces. But the time to act is now. Thousands of donors are needed at once.

If you have not already done so, call the Red Cross and make an appointment now.

WOUNDED AT GUAM—This Marine, wounded in the head and chest during an assault on Jap positions atop Sugar Bluff, Guam, receives blood plasma to counteract shock and loss of blood, at a front-line aid station. Plasma, processed from the blood of volunteer donors collected by the American Red Cross, is often the "gift of life," giving a wounded Yank strength to stand the journey to a rear hospital.—U.S. Marine Corps Photo.

Directs Chorus

W. Hayden Jones

Directing a male chorus of some 30 voices is quite a job, considering that they practice only once each week, but Hayden Jones has brought together a group this year which promises to be the best ever to feature the annual show.

Founder and director of the original Hilltop Male Chorus, Jones has been absent from this job for the last three years, during which time Dale Gilliland of the OSU Dept. of Music served as director.

This year's chorus will sing such favorites as "Are You from Dixie," "This Is My Country," "Meet Me in St. Louis" and various other supporting numbers.

SHOPPING CENTER

American troops that go thru the Panama Canal, now have the benefit of a shopping service operated by a USO volunteer committee of women. The shoppers go aboard for orders with lists of a large variety of articles, both essentials, and gifts, and before the vessel leaves the Canal the purchases are delivered on shipboard.

Future Airplane Orders

WASHINGTON — Orders for 235 planes to cost approximately $170,000,000 calling for deliveries whenever war restraints are removed have been placed within recent months by major airlines. The costs of these planes will vary from $310,000 for a two-engined job to more than $2,000,000 for a type of carrier to be used in the North Atlantic service.

To Provide Acrobatic Dance

Francis Wiseman, Margie Belt

The Hilltop Minstrel Show, to be presented by the Hilltop Business Men's Association, April 5 and 6 will introduce Francis Wiseman and Margie Belt, dance team, who will be newcomers to the show this year. The little ladies are students of Gilbert Erving, of the Jorg Fasting Studios. Francis, 14, has been studying acrobatic, adagio and tap dancing for five years, while her small partner, Margie, 8, has had only one year of study.

They won the Meritorious Award with the "Bond-act-teers" in the Bond Drive last year and have appeared in various shows and entertainments, both in Columbus and in Springfield. They have been invited to appear at Fletcher General Hospital next week, for the entertainment of the convalescent soldiers.

Francis is the daughter of Mr. and Mr. Aaron Wiseman, 136 N. Waren-av. Margie lives at 127 N. Warren-av, and is the daughter of Mr. and Mrs. Harold Belt.

"The Easter Promise"

On that glorius Easter morning.
Blessed day when Christ arose;
Filling all the earth with gladness
And triumphant o'er His foes.

Loved ones came at early dawning
Near the tomb where Jesus lay;
He is not here, the Angel whispered,
For the stone is rolled away.

As they went to spread the tidings
Of great joy, and with fear,
Jesus spoke in words so tender
Fear ye not, for I am near

Oh! how precious is His promise
For a world in dark despair
If we trust and walk beside Him
He will listen every care.

May we not forget to seek Him
On this glorious Easter day
Lo! I'm with you, is His promise;
I'll go with you all the way.

HBMA Prexy And Wife Are Light Plane Pilots

Although a man of many hobbies, such as hunting, fishing, and what do you want to do, Curt Roberts, this year's HBMA prexy, likes his flying best. By flying, we mean piloting the plane himself, at which he is said to be very adept.

Both Curt and Mrs. Roberts are possessors of private flying licenses, and like to make the most of them by constant visits to Eddie Arn's Flying circus out at Sullivant Avenue Airport.

Curt, owner of Yost Florist at 303 Belvidere-av, also has been on jaunts with Arn to Canada and parts of Northern U. S. in search of fish and wild game.

Their most recent trip was made last Fall, when they took Arn's amphibious plane to a Canadian Lake for fishing and duck shooting. Mrs. Roberts completed her flying instruction at Sullivant Avenue Airport last Fall, and now is staying right up in the air with Curt.

Interlocutor

Leo Phillips

After 14 years as an end-man Sgt. Leo Phillips of the Columbus Police Department, will this year keep things in order from the center of the West High School stage as interlocutor.

In addition to quipping with the black-faces and introducing the various acts, Leo will sing a medley of minstrel numbers which, of course, will include his command performance of "Dinah."

May Double U. S. Airports

WASHINGTON — At present, only 1,629 of the 3,047 counties in the United States have one or more airplane landing areas. This average of 53 percent would be brought up to 88 per cent under proposals made by the Civil Aeronautics Administration to Congress. This would give the United States one or more airports in 5,269 communities against the 2,585 airports today.

"THE G. A. R."

Their ranks are thinning sure and fast
Their steps feeble and slow,
No doubt they are dreaming of the past
The fierce battle of Shiloh.
Their numbers are easy to determine
Not many are left down here below
Who fought with Grant and Sherman
Over eighty years ago.

If I were granted right now the power
Had strength of the Divine,
I'd turn back the clock in the tower
To their age of twenty nine.
God grant them surcease from sorrow
And I pray he will bestow
Peace and comfort in each tomorrow
Who fought for us Eighty years ago.

CAMP FIRES INCREASE

There are more than 2,000 Camp Fire Girls in Columbus and Franklin County, an increase of about 400 members in the past year. Camp Fire Girls is one of 17 groups in the Community War Chest which have fourth quarter programs.

"Frequent water drinking," said Miss Church, "prevents you from becoming stiff in the joints."

Africa – Glamour, Filth – As Seen From Jeep By Craig

Exotic Land Dirty, Navy Man Tells Wife; Money Plentiful — Nothing to Buy

Don W. Craig, F DM 2-c, who was stationed in French territory of North Africa, wrote his wife, the former Mary Lurns, who was graduated from West High School in 1933, a letter in which he conveyed the impressions he received of the Arabic land.

Craig, who was also graduated from West High in 1931, was active in the Alumni Association and Demolay here. Before entering service a year ago last August, he was employed by the International Harvester Co. in Springfield, Ohio. He left for overseas duty March, 1944, and arrived in North Africa where he was assigned to a base for motor torpedo boats squadron.

The Craigs have one child, Don, Jr.

Following is the complete letter, covering his tour of North Africa on a jeep:

Hello Darling.

How are you and the boy today? I am taking advantage of a clock period in our work to use the typewriter to write a letter that I have been promising you for some weeks. I mean about my jeep trip.

As I told you there were three of us, Ensigns Hess and Hourigan. Mr. Hess and intended to make the trip alone but due to a mix up in merchandise at the warehouse where we purchased our ship's store supplies he, Mr. Hourigan, traveled with us the first day. He enjoyed it so much that he "banged ears" with the officer-in-charge and secured permission to continue on with us the entire distance. We really appreciated having him along as he spoke enough French to inquire about the road etc.

At the end of the first day's travel we rejoined our gang for chow and to sleep and after laying over in this coastal city for a day and a half we continued on, traveling for two days before shitting the coast again. Where we stopped was the only liberty I have made as yet.

I'll not attempt to write sentences but just give my disconnected impressions as they occur. Contrast is the keynote of all my impressions. Ragged Arabs walking the streets with great natural dignity. Ragged French and Arabs picking garbage with their pockets bulging with money. They have more money now than ever before, but there is nothing for them to buy. Incredibly dirty and disgusting beggars outside magnificent cathedrals, a king's ransom in gold glittering within. Ludicrous little donkeys with sheeted Arabs riding side saddle, sans saddle, with feet nearly touching he ground. Two wheeled carriage with top-hatted bridegroom and buxom bride followed by three more carriages of friends.

Narrow winding streets, street cars hinged in middle, (some of them twice) in order to make the curves. Traffic traveling on the right side but Arab drivers of two wheeled carts frequently taking the left side. Roads widened by Army engineers, routes well marked — "Nationale Route 3" etc, but no road maps available. Grade crossings well protected but each one seemed to be just around a sharp, blind curve so that you had to make a screeching stop to avoid hitting the gate. Gates attended by family living in house right at crossing, seemingly maintained by the RR. Sometimes the wife or an attractive daughter would open the gate, and be very shy when asked the road. Only salt water in water systems of some coastal towns. Drinking water, Eau d'potable", carried into town in large green bottles and sold at a penny a gallon. Large public scrubbing basins where everyone does the family washing.

French workers at noon eating bread, cheese and a quart of "vin." Arabs munch (raw) a bean similar to limas. Street corner toilets with little or no privacy—Arabs squatting at the curb to do their natural functions. In the smaller towns the native women completely wrapped in sheet-like garment with only one eye exposed. In the larger towns the more modern ones with flashing eyes (sometimes smiling) above their face masks over lower half of face. Dont think anyone over here wears a brassier. Filthy urchins, bare bottomed, scratching, begging for "bon-bons" or chewing gum. Eight to fourteen year old boys offering the services of whores. "Madamaiselle, Joe?" Everywhere you go it is "Do business, Joe?" "Got sheet?" "Sell mattress cover?" This item, that costs $1.20 will fetch from $12 to $18, if one were foolish enough to sell to the Arabs, as unfortunately many will. Beautiful homes, no plumbing. Fertile land, where there is water for irrigation, and in the mountains where it rains more. Arid land and some of the mountains so rocky nothing will grow. Acres of vineyards and grain fields. Clouds of grasshoppers, working west from the desert. Pestilence that recurs every ten years. It shouldn't have been too difficult for Joseph to have predicted the coming of the "swarms of locusts" if it is that regular. Modern homes set amidst prosperous farmlands. Palm trees, flowers all around. Across the road a miserable hovel with dried bramble bushes interwover into fences to keep out prowling animals. Sheepfolds protected in the same manner. There are occasional instances of prowling lions in the hills. Modern crawler tractors pulling the latest in disc and gang plows—next field an Arab with cloak and hood made of burlap sacks plowing with single oxen nad wooden plow of Biblical vintage. Never see a stick of wood, or a dead bush or tree standing. Fuel is too scarce. Cactus plants are cultivated and their deep-seeking roots dug for fuel. Men with bundles of slender switches balanced on their head, homeward bound with the next day's cooking fuel. The cattle not at all like that in the states. No highly developed bloodlines. Just nondescript, usually with a shoulder hump, descendants of the king of the ancients.' Flocks of sheep or goats grazing near the road with the kids watching.

The kids are always friendsly, grin and wave, shout "O. K. Joe" or with the friendliest intent in the world call you some filthy name. They think that is how the Americans say "Bon jour." Turbaned and sheet wrapped Arabs squatting in the sun on the lee side of buildings or laying with their back to the wind along the ditch at the side of the road. The women carrying heavy burdens and the young girls only slighter ones. A little boy attending the sheep and as we pass screaming at us that his sister would zig-zag for bon bons. The sister, about twelve, doing the bumps to demonstrate her ability to deliver. Winding back and forth up a steep grade, hair pin turns without guardrails, up and up with a beautiful vista behind, right into the clouds. Over the mountain and out into the sunshine of a different valley beyond.

High in the mountains we stopped for the night with the Army Air Corps. It was a lovely little city nestled between mountain peaks nearly a mile above sea level. So high that the jeep lost her pep! Then down and down for miles into a wide valley with higher than ever peaks on either side. Once when we were stopped to heat and eat our "C" rations we were on the side of a hill and below we could hear a little shepherd boy playing his pipe.

Another time we had just stopped and hatten gotten our stoves (empty cans with sand and gasoline, my idea) going when an Army truck stopped and a Lt and two Sgts. jumped out and laughingly demanded to know what the Navy was doing so far from water. It developed that they were intending to eat at a restaurant about 50 miles further on and suggested that we join them. Then they broke out some of their cargo, beef from their camp PX. We had a couple there by the road and more with our dinner when we reached the restaurant. The meal wasn't so hot, soup, pork and beans, black bread, wine and dates for dessert.

As we neared our destination the road showed signs of the war. bombed out bridges and filled in bomb and shell craters. Finally when about 15 miles from the end we came to a bombed out bridge with no means of bypassing it apparent. It was midnite and black as pitch. The road for 75 miles had been terrible and we hesitated to backtrack for fear we would have to come back over it a third time. We decided to wait for traffic to pass or daybreak. We pulled the tarpaulin completely over the jeep and proceeded to get some sleep. We slept undisturbed until daylight and then backtracked 30 miles to the road that took us around the bridge. We had been told repeatedly that the Arabs would hit you over the head for the clothes on your back and kill you just for the fun of it. What we did seems quite foolhardy. Nevertheless I had a good night's sleep, with a sheath knife in my hand, and a .30 cal. carbine tucked under my elbow.

There are flowers over here that I can't describe as there is nothing like it at home. Geraniums grow like roses on bushes several feet high and a blaze of blooms. Daisies, white and yellow, abound and were at the height of their blooms when we were enroute. In the mountains they were just plowing while in the more arid lowlands some of the wheat was being harvested. We passed through groves of cork trees and saw piles of the bark awaiting shipment. I cut a bit of bark as a souvenir. It is not permitted to mail any vegetable matter unless it is waxed so I can't send you any of the blooms I would like to. One that blooms about everywhere, would be called a weed at home, has an incredibly lacy blue flower about two inches in diameter.

In the hills we saw camels used as beasts of burden. The native hovels, huddled together on hillsides look much like Pueblo Indian dwellings. We passed nomadic tribes living in the black, odd shaped tents usually associated with desert tribes. We had a flat tire, no jack and a wrench entirely unsuited to the job. I jacked the jeep up by rolling the wheel up on a pile of stones and then jamming a large stone under the axle. The headlights failed us and I fixed them by taking the current from the blackout-light circuit into the headlamps. You see many fine horses, and we saw one beautiful white one ridden by a wealthy looking Arab. He heard us coming and rode off the road into a field to keep the horse from being frightened. Despite the distance from the

Craig Writes

road the horse still reared and snorted. All the houses have heavy shutters, usually closed. The small villages where both Arabs and French live are incredible. The houses are built in long strings and open right onto the sidewalk. Through open doors you can see dirty interiors with little or no furniture. In villages large enough to warrant one, the most imposing building—fine grounds, is the "Banque de L'A—" (whatever country you are in.) It is the banker who rules here, as most everywhere. The picture "Talk of the Town" was playing in several towns we passed through, as "The Justice of Men." A group of French speaking Boy Scouts, patting me on the back and say "You ess nahvee, ho-kay!" (U. S. Navy, O. K.)

Well Darling, this letter is way over the legal limit (four pages) so I must close. If my impressions read a bit incoherently, I have conveyed the idea. In some ways this is a beautiful land. In many it is disgusting. The squalid stands side by side with magnificent. Beauty and plenty abound, but the native sticks to his filth and inconvenience. While I did enjoy seeing it, I want none of it and am ready to give it back to the ARAB. I finally understand why dirty-faced, noisy and ill-manner' children are called 'little ay-rabs.'

Banks Asks For Community Council Support on Hilltop

By Miller M. Banks

Our eyes are constantly focused upon the happenings and developments on the many war fronts of today, which is both natural and good; for we should be; by all means up to the minute and well informed of the success attained on the battle-fields. Yet — we must take into consideration that should we become too engrossed on the far away front, thus making vital slip-ups on tremendously important local activities, we are failing in a sense of the word, to protect and preserve that which is being fought for.

I am attempting in this article, to bring out the importance of a movement now on foot that will, I believe, cause the Hilltop to be an outstanding example of community harmony and organized social activity. It is our duty here on the home front to attain and retain a wholesome place in which to rear our children; a community in which your business men, professional men, and laborers may and will through organization become playmates. A community where the different schools of thought are combined, compounded and then placed into a theory most practical for the majority. This is written in reference to the Hilltop Community Council."

So if I may, permit me there to suggest that you, as a parent and as a resident of the Hilltop, evaluate carefully the intentions and the efforts of The Hilltop Community Council. I urge you to fully exercise your ability of good citizenship and attend any regular meetings that you may have the opportunity of attending. Find out for yourself about the many worthy projects now afoot to curb delinquency, improve Hilltop recreational facilities and to promote "Good Citizenship."

Kiss the boy for men as I nightly lean over 3000 miles of water and 1000 of good old USA land to kiss you. I love you Darling.

Your devoted
Don

New Beverage Jug Cuts Weight

A new type of stainless steel vacuum container has been developed for airplane use that makes possible the serving of thick soups, carbonated beverages and fruit juices at any temperature, at an altitude of 20,000 feet or over. Five of these containers will replace the present eight half-gallon and two one-gallon containers carried by many planes and save 11 pounds of weight.

"Tiny Tapeteers" To Give With The Dance - - -

Marlene Schiller, Nancy Hefner

An interesting and unusual act will be presented at the H.B.M.A. Minstrel Show, which will take place next Thursday and Friday nights at West High School, when Marlene Schiller and Nancy Kay Hefner, will present a dance for an appreciative audience.

Known as the "Tiny Tap-a-Teers," the girls have been pupils of the Keith School of Dancing for the past three years. Both youngsters are 6 years old. They take great pride in the fact that they have never in that time missed a lesson. They harbor ambitions to become a great dance team some time in the future.

Marlene is the daughter of Mr. and Mrs. Harold L. Schiller, 3102 Ellis-pk, and is in the first grade at St. Mary Magdalene School. Nancy Kay is the daughter of Mr. and Mrs. Carl Hefner, 206 N. Wayne-av. She is a first grade pupil in Highland Ave. School.

Pic 160,000 Wounded

WASHINGTON — Ambulance planes of the U. S. Troop Carrier Command between D-day and the middle of January flew more than 160,000 wounded allied soldiers from the continent to England without loss of a patient.

Seaman in mess hall: "Must I eat this egg?"

Mess cook: "Yer durn right!"

Seaman: "The beak and feathers and?"

Conscience is what makes a girl tell her mother something she knows darn well she's going to find out.

"Madam, we shall hold you till your husband ransoms you."

"Oh dear, I wish I'd treated John a little better."

"Hooray!" yelled the rabbit as he came running out of the brush-fire, "I've been deferred!"

"That will be enough out of you," said the milkmaid as she moved to another cow.

Our language is called the mother tongue because the old man seldom gets a chance to use it.

Joan and Sandy 'Got Rhythm'

Joan Lytle

Sandy Mahoney

Adding a touch of rhythm by footwork in this year's Minstrel will be Joan Lytle and Sandy Mahoney, when they go into their wing and bucks to the strains of "I Got Rhythm."

Both Joan, 8, and Sandy, 9, have been dancing together for the past four years, during which time they have been pupils of the Keith School of Dancing. They have performed in various entertainment units, including the "Bond-act-teer" program of the Sixth War Loan, USO engagements, and more recently entertained the Pythian Sisters, Capitol City Chapter Railroad Engineers, in addition to the Ranco Christmas party at the Chittenden Hotel.

In last year's Minstrel they did an Irish tap number which met with approval from the overflow audience. Joan is the daughter of Mr. and Mrs. Joseph Lytle, 16 Whitethorne-av, and Sandy answers "yes mom and pop" to Mr. and Mrs. F. E. Mahoney, 2735 Ridge-av.

"Doc" Campbell Is Busy Man As HBMA Secretary

C. H. "Doc" Campbell

"I'm just the secretary of the organization", is always the stock answer of most all people in such a capacity. But in any organization this job means more work than any of the other offices or committees.

C. H. "Doc" Campbell, popular secretary of the Hilltop Business Men's Association, is no exception when it comes to explaining the work that he does in the organization.

Proprietor of Campbell's Pharmacy, 2766 W. Broad-st, "Doc" makes a business of secretarying organizations. He is also secretary of the Central Ohio Academy of Pharmacy, of which Joe Goodwin of Goodwin's Pharmacy, and Woody Clark of Westgate Pharmacy, are president and vice-president respectively. Another secretary job that "Doc" holds is with the Servall Druggists Alliance.

In addition to all-round handyman at his place of business, Campbell has somehow found time to sing with the Hilltop Male Chorus, and that has been taking up his Monday nights for the last six weeks.

"Will He Ask Me Why"

I'll tell you why I write rhyme and reason
Explain my rambling pen,
I like to keep busy in the idle season
Try to entertain sad women and men.
And there comes a time in every known clime
When one by one able-bodied men
Must leave the trail to the hearty and hale,
There's another reason why I use the pen.

I write rhyme and reason to improve my mind
Empty indeed is my earthly estate,
And whether or not I'm groping around blind
I must leave to the mandate of fate.
Teachings sublime deplores squandered time
Lethargy causes talents to die,
If I attain no success with the few I possess
I venture the Lord won't ask me why?

They Aren't Waiting for Their Laundry

Patience—since Pearl Harbor we've discovered there can be tides even in the affairs of America where it has to be recultivated. Rubber cannot be two places at once. So while the war lasts our delivery must be curtailed. Okeh! Gas will be rationed until the day of Victory. Okeh on that too. Freedom is what America is fighting for beyond the bend of all horizons. Close at home we make all necessary adjustments, though we have to have the patience of a snail. You with us, and we with our sources of supply.

We are putting heart, soul, training and equipment into our work . . . from work clothes to priceless linens . . . while we patiently await the day when we can all buckle down again to the pursuits of peace.

End Man and Daughter in Sand Dance

George and Jackie Hardy

End man George Hardy and daughter, Jackie, of 94 Wisconsin-av, are shown as they go into their "sand dance" as one of next Thursday and Friday's Minstrel acts.

George, who cavorted with the blackface routine last year, will also warble a song in addition to his gag session with Interlocutor Leo Phillips.

Heard at the beach: GI Joe: "I don't believe I approve of these one-piece bathing suits."

She: "Oh, I think a person should wear something.

Veteran End Man

Billy Southworth

Back in black-face again will be Billy Southworth who, along with brother Marvin, Dick Becker and George Hardy, will tickle the ribs of the audience.

Billy is scheduled to sing the popular "Accentuate the Positive," with the Southern accent accentuated.

ROOFS ARE LINED

Roofs of the United Seamen's Service clubs at Aden, Arabia, on the Gulf of Aden, are lined with straw matting to minimize the terrific heat of that region. This club and one at Colombia, Ceylon, India, are two of the most recent ones established by United Seamen's Service.

Minstrel Co-Directors

H. G. Deems

L. E. Saunders

Back again in the same role are Herbert G. Deems, 33 N. Westmoor-av, and L. E. Saunders, 52 Binns-blvd, who were named by President Roberts as co-directors of the show.

They are assisting Director Lee Koontz in putting together and staging the show, as well as providing advice on the policies of previous shows.

Deems is secretary of the First Federal Savings & Loan Ass'n, while Saunders is a partner of the Shank & Saunders Realty & Insurance Agency.

He ran around all day trying to get something for his wife . . . but he had no offers.

Pedestrians Beware Says Safety Council In Fatality Report

"Pedestrians Beware" is the warning given by the Safety Council of the Columbus Chamber of Commerce, as they release the information that all six deaths resulting from traffic accidents as of March 10th have been of the "walkie" type.

People who travel the streets and highways on foot have always been a dominent factor in the national traffic death toll. In Columbus the record shows that of the 710 persons killed in traffic accidents from January 1, 1933 until March 10th, 1945, 457 or 64½%, have been pedestrians.

The responsibility for preventing this type of accident is twofold, with the burden resting on the shoulders of the motorist—the driver of the vehicle. Pedestrians to a large extent have their welfare in their own hands if they will observe the basic rules of safety—crossing streets only at intersections, observing traffic signals, wearing something white after dark and facing traffic when obliged to walk on the traveled roadway without benefit of sidewalks. However, in the last analysis, the motorist, in a great majority of cases, can overcome the carelessness of a pedestrian by exercising special care and caution himself.

That pedestrians acts are unpredictable is a well-known fact. They suddenly appear out of nowhere and when least expected, but if motor vehicle operators will recognize this fact and govern their actions accordingly, they can make a definite contribution to a solution of the traffic safety problem.

Walk and drive safely is a slogan, which, if taken seriously by both motorists and pedestrians, can be the means of saving many lives, decreasing non-fatal injuries and prevent a tremendous economic loss.

SNAKES IN THE HOUSE

The House of Rose on Haldy-Way was in quite a turmoil recently when Dee, oldest son of the West High coach, brought home a captive snake and placed it on the kitchen sink in a jar. Young brother Jerry thought the snake should have more freedom and helped it to escape, which started a merry-go round by poppa and momma.

They searched upstairs and down, even cleaning out the basement, all to no avail. Then they had out-of-town guests who were enjoying their visit until the snake became the topic of conversation, then they promptly left.

Then they caught the refrigerator on fire while searching under it with a match. Finally, three days later Dale went down to fire the furnace early one morning and found the harmless little fellow sound asleep on a table in the recreation room, and right there ended the short life of a snake at the Rose residence.

Dale says they were afraid to go to bed at night for fear the snake would be there, and were afraid to get up in the morning for the same reason.

RETURN VISITS

It seems that the first thing West High graduates in the service want to do when they get home is visit the old alma mamma, for they all make a very early visit. Most om them, when asked when they got home will say, "Late last night" or "Eearly this morning."

Pvt Virgil Crawford of the U. S. Marine Corps made a visit this week after finishing boot training at Parris Island, S. C. There he met Pvt. Jack Moore who recently joined the leathernecks.

Capt. Dick Colburn, B-24 bombardier in the European theatre, is home for 45 days. Dick was a sports star at West a few years back. Another alumna on the scene is Pfc. Curtis Chase. Army B-17 tail-gunner, who is on a delay en-route to Lincoln, Nebraska, for advanced flight training.

COSTLY HOBBY

Mrs C. W. Vance of 3023 Palmetto-av, has a very interesting hobby around Easter time of artistically decorating eggs so that they resemble various well-known characters of fiction . . . and she has really reached a point of perfection, too.

This little hobby led to near tragedy last Friday night as Mrs. Vance was returning from west of town with a new supply of eggs and was blinded by headlights, running head-on into a telegraph pole just west of the city limits on Broad-st. The pole was snapped, the car was damaged to the tune of some $700 and Mrs. Vance adjourned in the hospital for a week.

We are kinda anxious to see if the Vance mantle is decorated with life like eggs this time next year

HERE AND THERE

Jack Mitchell, 289 S. Westgate-av, an engineer at Robinson-Houchin Optical Co., is the father of a baby girl born this week

Russell H. Shields, AMM2 c, has returned to his base at Miami, Fla., after a 14-day stay with his family at 744 S. Richardson-av. He is stationed with a NAT squadron at Dinner Key Base.

Air Cadet Warren E. Keefer, wife and daughter of Boca Raton, Fla., are visiting here on a two-week furlough visiting with Mr. and Mrs. W. B. Keefer at 86 N. Burgess-av.

V-DAY NEAR

Indications that the Hilltop was preparing itself for the long awaited V-Day announcement came this week as things moved along pretty well on the European battle front.

Churches and business places have long ago made plans for conducting services and closing stores when the good word comes. However, refresher notices are being sent out by all oranizrtions

SENT TO WORKHOUSE

Gilbert Bogenrife, 35, of 1948 Sullivant-av, pleaded guilty to a charge of promoting a scheme of chance and was sentenced to five days in the Workhouse and fined $100 and costs.

Triangular Track Meet At West Today

A triangular track meet is scheduled to be run at West Athletic Field at 3:45 this afternoon. The first meet of the season for the West field men, it will also include representatives of Bexley and Delaware Wills.

Coach Rufus Glass announced that place ribbons would be awarded to the first four men in each event. Included in the meet will be 14 track and field events. No admission will be charged to the public.

Coach Glass stated that West's strong points would be in the distance runs and relays, with shot-putters, pole-vaulters and hurdlers slightly on the weak side.

Austin Hutt, state champion cross-country last fall, will lead the distance men, with Daryl Hall and Bradley Richardson providing support. Fred Harper, sophomore golden gloves boxer, is also showing promise in this department. Capt. Dick Carey, Hutt's running mate, is on the injured list, but is working out with the team now.

Bill Smith and Bruno Masdea are expected to carry the brunt of the dashes. All in all the West squad seems to be in for a busy afternoon. Next Wednesday they travel to East, with Linden McKinley showing here next Friday.

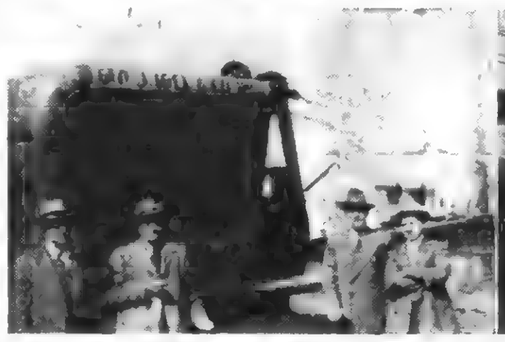
Hilltop Council Plans Activities

The Hilltop Community Council's new elected executive committee is planning a progressive series of activities for the youth of the Hilltop for the coming year.

The committee, headed by Charles P. Maus and Mrs. Geo. Skipper, state that its future programs will entail the creation of better recreational facilities for our youth; attempt to develop a courageous community spirit through our schools, churches, business and industry, and in the homes; to foster community activities that will create neighborliness and civic pride.

To carry out this extensive program, committees are being appointed and will be announced shortly.

At present there are about 12 civic organizations enlisted in the Community Council, pledged to carry on this work. Invitations are again being extended to all fraternal, school, church and business organizations to join.



The next meeting of the Council will be held Tuesday, April 17, at the Glenwood Shelter House, Glenwood Park.

Dick Briggs Has Part In Recital

Dick Briggs, son of Mr. and Mrs. Joseph Briggs, 34 Algonquin-av, and pupil of Mary Catherine Goetz, pianist and member of the faculty of Capitol College of Oratory and Music, will take part in the nine hundred and ninety-fourth recital of the college to be held at Summers Music Mart, 114 E. Broad-st, on Sunday afternoon at four o'clock.

The public is invited to attend.

Dirt Flies as Westgate Building Begins!

With recent surveying of lots and extensive excavation in Westgate, the Hilltop had a promise of a much-needed building program this week.

Alfred E. Tonti, local builder of 3336 Wicklow-rd, has announced plans to build a number of six-room houses, which will range from $6000 to $8000 in price, to be erected as materials and labor become available.

Plans now call for Tonti to build the houses, estimated at 50 in the next year's period of time, with the Shank & Saunders Realty Co., 2459 W. Broad-st, and the B. H. McConnell Real Estate office, 2020 Sullivant-av, to handle disposition of the new houses.

It was emphasized that the houses would not be restricted to cash sales but could be obtained by trading other homes.

Tonti says that he has priorities and local approvals for the building program, and will progress as fast as materials and labor can be obtained. Anyone having vacant lots for sale are urged to contact either of the two realty agencies.

Shown at left in the above photograph are B. H. McConnell, Jack Shank, L. E. Saunders and Al Tonti at the scene of excavation by the Geo. J. Igel Co. on Wicklow-rd. A scene of immediate plans for disposal is shown at right as the dirt begins to pile up.

Leo Phillips is responsible for keeping the show moving in his capacity as interlocutor. The singing of the Hilltop Male Chorus, directed this year by W Hayden Jones after an absence of several years, is expected to be one of the high spots of the show together with the tuneful rythms of MacTooills orchestra.

Four experienced end men will do the black-faced roles. They are Dick Becker, George Hardy, Billy and Marvin Southworth.

Cowboys To Play Linden Tuesday

West High's baseball squad will tangle with Linden - McKinley here Wednesday evening, in their second regularly scheduled game of the season.

After their initial win over Grandview 17-8, the Cowboys are rounding into shape as a pretty well balanced club, specializing in timely hitting and speedy base-running. Jack Buckingham and Al McFarland are leading the team in hitting after coming through the Grandview fray with a 1.000 average.

The probable starting line-up for Tuesday is: Dienst, 3b, Buckingham, lf; Parkey, c; Slager, ss; Thursh, 1b; Goldenbagen, cf; Fulton, 2b, Phelps, p.

Is Canning Time Here Again?

Although few housewives are thinking about canning at this early date in the summer, an announcement from the local ration board this week emphasized the need for early application for canning sugar in order to get the early fruit.

It was announced by Theodore F. Webb, board chairman, that sugar applications would be thoroughly scanned by board members this year and a limit of 20 pounds per person of 160 pounds per family would be strictly adhered to. There was an over issuance throughout the country last year of 300,000 tons, which cannot be repeated with the existing supply.

Instructions for applying were: procure blanks at the board, Sandusky and Broad-st, attach spare stamp 13 from Ration Book Four to the completed form and return it to the board for action. It was stated that the allowance would be returned by mail.

Two applications may be made by each family at any time between now and Oct. 31. It was suggested that the amount needed for early canning be applied for now, with all needs requested at a later date.

Buddies Meet In Paris

Pvt. McVay

Mrs. Ray F. McVay, 4105 Aldine-rd, received a letter from her son, Pvt. Ray F. McVay, who is serving in France

Pvt McVay received a pass to go to Paris and one day as he was standing in front of the Red Cross headquarters, talking to one of his buddies, someone tapped him around. It was Cpl John Naddy, a boy that "Bud" had gone through school with and they graduated from West High together.

John said, "I didn't see Bud, but I recognized his voice." They spent a nice evening together and hope very soon, they can see one another again.

Pvt. McVay, while overseas, has had several conversations with Lt Vernon Fiscus, 616 S. Terrace-av, who is a friend of the McVay family for many years; Larry White, a fellow employee at the Ohio Fuel Gas Co., and M Sgt William Wagner, another close friend.

Record Curch Attendance On Hilltop Easter Sunday

11,611 Persons Reported In 22 Local Churches In Morning Services

Sunny skies were in evidence as Easter Sunday 1945 arrived on the Hilltop and worshippers flocked in unprecedented numbers to the more than a score of churches in the community. A survey conducted by the Hilltop Record this week reveals that 11,611 persons attended morning worship services in 22 churches in the Hilltop area in what is believed to have been the largest attendance ever recorded.

Figures on some of the churches were not available as this summary was being written but almost every pastor reported the same story: "Our building was taxed to its utmost seating capacity."

In spite of intermittent April showers in the late afternoon 2719 additional persons attended services in the evening with only part of the churches conducting Easter services. Sunday schools throughout the community likewise reported record attendance.

New Buildings Planned

Unusually large crowds in several of the churches served to emphasize the need for additional space in many of them. Already a half dozen churches are planning new buildings or expansion programs as soon as the war is over. Several were ready to build about the time the war began but are now forced to wait because of priorities on material and manpower.

Large numbers of new members were taken in at several of the churches and scores of baptisms were reported Sunday morning and evening.

The following is a list of churches and the morning attendance as reported to the Hilltop Record:

Mr and Mrs. Austin A. Simmons, 243 S. Warren-av, received a letter from their son, Capt John J. Simmons, 12th Marines of the 3rd Marine Division, who is now on Iwo Jima

March 2, 1945

Dearest Parents:

As you have probably read, this is a pretty rough campaign. The Japs are all underground. They are living in huge caves. We captured one yesterday that was large enough for two thousand men. Of course, they have pill boxes, antitank guns, rifle pits, tank traps, booby traps, land mines, barbed wire and everything that goes with present day warfare. Their artillery is much better than ever before. They are also using 1000 lb rockets against us.

As you can probably guess, I have been plenty busy the last few days. For a while the Japs shelled us a lot and we spent most of the time in holes. However, we are gradually knocking out their artillery and rocket launchers. One good thing, their planes haven't bombed us much.

This island is a very dirty place. It is all volcanic ash and rock. The dust is terrible. We have a shortage of water as far as washing is concerned. I have

Miss Ashley and Sgt. G. Werner Exchange Vows Palm Sunday

Palms and soft light of candles formed a lovely background for the wedding Palm Sunday of Miss Winifred A Ashley, daughter of Mr. and Mrs. Rubin A. Ashley, 1170 E. Hudson-st, to Sgt. George J Werner, son of Mr. and Mrs George J Werner, Sr., 1[illegible] N. Central-av.

The double ring ceremony was performed by the Rev. Mills, at the Avondale U. B. Church. Due to the serious illness of her father, who was injured March 2 while working at the Jeffry Mfg. Co., the bride was given in marriage by Mr. Samuel Shannon.

A gown of traditional white satin, with a fitted bodice and sweetheart neckline was the choice of the bride for her wedding. A fingertip veil of illusion trimmed in orange blossoms formed a halo about the face. She carried a bouquet of white sweet peas and white roses.

"... And Take It THREE TIMES DAILY"

Common sense tells you that medicine, to be of value and benefit to you, must be taken—and taken exactly as directed. The doctor has excellent reasons for giving the specific directions that appear on the prescription label. Read them carefully: follow them precisely. If they state — "One teaspoon three times daily" don't think that THREE TEASPOONS ONCE DAILY will have the same reaction. As a matter of safety, always read the label on any medicine bottle as a precaution against taking the wrong preparation.

THE CATHARTIC HABIT

★ Too many people are influenced by stories concerning "intestinal cleanliness" or "stimulating the flow of bile." Many cases of simple constipation do not require a laxative at all, but only a minor change in diet and habit.

The habitual use of cathartics is dangerous. Such misuse is often followed by chronic ill health. Strong laxatives are particularly dangerous when taken to relieve abdominal distress. The source of the pain should always be accurately determined by your physician. The safe procedure is to consult him. If a laxative is needed, he will prescribe a safe preparation with proper instructions for dosage. Then bring your prescription to us for expert compounding.

A beaten Germany in Europe doesn't radically change the picture in the Pacific. The fight must go on there . . . harder than ever. With her back to the wall, Japan will battle with all the ferocity of the cornered animal. American boys still must die before our flag flies over Tokyo.

ARE YOU DOING YOUR PART FOR VICTORY?

If there's any doubt in your mind, take a job now at Curtiss-Wright. Help build Helldiver dive bombers. More men and women are urgently needed for this most vital work. Take pride in the final victory that brings all the boys home for good.

A few weeks at the Training School at the plant (with pay) will fit you for a job on the assembly line. You're still right when you take a job at Curtiss-Wright!

Arrives In England

A U. S. Strategic Air Force Station in England— 2nd Lt. David William Jenkins, the son of Mr. and Mrs. D. D. Jenkins, of 3009 Crescent-dr, recently arrived in this war theatre of operations and received a brief orientation course at this station designed to help him adjust himself to life in a combat zone.

Lt. Jenkins will soon transfer to his permanent station from which America's fighting planes cover our advance into Germany.

Prior to entering the Army Air Forces, he was a student at Ohio State University.

FINDS LARGE BEET

A beet that has remained in the ground all winter was reported by Jo-Ann Bergman, 12, a 7B pupil at John Burroughs School, as measuring five inches across. It was one of several large beets found when she was clearing off last year's garden for spring plowing.

With such a record it is needless to say that Jo-Ann will go in for gardening in a big way this season. She lives at 318 S. Wayne-av.

Clothing Collection To Be On April 22

Franklin County's quota in the clothing collection for the United Nations to relieve suffering in countries liberated by the Allied Armies is 1,500,000 pounds and Sunday, April 22, has been set for the one-day county-wide collection, Chairman William E. Ellis announced today.

In announcing plans for the collection, Chairman Ellis said that headquarters will be located at 17 S. 4th-st, with vice-chairman William Young in charge. Both emphasized the necessity of holding clothing to be donated during the drive until the pick-up date.

"What Can You Spare That They Can Wear?" is the slogan of the campaign, which is expected to net 150,000,000 pounds of serviceable used clothing throughout the United States. Supporting the United Nations Relief and Rehabilitation Administration in this nation-wide effort are more than 50 of the voluntary war relief agencies.

Chairman Ellis stressed the need for good, substantial used clothing, for both winter and summer wear. Although clothing need not be in perfect repair, it must be useful to the people who will receive it. Underclothing and all types of cotton garments should be laundered before they are donated but they need not be ironed.

Coming under the "urgent" heading are infants' garments, men's and boys' coats, suits, work clothes, caps and gloves; women's and girls' coats, dresses and sweaters; shoes for men, women and children, and bedding of all types.

Carroll Gets Medal For Heroism

Edward S. Carroll Jr., S1/c, son of Mr. and Mrs. E. S. Carroll, 381 S. Ogden-av, has been awarded the Navy and Marine Corps Medal for heroism. The citation was given as a result of his part in rescuing survivors of another ship in his task force.

According to reports, Carroll dove overboard and helped bring survivors to his own ship. He was serving with the USS Irvin. Before entering the service he worked for the Army Engineers.

Local Soldier Aids In Aircraft Work

An Air Service Command Depot, England—Cpl. Richard L. Gilger of 576 S. Roys-av, son of Mr. and Mrs. Adam H. Gilger, of 576 S. Roys-av, is serving in a modification hangar at this Air Service Command depot in England, where he and his fellow soldiers set an all-time record in 1944 by sending into action more than 7,500 front-line aircraft.

Commending their battle-backing efforts, Brigadier General Morris Berman of San Antonio declared: "Working for months without days off before D-Day; stepping up their output to meet the demands of airborne operations in Holland; sweating night and day to get planes into the air for every raid over Germany, these men have outdone themselves in the thankless job of backing the 1944 aerial offensive against Germany."

Each one of the planes he helped send into action represents scores of completed modifications, and he's worked on virtually every type of combat aircraft that flies in this theater of operations.

A soldier since June 18, 1943, he has been overseas for 17 months. He was formerly employed by Curtiss-Wright, and graduated from West High School.

RECEIVES NAVAL INDOCTRINATION

Carl Hubert Norton, 23, husband of Betty Jane Norton, 44 Maple Drive, Hilltop Station, and son of Mr. and Mrs. Owen R. Norton, is receiving his initial Naval indoctrination at the U. S. Naval Training Center, Great Lakes, Illinois.

His recruit training consists of instruction in seamanship, military drill and general Naval Procedure. During this period a series of aptitude tests will be taken by the recruit to determine whether he will be assigned to a Naval Service School, to a shore station or to immediate duty at sea.

THREE YEARS OVER—TEN DAYS BACK

Col. R. V. McKinney was back home at 274 Powhatan-av this week after an even three years of service in the European Theatre of War. He was met at Port Columbus, where he arrived Monday afternoon on a TWA plane from Washington, by his wife and two children, Ralph, 12, and Joan, 9.

The colonel said Wednesday "I'm just taking it easy after making those trips to the ration board, which are necessary for a civilian existence. Now I'm just sitting around and talking with friends as they drop in."

Col. McKinney, who is now stationed with the European Theatre of Operations Headquarters in Paris, was sent to Washington on a special mission. This carried with it a ten-day leave and travel time for a homeward trip. He made a tour of inspection of the front line in Luxumbourg during the German break-through and wrote a very interesting description of the territory to his wife, which was published in The Record.

Entering the Army as a major in Dec. 1940 Col. McKinney was promoted to Lt. Col. soon after going overseas in 1942 and recently was made a full colonel. He has been in Paris for the past six months.

"Paris is a great town, but I'm certainly looking forward to getting back to the Hilltop for good," said the 47-year-old McKinney . . . but the latter part of next week will see the colonel headed back for France to be in on the finish of Nazi Germany.

HERE AND THERE

A woman in the audience of last week's minstrel got quite a scare when she happened to glance over her shoulder and see a chicken staring her in the face, then more of a start when she heard Lee Koontz come yelling after Billy Southworth as he headed for the stage under full steam.

J. C. Williams and wife, of 178 N. Harris-av, have moved back home to Hethridge, Tenn. Yep, the house is rented . . .

Bert Curran, 36 S. Oakley-av, left for Camp Atterbury, Ind., Wednesday, and Renick Parkey, West's all-around athlete, started his naval service on the same day . . . .

Ada Davidson, WAVE, will soon be on her way to Honolulu, where she will be assigned to the Pearl Harbor Naval Yard . . .

CANNING SUGAR—WHEN?

In last week's Record the contents of an OPA release was carried to the effect that applications for canning sugar would be accepted from now until Oct. 31. It was stated that a limit of two applications per family could be made.

Now comes word from Clyde McBee, Columbus district food rationing specialist, who says: "Sugar will be released for canning rhubarb, pineapple and strawberries April 16. More sugar will be released for canning peaches, apples and other fruits that ripen in the middle of summer the first of July. Still more will be available in the autumn."

Come on, Charlie, let's get the ball game started. We've got kind of a sour taste in the mouth after all this . . .

NEWS FROM ENGLAND

A letter came here this week from our former employee, S/Sgt. Chet Rinehart now somewhere in England.

Chet writes, he has gone to London quite often and taken in several movies. "The first week I saw, "Panama Hattie" and it was pretty good.

Jim Ellinger is at Pearl Harbor, and Bill Hanby finally got home and is stationed at the Navy Ship Yard in Washington D. C. My brother, Ralph, is still here in England. I go see him about once every three months. Bob, my other brother, is in Belgium or Germany and Larry, the older one is in the Navy Hospital, Calif., in training."

Humphreys Wins Curtiss Award

Roy Humphreys, 2105½ W. Broad-st, has designed a new type of perforating die which has won for him an Award of Individual Production Merit from the Labor-management War Production Drive committee of the Columbus Curtiss-Wright plant, where he is employed.

Humphreys and LeRoy J. Reisch, 396 Stewart-av, collaborated in designing the die, which saves man hours in building Curtiss Helldiver dive bombers, and greatly decreases the number of parts which must be scrapped because of imperfections. He is in the fabricating department at Curtiss-Wright.

HBMA Plans Spring Dance

The annual Spring Dance was tentatively scheduled for Thursday, May 3, at Tuesday's meeting of the Hilltop Business Men's Association. Edgar G. Planck has been named chairman of arrangements for the gala affair, which will probably be held at the Beechwold, scene of last year's dance. Al Baumbusch is scheduled to supply the music

After Frank Ongaro had entertained the men and their wives with accordion dinner music, Dr. Bland L. Stradley, vice-president of Ohio State University, supplied the principal address of the evening with a "straight from the shoulder" talk on life and its problems with emphasis on the training of young poeple.

Featured in the following business meeting was a heated discussion on the site of the proposed sewer which will connect the General Motors plant with the city sewer system. County Commissioner George Matson, after attempting to explain the reason for the planned Sullivant-av route of the sewer instead of a preferred northern route to Broad and then out west, invited a committee to appear in the commissioners' office for further discussion.

Booster prizes were supplied by Seiller's, Shank & Saunders, Schwan, Bros. Garage Wylie Schroyer and E. L. Skipper.

Dog Quarantine Continued 90 Days

Hilltop dog owners were warned this week that the county-wide dog quarantine has been extended for another 90 days beginning April 25. Dr. Nelson Dysart, city health commissioner announced that the danger of rabies has not yet subsided and that only cooperation with the quarantine can wipe it out entirely.

With children out of doors more the following safety rules were suggested:

1. Don't play with, or pet strange dogs.
2. Teach your children that strange dogs may be dangerous.
3. Keep your own dog confined when you are not with him and keep him close at hand when you are out with him.
4. Never tease a dog and do not permite your children to do so.
5. Report any strange or homeless dogs to the Humane Society, GA. 2851.
6. Report immediately every dog bite to the City Health Department or police station. If your dog's disposition changes, be suspicious of rabies. If his voice becomes hoarse or he has a lower jay paralysis, have a veterinarian examine him.
7. During the dog quarantine all dogs must be on leashes when outside their own premises.

Former Jap Prisoners Arrive On Hilltop

—Courtesy Columbus Citizen

Mr. and Mrs. Howard Schlereth and childen as they were met by Mr. Schlereth's parents upon their arrival in Columbus from the Philippines.

The Schlereths are home again at last. Held prisoner by the Japs at Santa Tomas Internment Camp for three years, Mr. and Mrs. Howard Schlereth and their two children, Hewitt, 9 years old and Linda, 5, arrived in Columbus Saturday night. They were the first civilian internees to reach here since the 37th Division helped liberate Manila.

When they stopped from the train they were greeted by Mr. Schlereth's parents, Mr. and Mrs. Andrew J. Schlereth, 247 S. Terrace-av, who had waited almost two hours. It was the first time little Linda had ever seen her grandparents.

The Schlereths have gained considerable weight since their liberation and look fine, compared with the way they looked in their first pictures.

The Schlereths planned to leave Manila, where Mr. Schlereth was manager for the Standard Oil Co., on Dec. 5, 1941, for a six months' leave. The boat was delayed and then came the invasion of the Philippines by the Japs. Taken prisoner, the next three years took their toll in hardship and hunger from the little family. Small Linda, a chubby dimpled baby, grew thin and gaunt. She is just now getting to look like a small girl should.

Mrs. Schlereth's parents are Mr. and Mrs. Guy S. Hewitt, 203 W. Kenworth-rd. A surprise awaited the group there for all the Christmas presents that had been planned for the homecoming in 1941 were very much in evidence and all the more enjoyed for the long delay.

The Schlereths are making few plans for the future, beyond resting and eating, trying to gain back the weight the starvation diet of the Japs cost them. It will be a long time before they forget Santa Tomas.

Radio Entertainers Featured Tonight

The permanent memorial committee of Camp Chase Post No. 98, American Legion is sponsoring a show and dance at Memorial Hall tonight starting at 8:30 o'clock. Proceeds from the affair will be deposited in the account now accumulating for the erection of a Memorial Hall on the Hilltop when the war is over. There is no connection between the local project and a downtown Memorial Hall to be built for the benefit of the city as a whole.

Tonight's dance features the appearance of Hank and Bob Newman, radio and screen performers, together with a new popular dance band and their Tiptop Rangers. Lee Koontz, director of this year's Hilltop Minstrel, will appear with the band.

The campaign to raise money for the local hall got under way more than a year ago. At present almost $12000 is deposited in a local bank as a starter for the project. A site for the building has been purchased on West Broad Street just east of Westgate Avenue. The size of the building will depend on the amount of money available to complete the memorial hall.

Members of the committee emphasized the fact that time and means of travel prevent solicitation of every person in the community but that contributions are being accepted regularly. A goal of $10 for every service man and woman from the Hilltop has been set up. At present approximately $3 per service man has been contributed.

HILLTOP PARATROOPER WEDS SOUTH-END GIRL ON EASTER SUNDAY

Spring flowers formed an interesting background for the wedding of Miss Virginia A. McKinney, daughter of Mr. and Mrs. Jonathan B. McKinney, 1627 S. Third-st, to Cpl. Donald A. Mumma, paratrooper, son of Mr. and Mrs. Albert W. Mumma, 212 N. Wayne-av.

The bride was lovely in a white street length dress of white, trimmed with bands of shell pink and powder blue, with powder blue accessories. She wore a shoulder corsage of pink roses. For something old and borrowed she wore her grandmother's wedding ring.

Mrs. William Beatty attended the bride as matron of honor. She was attired in a two piece frock of aqua and her flowers were sweet peas and snapdragons, worn as a shoulder corsage.

The brother of the bride, Mr. Richard McKinney, served as best man.

Following the ceremony, a reception was held for members and friends of the immediate families.

The bride is a graduate of South High School and is employed as supervisor at the Army Service Forces. Cpl. Mumma graduated from West High School. He served sixteen months in the Army at Panama and was sent to the European th atre of war in April, 1944, where he was wounded Dec. 29 in the Belgium break-through. He expected to report to Camp Pickett, Va., Thursday for further orders.

Cpl. and Mrs. Mumma left after the reception for a wedding trip to Vincennes, Ind., where they were the guests of the bride's sister, and brother-in-law, Staff Sgt. and Mrs. Arthur W. Shuter.

★ With the passing of each year, a great number of facts are added to man's increasing store of knowledge. Not over seventy-five years ago a man of superior intelligence could possess a working knowledge of all of science. Now, however, the realm of the known is so vast that it is necessary for men to specialize in order to master one small but deep corner of scientific knowledge.

Thus we have the physician, who diagnoses disease and prescribes medication and treatment. The pharmacist compounds and dispenses. Both the physician and the pharmacist benefit greatly from the researches of the biologist, the chemist, the physiologist, and the physicist, to name but a few. Through the teamwork of the allied sciences, increasingly better medical service for all is assured.

Do you know the Jap army today is greater in manpower than at the time of Pearl Harbor? Millions of these tough babies must be dug out and annihilated before Old Glory flies over Tokyo and our boys come marching home.

But you can do something to give us a tighter grip on the Nip, to speed up his downfall. You—man or woman—can take a job at once at Curtiss-Wright, build the Helldiver dive bombers so urgently needed by U. S. naval fliers. No matter what your skill, a place is waiting for you. The Training School at the plant fits even the least experienced for the production line after only a few weeks.

Food is a Weapon of War—

DON'T WASTE IT

WASTE IS TREASON

A steady supply of food is vital to our fighting forces and to those of our allies. Waste of it is sabotage on the food front! No loyal American should be guilty of such treason.

Sound nutrition and thriftness are especially important now — when you must keep well not only for yourself but also for your country's sake. When you must save not only for your future but also for your country's future. Let our variety of foods and our reasonable prices help you do both.

IS IT PROTECTED?

On your shoulders rests the responsibility of providing the income which takes care of food, shelter, clothing, and all the other things necessary to the life and happiness of yourself and your family.
What would happen if sickness or accident not only added to these expenses but meant a stoppage of income as well?
Your income IS vital! Protect it—and all it means—with one of Farm Bureau's distinctive Accident and Health insurance contracts.

400 Trucks To Canvass City For Old Clothing

Approximately 400 trucks will canvass the City of Columbus on Sunday morning, April 22, to gather good used garments contributed by local residents to the United National Clothing Collection for the relief of destitute millions in war-ravaged Europe.

Local Chairman William E. Ellis, is announcing plans for the one-day pick-up, said he is confident this community will meet its quota of $1,600,000 pounds, which averages five pounds per person. National goal for the drive is 150,000,000 pounds of clothing.

The need is for substantial used garments for both winter and summer wear; while they need not be in perfect repair, they must be useful to those who will receive them.

National headquarters reports it is preferable not to have the clothing dry-cleaned, as materials have a tendency to deteriorate if quantity cleaning is done. It is urged, however, that underclothing and all types of cotton garments be washed before they are donated, but they need not be ironed.

There are only a few items of clothing which are not acceptable, Mr. Ellis said. These include evening dresses, tuxedos, dress suits, women's hats, dress hats, derbys, shoes with high heels, open toes or backs, evening slippers and novelty types of shoes.

Heading the list of articles needed urgently are infants' garments of all types, blankets, afghans, sheets, pillow cases and quilts if in serviceable condition, and cut or uncut materials one yard or more in length.

Glenwood Players Guild To Give Comedy Next Friday

Produced by special arrangement with Samuel French, "The Mad March Heirs" is a hilarious comedy portraying the unpredictable events of a crazy family waiting to inherit the fortune of Grandfather March, played by E. H. Gildersleeve.

The heirs are Marie Earle, Marie Gildersleeve, Marion Bahanan, Tom Bahanan and Ethel Galloway. Others in the cast are Fern Johnson, Emerson Harlow, Howard Moon, Ann Remington, Charles Lafferty, Betty Moon, Rolfe Augustine, Robert Kimes, Patty Bohanan, Ned Moore.

Any man between the ages of 18 and 36 is eligible to join this interesting and patriotic service. Training periods are from 7:30 to 9:30 p. m. each Wednesday and for one week during the summer at Camp Light in southern Ohio. All uniforms and equipment are furnished.

Company "E" has an enlisted men's organization, the E28 Club, which sponsors stag parties, dinner dances, etc., and are eagerly looking forward to the summer season. An indoor target range has recently been completed at the Armory by the company and they are planning on issuing medals medals for marksmanship.

All areas of the city are well represented in the personnel of the company. The company commander is Lt. Ralph Reifenstah of 3078 Sunset, dar former member of the Arm Air Forces.

A directory giving information on 15 summer camps for Columbus and Franklin County boys and girls will be ready for distribution in the near future. Most of the camps listed are partially supported through the Community War Chest.

YOUR INCOME IS VITAL
IS IT PROTECTED?

On your shoulders rests the responsibility of providing the income which takes care of food, shelter, clothing, and all the other things necessary to the life and happiness of yourself and your family.
What would happen if sickness or accident not only added to these expenses but meant a stoppage of income as well?
Your income IS vital! Protect it—and all it means—with one of Farm Bureau's distinctive Accident and Health insurance contracts.

400 Trucks To Canvass City For Old Clothing

Approximately 400 trucks will canvass the City of Columbus on Sunday morning, April 22, to gather good used garments contributed by local residents to the United National Clothing Collection for the relief of destitute millions in war-ravaged Europe.

Local Chairman William E. Ellis, is announcing plans for the one-day pick-up, said he is confident this community will meet its quota of $1,600,000 pounds, which averages five pounds per person. National goal for the drive is 150,000,000 pounds of clothing.

The need is for substantial used garments for both winter and summer wear; while they need not be in perfect repair, they must be useful to those who will receive them.

National headquarters reports it is preferable not to have the clothing dry-cleaned, as materials have a tendency to deteriorate if quantity cleaning is done. It is urged, however, that underclothing and all types of cotton garments be washed before they are donated, but they need not be ironed.

There are only a few items of clothing which are not acceptable, Mr. Ellis said. These include evening dresses, tuxedos, dress suits, women's hats, dress hats, derbys, shoes with high heels, open toes or backs, evening slippers and novelty types of shoes.

Heading the list of articles needed urgently are infants' garments of all types, blankets, afghans, sheets, pillow cases and quilts if in serviceable condition, and cut or uncut materials one yard or more in length.

Glenwood Players Guild To Give Comedy Next Friday

The Players Guild of Glenwood Methodist Church has selected as their spring production a three-act comedy, "The Mad March Heirs," by Tom Taggart. The curtain will rise at 8:15 p. m. on Friday, April 20th, at the church, 64 S. Highland-av.

Produced by special arrangement with Samuel French, "The Mad March Heirs" is a hilarious comedy portraying the unpredictable events of a crazy family waiting to inherit the fortune of Grandfather March, played by E. H. Gildersleeve.

The heirs are Marie Earle, Marie Gildersleeve, Marion Bahanan, Tom Bahanan and Ethel Galloway. Others in the cast are Fern Johnson, Emerson Harlow, Howard Moon, Ann Remington, Charles Lafferty, Betty Moon, Rolfe Augustine, Robert Kimes, Patty Bohanan, Ned Moore.

Ohio State Guard Unit Now Open To Enlistments

Company "E" of the Ohio State Guard, winner of last year's Efficiency Award, is open to enlistments for the coming year. Any man between the ages of 18 and 36 is eligible to join this interesting and patriotic service. The State Guard is composed of a fine, enthusiastic group of fellows who enjoy the training and social events greatly. Training periods are from 7:30 to 9:30 p. m. each Wednesday and for one week during the summer at Camp Light in southern Ohio. All uniforms and equipment are furnished.

Company "E" has an enlisted men's organization, the E23 Club, which sponsors stag parties, dinner dances, etc., and are eagerly looking forward to the summer season. An indoor target range has recently been completed at the Armory by the company and they are planning on issuing medals medals for marksmanship.

All areas of the city are well represented in the personnel of the company. The company commander is Lt. Ralph Reffemtah of 3075 Sunset, dar former member of the Arm Air Forces.

A directory giving information on 15 summer camps for Columbus and Franklin County boys and girls will be ready for distribution in the near future. Most of the camps listed are partially supported through the Community War Chest.

TO MY SOLDIER SON

My son's six feet two, his eyes are blue,
His shoulders broad, slim hips too,
When he walked out, his head held high,
Thank God! He heard from me no sigh,
For I was proud to see him go
And deep down in my heart, I know,
He'll wear his honor as a shield
To guide him on the battle field
Of this grim war.

For it takes men of steel, men who are real,
Men who will fight for the God-given right,
That you and I may walk abroad
To worship as we will — Our God—
So with each stride, I'm by his side,
May the "Light Eternal" be his guide,
To speed his footsteps without pause,
And bring him with victory to our cause
Home safe to me.

Grandfather Herb Deems is doing fine now, but he certainly was sweatin' it out at his First Federal office Monday afternoon . . . says Herb, "It was never like this before." The young lady carries the name of Barbara Lee.

TRIBUTE TO THE BOSS

We received here this week a copy of a tribute to the late President Franklin D. Roosevelt which was given before the Memorial Assembly at Purdue University Naval Training School.

Written by Y3/c Jean Young, former Record employee of 74 N. Harris-av, the tribute was a masterpiece in phrasing that would leave a lasting impression of the true worth of a great man on any audience.

One paragraph which impressed us most was, "So, another hero has fallen in the line of duty. Taps are sounded and flags wave in tribute at half-mast. The nation and the world bow their heads in respect to the man they need desperately. His mission was not completely accomplished but his aims and ideals have so pierced the minds and hearts of his fellow-workers over the world that it will enable them to carry on from the strategetic point where he was so abrupty forced to halt. Though a mortal man is dead, his deeds and works will live in the hearts of his followers.

Yoeman Young is now in public relations work at the school. Her journalistic training is reflected in the above paragraph as well as the balance of the lengthy speech.

MID-WEEK DANCE AT WEST JEFFERSON

The opening, Apr. 4, of Al Longstreth's Wednesday night round and square dances at Jefferson Gardens was a huge success, according to reports coming in from West Jefferson.

Longstreth with his big dance band has been operating there on Saturday and Sunday nights for a long time, but the people demanded a mid-week shindig so Al gave it to them.

The band blossomed out, springlike, in new uniforms.

WILLIAM MEAD KILLED IN BELGIAN BATTLE

Six Hilltoppers Are Wounded As War Tempo Steps Up

Previously reported as missing in action, Cpl. William B. Mead is now known to have been killed in Belgium on Feb. 1. His wife, Mrs. Ruth Price Mead, 2475 Sullivant-av, was informed of her husband's death by the War Department this week.

A radio operator with a mechanized cavalry unit, Cpl. Mead had been overseas since last August. He was formerly employed by the David Davies Packing Co. and entered service in April, 1943. He was a graduate of West High School.

Two brothers in service, Sgt. John S. Mead, now in a hospital as a result of wounds suffered on the Western Front, and Sgt. Robert F. Mead, serving with the Army in Germany, survive with his wife and two sisters, Miss Nancy Mead and Mrs. Fern Hummel, 88 Whitethorne-av.

Wounded in Germany

Sgt. Raymond A. Fryer is confined to an overseas hospital as a result of wounds received March 20 on the German front. It is the second time he has been wounded in the European engagement. He was injured in France on Dec. 17.

Since going overseas in April, 1943, he has seen action in Africa, Sicily France and Germany. His parents, Mr. and Mrs. Earl A. Fryer, live at 418 Townsend-av.

Wounded on Corregidor

Pfc. Robert L. Parks, 19, a member of the 503rd Airborne Division is recovering in a New Guinea hospital for leg wounds received when his outfit landed on Corregidor on Feb. 26. This news was received by his parents, Mr. and Mrs. Robert E. Parks, 166 N. Roys-av, a few days ago.

A football player for West High School, he was employed by the Kroger Grocery & Baking Co., before entering the service in Nov. 1942. He trained first with the infantry and transferred to the paratroops.

Wounded Third Time

Wounded for the third time in Germany on March 21, Pfc. Max B. Williams, 31, is now back in combat with the 3rd Armored Division, according to word received by his sister, Mrs. Frances L. Epp, 130 N. Haldy-av.

Pfc. Williams was first wounded in France last July and shortly after he was released from the hospital. He was injured again in France on Aug. 10.

He was formerly in the transportation department of the Columbus and Southern Ohio Electric Co.

Returns to Front

Cpl. Louis L. Chester is back on the Western Front with his outfit after recovering from wounds received in Holland as a member of the 82nd Airborne Division. His wife, Mrs. Rosemary Roberts Chester, lives at 217 N. Oakley-av. His parents, Mr. and Mrs. Merle L. Chester, reside at 2370 Westwood-rd.

Cpl. Chester had previously been wounded in Sicily in 1943. He has been awarded an Oak Leaf Cluster to the Purple Heart. He entered the Army in October, 1940, while employed by the National Electric Coil Co.

Wounded in Germany

Pfc. Chester E. Stephenson is recovering from shrapnel wounds in the left shoulder received on the German front recently. He was serving with an engineer unit of the famous Railsplitter Division.

Pfc. Stephenson is the husband of Volena Roush Stephenson, 1591 Broadview-av, and before his marriage made his home with Mrs. John Rings, formerly of 70 S. Burgess-av. His parents, Mr. and Mrs. C. E. Stephenson, live in Cincinnati.

He has received the Purple Heart in addition to a unit citation awarded recently. Before entering the service in Dec. 1943, Pfc. Stephenson attended Ohio State University and was with the Culter Drug Store. He is the father of two children, Gary, two and one half years, and Judy, one year.

10 Young People Hurt In Accidents

Eight West High School students were injured Friday night when the car in which they were passengers hit a freight car in McKinley Avenue near Trabue Pike. Two boys were treated at Mt. Carmel Hospital for injuries they received when their car hit a utility pole at Terrace and Wicklow Sunday.

Treated at University Hospital and released shortly after their accident were Janet and Joan Smith, 17-year-old twins, of 870 S. Wayne-av; Phyllis Smith, 15, their sister; Mary Ellen Snyder, 17, of 647 S. Terrace-av; Donald Lloyd, 16, of 215 Brehl-av; Harold Crawford, 15, of 719 S. Roys-av; Ralph Dennis, 16, of 1530 Union-av; and Vincent Embleton, 16, of 603 S. Hague-av.

Cut and bruised as a result of their wreck Sunday were Edward Adams, 14, of 155 S. Burgess-av, and Dean Snow, 17, of 241 S. Ogden-av.

Colored Mission Installs Pastor

The first Lutheran mission in the city for colored people has been established on the Hilltop and has been holding meetings regularly since last August. It is located at 230 Highland-av.

Sunday night special installation services were conducted as Rev. Edward H. Dixon was installed as the regular pastor of the charge. He had been minister in charge since the start of the work here.

A graduate of Capital University, Rev. Dixon was ordained at the Immanuel Lutheran Church a week prior to his installation. Rev. E. E. Krebs, superintendent-elect of the Commission on Colored Missions, preached the sermon at last Sunday's services. Rev. A. P. Michelfelder was installing officer, and Rev. Ivan Menchofer of Rome was the liturgist.

The local mission is sponsored by the Columbus Local Conference of American Lutheran Church.

Hodge Services To Be Held This Afternoon

Thomas Jefferson Hodge, 59, of 240 S. Richardson-av, a stationary fireman at the Deshler-Wallick Hotel for a number of years, died Wednesday morning in St. Francis Hospital. Funeral services will be held this afternoon at the Spears Funeral Home at 2 o'clock. Burial will be at Union Cemetery.

His wife, Mrs. Cora Hodge, and three brothers, Clarence, in California; Benjamin of Richwood, and Charles Hodge, Marion, survive.

Tommy Heyl, age 12, son of Mr. and Mrs. Fred W. Heyl, 625 S. Burgess-av, broke his arm, when he fell from a garage roof, early Monday evening.

He was taken to Mt. Carmel Hospital for a day observation and is now, recovering at his home.

They Deserve A Raise, Too

AN EDITORIAL

With wartime jobs bringing bigger pay checks into most Hilltop homes few of us realize that there is one sizeable group in the community whose pay envelopes have not increased in proportion to most other jobs. They are the letter carriers and postal clerks who make possible the dependable mail service that is unequaled in any other part of the world.

Postal employes were given a temporary bonus of $300 per year back in 1943. That bonus will come to an end on July 1. If Congress fails to pass a measure now pending to increase their base pay by $400 per year their salary will go back to the base pay established in 1925.

Few persons can question the justification for passage of this nominal wage increase but many things can and do happen in the wheels of legislative proceedings that delay passage of needed measures. The postal department has long been one of the better managed government agencies in Washington and postal service generally has been maintained on a high level of efficiency.

A letter to your congressman on behalf of your letter carrier may go a long way toward assuring him of the increase in salary that he so well deserves.

Bowling Tournament Begins At Hilltop Recreation Tomorrow

A mixed doubles handicap tournament will begin at the Hilltop Recreation Bowling Alleys tomorrow, with completion being run on Saturdays and Sundays only.

Management of the alleys emphasized the fact that each person can bowl three times by changing partners each time. Scratch for women is 180 and men 200, with a three for five handicap.

One of the outstanding events in bowling circles, it is planned to make this an annual event.

Occidental Hop April 20

Left to right, front row: Miss Ham and Miss Patton; left to right back row: Miss Donahue, Miss Underwood and Miss Beard. —Cour. Citizen

The West High School Occident and Business Ad staffs of West High School are sponsoring a spring dance at the local school gym, with Johnny Carle's band furnishing the music. Known as the "Occidental Hop," the dance will feature the choice of a king and queen, chosen from the senior class. Their attendants will be chosen from the sophomore and junior classes.

Shown above are the five students appointed to arrange the gala affair.

Haney Buys Pharmacy; Mykrantz Stores Sold

Murphy Sells Drug Store After Nine Years In Business On Hilltop

Two local drug stores were involved in changes of ownership during the past week. One transaction involved the sale of the Murphy Drug Store, 2744 Sullivant-av, to Harry J. Haney, operator of three Economy Drug Stores on the Hilltop. Another deal of city-wide significance involved the sale of the Mykrantz chain of stores to Gray's Drug Stores. A Mykrantz store is located at Wayne-av and W. Broad-st, the former Umbenhaur location.

According to Mr. Haney, Edward Prose, former manager of the Mykrantz store will manage the new Sullivant Avenue store just acquired. Final details on the deal were being worked out with possession to be taken as soon as inventory had been completed.

Joe Murphy, former owner of the store, would make no statement on his plans for the future other than first of all he would take a "long deserved rest." Murphy purchased the business nine years ago when it was known as the Plummer Pharmacy and was located on the corner just west of Harris-av, from its present location. Under new ownership it will be known as the Economy Drug Store.

Original Store on W. Broad

The original Economy Drug Store, still managed by Mr. Haney, is located at 2660 W. Broad-st. Several years ago he bought the store at 3149 Sullivant-av and when the business block was developed out in Westgate he opened a store at 2870 W. Broad-st.

Mr. Prose, who resides with his wife at 330 S. Terrace-av, is a graduate of Ohio Northern University. He has been in the drug business for 30 years and had just completed four and one half years with the Mykrantz organization. He stated that "courtesy and accurate service" would be the prevailing practice of the store under his direction.

Unconfirmed reports current this week were to the effect that Gray's would move the recently purchased Mykrantz store to the northwest corner of W. Broad and Hague-av.

Friday The 13th Is Jinx Day For 11 Hilltop Inductees

To 11 Hilltop men now wearing the uniform of the armed services Friday the 13th is a day they will long remember. The story sounds a bit fantastic but this is the way it was told to the Hilltop Record.

On Friday the 13th 11 men (there were to have been 13) reported to Selective Service Board No. 13 for induction at 7 a. m. They were sent to Fort Hayes where they were sworn in at 4 p. m.

Included in the group of 11 inductees were Lloyd and Floyd Clark, twin brother letter carriers on the Hilltop, who look so much alike that many of their friends had to look a second time to make sure which one they were talking to. Lloyd lives at 294 S. Richardson-av, Floyd resides at 261 Letchworth-av.

Others in the group included Clarence Ellsworth Adams, 155 S. Burgess-av; William Howard Lidey, 181 N. Wheatland-av; Robert Howard Limle, 285 S. Hague-av; Fred Howard Heyl, 625 S. Burgess-av; Norman Phillip Clevenger, 37 S. Warren-av; Richard Clarke Hutton, 558 S. Henry Casper Ruegg, 743 S. Hague-av, was taken into the Navy.

Board No. 13

Four men were inducted into the Army from Board No. 13 during the month of April. They are Raymond J. Voss, 242 N. Burgess-av, Lowell E. Hoffman, 312 N. Warren-av, William W. Stewart, 524 S. Oakley-av, and Harry W. Briggs, 48 Orel-av.

Scott Recovers From Injuries

Ralph Chaffin, 19, of 227 Stevens-av, has pleaded guilty to charges that he beat and robbed a Hilltop man last week. He has been bound over to the grand jury under $3000 bond. Two accomplices described as 16 and 17 years of age were being questioned by police in connection with the same case.

H. Elwood Scott, 2633 Sullivant-av, president and general manager of the Southern Transfer and Storage Co., is recovering at his home following an attack by [illegible] last Thursday night. He was brought to his home Sunday after being confined to Mt. Carmel Hospital since early Friday. He suffered cuts and bruises about the head and was robbed of his wallet containing $7.

After being beaten and robbed Scott was shoved in the trunk of his car that he had just parked on West Mound Street. The robbers then drove the car down Jackson Pike and wrecked it just South of Frank Road.

Released Prisoners Of War Arrive Home For Furloughs

Sgts. Wolfe and Hartman Get Home Tuesday; Cpl. Marshall Also Returns

The prayers of at least two Hilltop families were answered Tuesday night when two veterans of European Army action arrived at Union Station after being released from a German prison camp by the surging Russian Army.

Sgt. Wolfe

Sgt. Edwin P. Wolfe, son of Mr. and Mrs. William Wolfe of 174 S. Eureka-av, and Sgt. Robert L. Hartman, son of Mr. and Mrs. R. M. Hartman of 420 S. Harris-av, will spend 60 days in the luxury of their homes before reporting to Miami Beach, Fla., for reassignment in this country.

Sgt. Wolfe was on patrol with an infantry division of the First Army in France on July 12th when he was cut off from his unit and taken prisoner while operating about 30 miles in from the Normandy coastline.

The 26-year-old West High graduate was then taken to Stalag 4B at Muechlberg, Germany, and later was placed in Stalag 3C near Luchenwalde, some 63 miles from Berlin.

Taken to Same Camp

Sgt. Hartman was captured on August 21 while on patrol with an infantry unit of the Third Army during its break out of the Normandy peninsula. After stopping at various transient prison camps, he was also taken to Stalag 3C where, with Wolfe, he was released and taken to a Russian port of embarkation on the Black Sea for their homeward journey.

The two sergeants, both graduates of West High School, were assigned to Camp Atterbury, Ind., for a short period before receiving furloughs to get home.

They were both high in their praise of the Red Cross packages, which were all that was received during [illegible] of German captivity. "It wasn't too bad in camp. There was no man-handling, but the food wasn't much good and we got awfully lonesome for home," said Sgt. Hartman, who only learned upon his arrival here of the death of his brother, T/Sgt. Raymond Hartman near Metz last September.

"I'm just going to take it easy around home until the weather clears up, then I'll probably do a little fishing before I report back for duty," said Hartman Wednesday evening. His father, R. M. Hartman was an infantry sergeant in World War II.

Sgt. Wolfe's father, William Wolfe, is the owner of the Hilltop Recreation.

Marshall Also Returns

Also returned home this week after being released from a German prison camp was Cpl. William L. Marshall, a paratrooper with the 101st Airborne Division, who was captured six days after jumping onto the Cherburg Peninsula on June 6. His parents live at 548 S. Terrace-av.

Cpl. Marshall was at home with his wife, Pearl, at 1210 Hunter-av, who had saved her points in order to furnish her husband with a big steak for his welcome home.

Hilltop Alleys Get Spring Clean Up

Hilltop alleys may soon be completely clear of a winter's ashes and other trash, according to Elmer Keller, service director. In a statement to the press this week Mr. Keller said that the area bounded by Columbian-av, Sullivant-av, W. Broad-st, and the west city limits had been virtually completed.

Working crews are then scheduled to move into the section south of Sullivant-av. No indication was given as to when the area north of Broad-st would get its annual clean up.

SHELL EXPLODES

Shell fragments from a cartridge he was pounding, severed an artery and lodged in his left thumb sending Allen Fenstermaker, 9, son of Mr. and Mrs. Harvey Fenstermaker, 831 S. Harris-av, to the hospital last week. The boy was injured at the home of a playmate who lives at 768 Racine-av when the shell exploded.

Cowboys Win Six Straight

The West High Cowboy baseball squad won its sixth straight game Tuesday afternoon by defeating North High 2-0 at Magley Field.

With Bob Phelps holding the Polar Bears to three hits, the Hilltoppers were being held to one hit until the last of the sixth inning when, with one away, Anderson singled, stole second as Buckingham struck out, then came home on Fette's single. Fette came in on an infield hit by Dick Slager to give the locals a two run margin. Phelps set the visitors down in order in the first of the seventh.

Beat Central

The local speedsters defeated Central last Friday 6-2, with Phelps pitching another 3-hitter. Dick Slager hit a home run with two men on in the second inning and Bob Fette had a perfect day at bat with two for two.

The game was played with only one error, by Central. Dick Ison did the catching for both [illegible].

Coach Dale Rose and his Cowboys will try to make it nine in a row by next Tuesday while facing Aquinas there Friday, Springfield here Monday and St. Charles there on Tuesday.

Jr. Cowboys Win

Coal Dealers Have Declaration Forms

The procedure for ordering next winter's supply of coal was outlined this week in a joint statement made by five Hilltop coal dealers. The firms cooperating in the explanation are Lewis & Noon Coal Co., Jones Lumber & Coal Co., McDonald Lumber & Coal Co., West Side Lumber & Coal Co., and Ollam & Jahn.

Rationing of coal went into effect on April 1. After that date no coal can be delivered to any person who has not first declared his coal needs based on previous consumption. Declaration cards issued by the government are now available at the above named coal companies, and are to be fille dout by May 15.

The consumer declaration will be kept on file in the office of your coal dealer so that when you place your future order for coal you will have already completed the most important step to obtain coal without delay. This card will be used by the government in checking the correct amount of coal each person is entitled to receive. Each consumer is entitled to 80% of what would ordinarily be used.

Dealers emphasize that the filing of the declaration card does not constitute an order for delivery of coal. Each customer must place his order in the usual way after he has filled out the card.

Parlette and three companions saw the woman jump from the railing into the shallow water. Noting that the water was too shallow for diving, young Parlette jumped into the water and held onto the woman until emergency squad men could help him remove her from the water.

With the youth at the time of the rescue were Robert Colliton, 100 S. Burgess-av, Richard Halderman, 244 N. Terrace-av, and Lyle Beaver, 101 N. Eureka-av.

The woman, Miss Charlotte Goodwin, 29, was in a delirious condition when taken to the hospital.

"Dinner for a Soldier"

Once in a while, and only once in a while, there reaches the screen, a motion picture, so heartwarmingly human, so packed with rich, honest, laughter and truly enthralling romance, that it remains among your most cherished theatre experiences for a long time to come. Such a film is said to be "Sunday Dinner for a Soldier," the new 20th Century-Fox picture starring Anne Baxter and John Hodiak with a supporting cast including Charles Winninger which opens at the Westmont Theatre Sunday, April 22 for a two day engagement.

A good deal of the picture's delight stems of course, from its simple and yet unusual story; the story of a family of five, impoverished, but rich in spirit, whose home is a weather-beaten houseboat moored in a tropical and picturesque lagoon on the Florida gulf coast, and whose burning desire is to entertain a soldier—any soldier—at Sunday dinner just as do their prosperous neighbors in a nearby town.

Camp Chase Post To Have Birthday Party At Southern Hotel

Members of Camp Chase Post are making unusual preparations for their sixteenth anniversary coming next week.

To be held in the Southern Hotel on Wednesday evening, April 25th, the party is heralded as the opening of "Club Camp Chase." The committee has arranged a most unusual party. Starting at 6:00 p. m. with a cocktail hour in the Gold Room, music and entertainment will be provided until the dinner hour at 7:30. Proceeding to the grand ballroom, dinner will be served the guests, while a musical program is provided throughout.

Following the dinner, a highly spiced program under the leadership of Lee Koontz, professional showman, and producer of the Hilltop Minstrels, will be presented, made up of both amateur and professional acts, and packed with buffonery a la Olsen & Johnson. Dancing to Joe Mackin's orchestra will complete the evening.

George M. Ward, chairman of the committee, states that all tables are reserved for the evening in regular night club style, and are arranged to seat private parties of four or more. Ticket sale has been limited to 300 to permit ample room for dancing. Other members of the committee include Mose M. Williams, Edgar G. Planck, Joe Leazenbee, John Kirkpatrick, Dr. W. M. Baker, Larry G. Scales, Arthur J. Bellar, Dr. A. C. Myers, Ray F. McVay, Ken Dickerson and Robert Hitchcock.

"CAPTAIN OF THE MEN OF DEATH"

★ Pneumonia is a disease which strikes swiftly and proceeds quickly and dramatically to a crisis. Until recent years little could be done to help the patient. The brief decisive struggle between the infection and the patient earned for pneumonia the dreadful title, "Captain of the men of death."

In the parlance of the army, the captain has been "busted." First came antipneumococcic serum, which removed one bar. Later, powerful sulfa drugs teamed up with serum to completely break the captain. Both of these powerful weapons are kept in readiness in our prescription department, waiting only for the physician's order.

KNOCKOUT BLOW FROM COLUMBUS

HELP DELIVER IT BY BUILDING HELLDIVERS!

To slap the Jap off the map isn't just a convenient rhyme — it's an immediate necessity if the cost of victory is to be sharply cut and our fighting men are to be brought home sooner than originally expected.

This last round can be the toughest. So pitch in and help win by taking a job right away at Curtiss-Wright. More men and women are needed to build more Helldiver dive bombers so more U. S. Navy fliers can "pour it on" the Japs . . . more and more.

Don't let over-optimism about the final result keep you from this vital work. Even with no experience, you are wanted. The Training School at the plant, where you earn as you learn, quickly fits you for the production line! Put yourself in this last big push!

Use mixture with varieties growing perennially on your land . . . . .

Do the weeds grow better than your grass? One reason may be that the grass is made up of short-lived, unsuited varieties. When they die the weeds take their place. Another reason may be that the grass varieties are not those adapted for use on your kind of soil.

We can help you select a lawn mixture that shows permanent soil — the kind that crowds out the weeds. We carry WOODRUFF'S ADAPTED Lawn Seed. And we can also provide complete information about giving a lawn the care that keeps it healthy. Whatever the condition of your lawn, come in and talk to us about it.

ONE of the greatest compliments to a piece of furniture is a little pasteboard marked — "sold." We are keenly interested in this parade of "sold" tags thru our store. But our interest goes farther—we want our furniture to wear well with our customers. We want to see our merchandise make good. Our buying and selling is conducted to that end. We have little to offer now, but soon we hope more people will be saying, "I bought it on Broad St. at Goodwin's," and complete the happy circle with more "sold" tags—more value and more satisfied customers.

ANOTHER REALTY TRANSACTION

James M. Stevens and Jos. M. Briggs, local realtors, this week announced the sale to Charles Kent, grocer, of property at the southeast corner of Sullivant and Hague-av.

This property consisted of the Kent grocery store, Russell's Pharmacy and an eight-room single, all owned by Mrs. Mary Russell.

The drug store, owned by Mr. Rempel Russell, was taken under a new lease by Mr. Kent, Donald F. Smith, attorney, represented both parties.

OLD CLOTHES HELP NEEDED

A call has gone out for men who will volunteer to help lift cartons of old clothes collected last Sunday . . . the lifting is to be done at the sorting and shipping headquarters in the ROTC building on the OSU campus . . .

Any interested parties are directed out Lane-av to Tuttle-pl, just north of the stadium for a 7:00 to 9:00 p. m. stint.

"LIFE OF REILLY" IN GERMANY

This sounds kinda far-fetched, but two Hilltop soldiers with the Third Army have written home to the effect that it is a reality . . .

Pfc. Homer Prince, in a letter to his father here, tells of being quartered in a luxurious hotel in an undamaged German resort town that once supplied the old German Kaiser with a place of relaxation. He says that it is just like a big city hotel in the states, except that the menu is somewhat void of appetizing food.

Capt. Roy Riggs also writes a vivid description of the same resort, stating that he has taken so many baths since getting there he is afraid of being washed away.

We think no one would begrudge the boys a minute of it, for they have certainly earned it in the long battle across the continent.

HERE AND THERE:

When wet grounds made playing of the West-Aquinas baseball game impossible Wednesday afternoon, Dick Slager, West's handy athlete, wandered over to the track meet with North being held at the same time and place, and entered the discus throwing event . . . and he walked off with first place just to show his versatility . . .

And another West baseballer, Jack Hegenberger, left-handed pitcher, was walking past the track events when he was hit in the hand by a discus toss . . . Wednesday night shewed his flipper to be getting better, though badly swollen.

Lt George Luckey made the mistake of introducing his bride of approximately five minutes as Erdine Swain . . . said the lieutenant, "I promised myself that I wouldn't do that."

Ryan Opens Used Furniture Store

Opening of the Westgate Furniture Co., 3322 W. Broad-st, was announced this week by Joseph Ryan, co-owner and operator of the concern.

Ryan, who lives at 178 Demorest-rd, has had 20 years' experience in the furniture business, having been associated with the Hub Co. for 10 years and previously with an eastern chain. He is married with five children.

Associated with Mr. Ryan as an inactive partner is Earl Patton, 2968 Fremont-st. The store, which is located back off the street has parking room available. Mr. Ryan states that the company deals in the better type of used furniture and appliances.

May 1 Deadline On License Plates

Delivery of all the city's 1945 metal license tags has brought a deadline for renewals of May 1 from Police Chief Lester W. Merica.

Bicycle riders, drivers of horse-drawn vehicles, push cart operators, collectors of rubbish or garbage and peddlers are affected especially, said Chief Merica.

Most of the licenses were due Jan. 1. No further extension of time will be granted, warned the chief.

West Baseballers Still On Top In City League Play

Rain and Wet Grounds Prevent Play; Lose to Springfield Here Monday

West High School's baseball fortunes depended upon the will of the weatherman this week as Coach Dale Rose and his speedy youngsters tried to get back in a semblance of scheduled play after a series of postponments due to rain and wet grounds.

The Cowboys are scheduled to stake their first place standing against South today after winning three City League games to date. Phelps was named as the starting pitcher with Sophomore Jerry Chinn drawing the probable catching assignment because of his stand-out hitting.

Lose to Springfield

In the only game played through Wednesday of this week, West bowed 7-3 to Springfield on Monday at the local field. It was their first loss of the season.

With a sophomore battery of Jack Thrush and Jerry Chinn working for the Hilltoppers, Springfield scored five runs in the second inning on three hits and two walks. The big blow of the inning was a homer by Pitcher Fearn with two on. The visitors added another in the fifth on a passed ball and iced the game when Wright hit a home run in the seventh.

West scored their three runs in the third inning when, with one away, Slager doubled down the left field line and scored when Goldenbagen reached first on an error. Dienst reached first by an infield hit, with Goldenbagen scoring on Chinn's single to right. Then Thrush singled to score Dienst.

Weather Wins

Regularly scheduled games with Aquinas and St. Charles last Friday and Tuesday were rained out, with the postponed Aquinas fray on Wednesday again called off because of wet grounds. They were due to go against Grandview in a practice game Thursday evening.

Next week's busy schedule calls for a game to be played each day of the week. Monday, at St. Charles in a postponed game; Tuesday, league game at East; Wednesday at Springfield; Thursday, Arlington at West, and Friday they are due to entertain Central on the home field in the start of the second round of play in the City League.

Junior High Loses

West Junior High, after being rained out with Linden McKinley on Tuesday, worked it in on a wet field Wednesday, losing 3-2.

West's Sophomore Irregulars, coached by Forman Slager, defeated the Ohio Deaf School 8-6 at Westgate Park Wednesday afternoon.

West Track Squad Loses

Coach Rufus Glass' track squad lost to North Wednesday to the tune of 69 2-3 - 48 1-3, after dropping a close 62-56 meet at Springfield last Friday. Both affairs were held at the local field.

Schaeffer of North took the laurels Wednesday by winning firsts in the high hurdles, pole vault, low hurdles and the high jump.

The majority of West's points were garnered by Hall, who took firsts in the mile and ½-mile; Hutt, with a first in the 440 and second in the mile, and Smith with a first in the broad-jump and second in the 100-yard dash.

In Delaware Relays

Coach Glass will take 20 of the boys to the Wesleyan Relays at Delaware where they will compete against the cream of the scholastic tracksters. West is figured to have its best chances in the distance runs there.

The next regularly scheduled meet will be run here Wednesday with Central. West Junior will meet Everett here Friday, which will include a telegraphic meet with Clyde.

Magician At Men's Meeting

Mr. Menge, the magician, will provide the program for the Men's Brotherhood meeting Friday night at 8:00 in the Hilltonia United Brethren Church. Special music on the accordion and a social period will also be featured.

Dr. Dysart Urges Action To Avoid Lake Pollution

Says Sewer Needed For Public Health

A move to clean up conditions that have been causing pollution of the lake in Westgate Park was started by Dr. N. C. Dysart, city health commissioner, this week as a result of the April meeting of the Board of Health.

Asserting that drainage from the built up section west of Derer-rd finds its way into the lake, Dr. Dysart suggests that a lateral sewer for that section be installed when the Sullivant-av trunk sewer is continued on west.

Erection of the General Motors plant will necessitate the erection of a sewer to connect up with the Sullivant-av sewer.

Outlines Plan

In a letter addressed to the service director outlines the plan as follows:

"The Columbus Board of Health at its regular meeting on April 9th directed me to urge you to insist on the installation of a lateral sewer for the built-up section, which lies outside the city west of Derrer-rd and north of Sullivant-av, when the Sullivant-av sewer is constructed.

"The Board feels that the present situation whereby the sewer from this settlement drains into Westgate Park lake not only is spoiling one of our few city parks but is a serious danger to the health and even life of the people of the Hilltop, and particularly of the children. We have had to post signs around the lake warning all persons to keep away.

"Columbus and Franklin County have been singularly negligent in providing a park system for the health and enjoyment of the people. This present instance is one where the advantages of a beautiful park cannot be enjoyed because an open sewer is being drained directly into it."

Hilltopper Is Shot As He Surrenders To German Troops

Cpl. W. F. Brown, son of Mr. and Mrs. Louis P. Brown, 550 Columbian-av, can vouch for the treachery of the Germans in combat. In a letter to his parents recently he relates an account of how he was shot and most of his men were killed when they attempted to surrender after being trapped by seven Mark VI tanks.

Cpl. Brown and his 20-man infantry unit had hoisted a white flag and were ready to surrender when the Germans opened fire hitting Brown and killing most of his buddies.

From his position in a shell hole, Cpl. Brown threw a phosphorous grenade that set fire to one of the tanks even after he had been wounded. Later he called for medical aid to a German because of the pain he was suffering. The medical aid took him to a basement and stayed with him until the Americans counter-attacked and took the town.

For his heroic action, Cpl. Brown has been awarded the French croix de guerre and a presidential unit citation.

Drafted . . . Sold Out . . . Released Starts Up Again

James McLees, of 330 S. Burgess-av, was associated with his brother in the contracting business until January, when Uncle Sam beckoned with his strong right arm. So Mr. McLees spent several weeks dissolving his business, selling his automobile and generally getting his affairs in order; was inducted and had a short stay in camp.

Then the Uncle decided that he didn't want Mr. McLees and sent him homeward to pick up his business again. Now he is starting to rebuild what he spent so much time tearing down, and he says he is going to branch out and do it right while he is at it.

Although he is now back in business on a limited scale, he is planning the opening of a new office (when and if he can find one) to handle general construction and repair of residential and industrial buildings.

Mr. McLees says he thinks he will specialize in repair of city sidewalks, as he has become very conscious of their condition since he has found himself back in civilian life without an automobile.

Brake Checks Reveal Few To Be Faulty

During the first week of the nation-wide brake check program only 17 of more than 200 automobiles tested by Columbus police were found to have had faulty brakes, said Police Chief Lester W. Merica today. Cars inolved in accidents or certain traffic violations must be tested. Other motorists may voluntarily have their cars checked, said the chief.

"I am especially pleased," said Chief Merica, "and by the first of June, when the program ends, I hope to find Columbus cars in better condition than ever before. Motorists have responded notably and are anxious to keep their machines running for the duration. They must keep them in good condition, and accidents are costly."

Orchids To Kouri On Her Birthday

Mrs. Sylvia Kouri, of 811 Chestershire-rd, became the proud possessor last Friday of a lei of 37 orchids, sent to her for her birthday by her soldier husband, Lt. Francis Kouri, stationed in Hawaii.

Lt. Kouri had the orchids fashioned into a lei in Hawaii and sent them special delivery. They arrived in fine condition to thrill the "girl of his dreams." Each orchid was wrapped separately and the entire box carefully wrapped with cellophane.

Lt. Kouri, a Signal Corps officer attached to anti-aircraft artillery, has been overseas since September. He was formerly a government engineer at Ft. Hayes. He is a graduate of Ohio State University.

Harold Capretta Prisoner Of War

Sgt. Harold F. Capretta, reported as missing in action on January 18, has been since reported a prisoner of war, it was learned this week. In a letter to his wife, Mrs. Catherine Capretta, 370 Whitethorne-av, he said he was safe and had not been wounded. His whereabouts was not revealed.

Sgt. Capretta entered service in Oct. 1942, and went overseas in Sept. 1944. When captured he was serving as a mortar gunner in the armored infantry of the Seventh Army.

He had been employed in his father's grocery, Capretta's Market, before going into service. His parents, Mr. and Mrs. Carl Capretta, live at 247 Midland-av.

HBMA Spring Dance Thursday

Next Thursday is a big evening for members of the Hilltop Business Men's Association, their families and friends when they gather at the Beechwold Restaurant for their annual Spring Dinner Dance.

An informal affair, the evening will open with dinner at 6:30, which will be followed by dancing to Al Baumbusch's orchestra. Tickets can be obtained at any Hilltop Business place for a total of $1.95 per person.

The committee in charge consists of Edgar Planck, Jack Shank, Hazel Bercaw, Charles Kent and Joe Goodwin.

Wilson Hall Buys Sullivant Market

Wilson Hall, 263 S. Westgate-av, this week announced the purchase of the former Hensley & Smother's food market, located at 2223 Sullivant-av.

Mr. Hall, a veteran of 25 years in the grocery business, was formerly with the Big Bear Stores. He is now redecorating and altering the newly acquired store, which will be conducted under the name of Hall's Market.

A complete line of meats and groceries will be offered.

Slager, Thomas Are Officials For A Day

Dick Slager and Rodney Thomas, both students at West High School, held important offices in the city for one day as the Hi-Y boys took over the task of administering the affairs of city government for one day (yesterday.)

Dick presided over the session of city council in the capacity of president of the council. Rodney held down the post of health commissioner.

3 HILLTOPPERS DIE; 3 ARE MISSING IN ACTION

Cpl. Ned Bell Killed In Germany With Medical Corps Outfit

World War II casualties took an increased toll on Hilltop service men this week as reports told of three men killed, three missing in action, and two wounded.

Known to have been killed in Germany while serving with a Medical Corps unit of the 9th Army was Cpl. Ned Bell, 23, former Hilltop athlete with letters in three sports at West High School. His wife, Mrs. Jean Haines Bell, lives at 3539 Suttonav. His parents, Mr. and Mrs. Thomas H. Bell, reside at 298 S. Eureka-av.

Cpl. Bell was killed on March 31. He had been overseas for the past 18 months. He has two brothers in service. WHAT IS A DRUG STORE?

★ The drug store is but one unit in a complex pattern of businesses and professions, all of which serve the needs of the community. But it is unique in that pharmacy is both a business and a profession.

A business built on service to the sick cannot be restricted to usual "business hours." The need for medicine and sickroom supplies is usually immediate and urgent. In times of widespread illness the twenty-four-hour day seems all too short. We are ready, day or night, to serve the pharmaceutical needs of the community.

Here's a fine *new* source of vitamin D for your baby and your whole family. . . .

Every pint of the new NESTLÉ'S Evaporated Milk supplies 400 USP units of vitamin D—*3 times the former amount!* 400 units! . . . the full daily minimum of vitamin D required by infants, children and adults according to U. S. food officials. NESTLÉ'S Evaporated Milk has all the original fine Nestlé's qualities, *plus* extra vitamin D3—a form that is produced naturally in the human body by sunshine.

New Label—New Value! Look for this new, *finer* milk under the new Nestlé's label. A great new *value*—under a world-famous name. And no increase in price!

LOOK FOR THESE TWO SEALS ON EVERY CAN OF THE NEW NESTLÉ'S EVAPORATED MILK

This Seal of Acceptance denotes that NESTLÉ'S Milk and the nutritional claims made for it are acceptable to the Council on Foods of the American Medical Association.

HELLDIVERS JOIN "LEATHERNECKS"

MARINE CORPS FLIERS BLAST THE JAPS WITH LAND BASED HELLDIVERS

WASHINGTON — The "Leathernecks of the Air," the fighting airmen of the U. S. Marine Corps, have unleashed a new weapon on the hard-pressed Japanese — the powerful SB2C Curtiss Helldiver, hitherto used exclusively aboard the Pacific Fleet's battle carriers.

Making their debut with the dive bombers, which during the past year have provided Task Force 58's "Sunday Punch," Marine airmen pounded Japanese installations on the by-passed fortress of Mili in the Marshall Islands.

The big difference between Marine and Navy Helldiver squadrons lies in the fact that the Devildogs operate from land bases instead of from the flight decks of carriers.

Last week Marine Helldiver pilots struck at enemy strongholds in the Palaus. Admiral Nimitz's headquarters credited the planes with destruction and damage of buildings, warehouses, transport and pier facilities in the Palaus.

company was recruited for a Lancaster regiment, July, 1847

NOW YOU JOIN CURTISS-WRIGHT! The increasing use of Curtiss Helldivers, built in Columbus, is reason enough why more men and women are needed to build more of these efficient dive bombers. With the Marines now using Helldivers, operating from captured land bases in the Pacific, the call is for more and more of these planes.

Take a job at once . . . help get the job against the Japs over quicker! You have the chance and the power to cut the cost of Victory, bring the boys home sooner.

Inexperience is no handicap. You can learn and earn at the Training School at the plant and quickly fill a vital spot on the production line. Men and women, join the fight . . . at Curtiss-Wright.

TENNIS INSTRUCTOR

Joe Goodwin, popular Hilltop pharmacist, is scheduled to handle the instruction of be-beginners, intermediary and adult tennis players at the Westgate Park courts this summer.

His job will begin when the courts open around the first of June . . . he is now coaching the West High team.

It is planned to organize teams for regular league play with representatives of other parks.

GREAT LAKES ADDITIONS

A notice from the Navy Dept. tells of three more Hilltoppers arriving at Great Lakes Naval Training Center recently . . . they are Renick Parkey, 158 W. Park-av; Henry C. Ruegg, 743 S. Hague-av, and Earl D Brown, 296 Dakota-av

28 YEARS OF SERVICE

The Record starts on its 29th year of service to the Hilltop and vicinity this week. Congratulations, Lieutenant, and we hope that you'll be back among us before we start that 30th.

YOU BETTER FILE

Local coal dealers are expressing concern over the failure of consumers to file the necessary "consumer declaration" form which entitles each household to 80% of their last winter's consumption.

A May 1st deadline was set for this filing, but due to the lack of cooperation received, it must be extended. Some dealers have mailed out the forms while others have attempted to encourage consumers to file at their office. However, neither system has been at all effective.

This is not a dealer ruling, but comes straight from the Solid Fuels Administrator, who says that by filing now you will be assured of 80%, but failure to do so will undoubtedly result in none at all.

BUSY LINE

Mrs. Clara Sherwood, 69 N. Huron-av, invested the sum of 28c in [illegible] for sale ad in last week's Record, then she set aside all day Friday and Saturday to answer the telephone . . . she says she received 200 calls . . . and all she wanted to sell was one porch glider.

Not all of them are that good, but they do get results.

HERE AND THERE

The West High golf team should be pretty well coached and managed, if efficiency in numbers means anything . . . they are managed by A. E. Buchanan, coached by Paul Leighninger and taken to their matches by Harold Washburn. The first and last are school teachers while Mr. Leighninger is a department store executive by trade and a splendid golfer by hobby . . .

The Camp Fire Girls of Eluti Tomi at W. Broad Street School assisted with memorial services for the late President Roosevelt on April 26. Nancy Miller is secretary of the unit.

Mrs. Mildred Rainey, 38 N. Wayne-av, reports finding a child's pocketbook with key in front of 2515 W. Broad-st last Monday evening. Her phone is RA 7019

Veteran Home for 15-Day Furlough

S/Sgt. Frank D. LeSueur, Jr., is spending a fifteen day furlough at his home at 1959 Fairmont-av. He has just recently returned to the states after having served two years overseas with the Fifth Army Air Corps in the S. W. Pacific theatre of war as radio operator in a Troop Carrier Command.

Sgt LeSueur has received the Distinguished Flying Cross, Air Medal with Oak Leaf Cluster, Good Conduct Medal and has served in four major campaigns.

His brother, James K. LeSueur, SK 3 c, is in the Navy at the Naval Air Station in Seattle, Washington.

Sgt LeSueur will return the first of the week to the Liberal Army Air Base at Liberal, Kan., to which field he has been assigned

TO REFORMATORY

James Hill, 18, 253 N. Warren-av, was sentenced by Judge Leach to the Ohio Reformatory when he pleaded guilty to assaulting with intent to rob Frank Smith, 59, 236 E Rich-st.

Two Hilltop Boys To Be Selected For Boys' State

Two representatives and two alternates to the Buckeye Boys' State to be held at Wittenberg College between June 16 and 26 will be selected by five members of the Camp Chas Post No. 98, American Legion, next Wednesday night. The selections will be made from four boys from West High School and two from Holy Family. These boys will have been selected by school officials from the 11th grade.

One of the two selected to represent the Hilltop will be sponsored by the Hilltop Business Men's Association, the other will represent the local Legion Post Representatives will be selected bcause of their qualities of scholarship, leadership, sportsmanship, and courage for service. They need not have the highest point average during their high school course but must have demonstrated a preference for civics, public speaking or debate. They must also be qualified as a leader and organizer of school groups.

The Boys' State will include boys from all over the state selected in a similar manner. These boys will be taught state, county and municipal government and in many cases will be under the direction of present office holders. An election will be held during the course at which time a complete state roster of officials will be selected from among the participants.

Tuesday evening, April 28, Mrs. Harold C Key closed two years as president of West Junior-Senior High Parent-Teachers Association. A program was held in the school cafeteria in honor of the occasion.

GOLFERS TO BEXLEY

The West High golf team, under coaches A. E. Buchanan, Harold Washburn and Paul Leighninger, will be matched against a strong squad at Bexley Saturday. They bowed 16-0 at North last Saturday.

West Increases City League Pace With Two More Wins

The West High School baseball squad went right ahead with their domination of the City High League this week by defeating South 4-1 last Friday and East 7-0 Tuesday. They broke even in non-league games, winning from St. Charles 6-4 Monday and dropping a 5-2 game to Springfield Wednesday.

The Buckaroos will open second round league play today when they face a second-place Central outfit at Magly Field in a crucial game of the season. A win here will give the locals a two game lead over their runners-up. Then Monday they will go against North at the Polar Bears' field.

Pitching Shortage

Lack of available pitching talent and a continuance of weak hitting brought about the Cowboy defeat by Springfield Wednesday. With Paul Hegenberger, left-handed no-hit pitcher, suffering from a broken hand and Jack Thrush a sore arm, Coach Dale Rose called upon two sophomores, pitcher Bill Buckingham and Starling Hutt behind the plate.

Buckingham had one bad inning when Springfield pushed across all five of their runs on three singles and two doubles, with a walk sandwiched in. West's two runs came in the fourth and sixth innings. Slager walked with one out in the fourth, stole second and scored on an error. Again in the sixth he was safe on an error, went to second on a passed ball and scored on Anderson's infield hit.

Rev. C. P. Mitchell Goes to Mansfield

Rev. Carveth P. Mitchell, pastor of the Hilltop Lutheran Church for the past seven years, left the Hilltop Tuesday to assume the duties of his new pastorate at the First Lutheran Church of Mansfield. The family will remain in Columbus until June 1

During his pastorate here, the Hilltop Church membership was increased to more than 400. His new church has a membership of 2000. In addition to his ministerial duties, Rev. Mitchell has been serving as secretary of the Lutheran Synod of Ohio

Occupying the pulpit of Hilltop Lutheran Church as guest minister this Sunday will be Rev. Carl Driscoll, young people's secretary of the synod. He will be followed on May 13 by Dr George W. Miley, president of the synod.

BOUND TO GRAND JURY

Edward Cardwell, 19, of 404 Highland-av, pleaded innocent to a charge of burglary and grand larceny and was bound over to the grand jury on $300 bond. The charge came about in connection with the theft of $150 worth of clothing from a Sullivant-av dry cleaning store.

Memorial Day Plans Announced

Community Council Foster Services; Playground Activities Are Planned

With the European situation at its climax, and everyone conscious of the absence of their relatives and neighbors who are fighting in the conflict, plans more elaborate than usual are in the making to properly solemnize Memorial Day this year.

Headed by the Hilltop Community Council, a large committee representing every patriotic organization will be asked to prepare a memorial service in which all Hilltoppers may participate Charles P. Maus, 70 N Westgate-av, president of the council, says it is the objective of the committee to see that every resident of the Hilltop takes some part in the services to honor our service men and women

Tentative plans call for a two-way ceremony, beginning with a brief memorial service held at the site of John Burroughs chool, in which all residents of that section will participate. Following this ceremony a parade will form at the point and proceed to Brond-st, where residents and marching groups of that section will fall in, and the procession will then move to the site of the Hilltop Honor Roll at Glenwood Park where formal services will complete the program

Many Groups to Participate

Representatives of all patriotic groups including the Navy Dads, Blue Star Mothers, Gold Star Mothers, V F.W., and Daughters of American, will have the opportunity to help in planning memorial services, while church and fraternal groups, P.-T. A. organizations, Scouts, Girl Scouts, auxiliary police and other similar groups will be asked to help in planning and carrying out the community parade

Ken Dickerson, 3121 W. Broad-st, representing the council, and Elmer Young, 125 N. Chase-av, chaplain of Camp Chase Post, will act as co-chairmen in organizing the committee which will carry out the first true community enterprise to be sponsored by the newly formed community council.

Play Grounds Ceremony Planned

Elaborating upon the council's plans for the community, Mr. Maus has released the first information relative to the opening of the playgrounds on June 11.

A special program is planned at each playground, and will include a pet parade for the children, which can include everything from a canary to an alligator, each child to decorate or carry his pet as suits his fancy, a parade of children in decorated baby buggies, wagons, tricycles, or any mode of conveyance now in existence, a decorated bicycle division, and possibly a section in which special groups such as Sunday School classes, cub packs, scout troops, etc., may present a marching division, a decorated auto, a tableau, etc. It is planned to have prizes for these events, and the P.-T. A. groups near each playground will be asked to play an important part in helping to carry out this program.

Everything we plan is for the betterment of the community, and is intended to us the help of every Hilltopper so that we can develop a strong community feeling of neighborliness," says Mr. Maus. "When we have accomplished that, no program will be to hard for our community to carry out."

Banks Heads Playground Group

M. M. Banks, chairman of the playgrounds committee, announced that a one week training course for playground supervisors is now in session under the leadership of a representative from the National Playground Association, and that every community will be assured of competent instructors this year.

At present the city has advised the committee three playgrounds will be opened, Glenwood, Holton and Westgate Parks. It is expected the board of education will announce two schools, West Broad and John Burroughs, will be opened for supervised play also.

Working with Mr. Banks on his committee are Joseph A. Briggs, Dale Rose, Mrs. Walter Lutz and Mrs. Arthur Wollerman.

Rabid Animals Brings Police Warning Here

Five city trucks manned by police crews were detailed to pick up any and all dogs found running at large this week as city officials began to crack down on violators who allow their dogs to run loose in spite of frequent warnings by the City Board of Health. Rabid animals have continued to appear in various sections of the city in spite of months of inadequate enforcement of the dog quarantine.

It seems imperative that we use the Police Department in co-operation with the Humane Society to enforce the quarantine," said Safety Director C. C. Cole, in explaining the move.

A dog owned by Walter Thomas Snyder, 911 Sullivant-av was found to have rabies on April 18, according to the Board of Health. Fifteen persons were known to have had contact with the animal. All are taking treatment. On April 15, a dog owned by Mrs. Condron, 676 Henry-st, died and on being examined was declared to be rabid. One person was bitten and two in contact with the animal. Increasing interest is being manifested in the community hymn sings being held every other Sunday evening in various churches on the Hilltop. From 9:15 to 10 p. m. on alternate Sundays, young people and others gather from their evening services into the church inviting them, for a time of inspiration just singing the old Christian hymns and gospel songs. Next Sunday evening all interested Hilltoppers are invited to the Burgess Avenue United Brethren Church, on the corner of Burgess and Sullivant. Elzie Radcliffe will be the song director, with Mrs. Ruth Grant at the piano.

Track Squad To Newark Saturday

Coach Rufus Glass and his West High track squad will journey to Newark Saturday to compete in the relays there while they are still stinging from an 80½ to 30½ loss at the hands of Central's thinclads Wednesday.

The West squad won the high jump, 880 run and Austin Hutt did the mile in 4:34.5 for another first. Myron Keihborth of Central was the big man in Wednesday's events, taking first in the 100 yard dash, 220 and the broad jump.

The Hilltoppers garnered a total of four points at the Wesleyan Relays at Delaware last Saturday when a team of Hutt, Smith, Dean and Hall took second place in the medley relays. They will enter the City Track and Field Meet at Ohio State University stadium Tuesday and Wednesday.

Gardening Aid Is Offered By Ford Co.

With the increased importance and practical value of Victory Gardens, The Beasley Grove Company, in collaboration with the Ford Motor Company's Garden Educational Service, is offering a limited supply of free booklets.

How to plant, cultivate, grow and harvest, as well as pest control, is described and illustrated in a simple easy to understand fashion. It is an ABC in garden practice and should be of real help in planning to get best results from a garden.

The booklets are available at their store, 759 W. Broad-st, to those interested, without any obligation.

MEETING TONIGHT

The Townsend Club No. 31, will meet tonight at 8 p. m. at the I.O.O.F. Hall, 24 W. Goodale-st.

Writes of Hazardous Miles In Philippine Jungle Excursion

Sgt. James Rigney, 25, son of Mr. and Mrs. N. E. Rigney, 2547 Eakin-rd, writes a letter home describing his Philippine jungle excursion with his cousin, S/Sgt. Johnson M. Queen, Jr., formerly of Walsh-av.

They decided on a tour of the neighboring countryside, all of which used to be Jap-held territory. Here is a brief summary of his letter:

Jan 30, 1945

Somewhere in the Philippines

I don't suppose there is a whole lot I can tell you about the islands because I've only been here a short while. The other day, S/Sgt. Johnson M. Queen, Jr., and I made a tour of the countryside, travelling through rice fields, knee deep with mud and water.

After a mile or so, we came across the base of the first-mountain ranges, only to discover it was a stone wall. Quite a bit of time was lost skirting the base before we found a break in the undergrowth of jungle grass (six to eight feet high) vines and bamboo thickets. And much to our good fortune, we found ourselves directly beneath a waterfall. It was terribly hot there; the undergrowth cut off all breeze and the dampness made it almost suffocating.

Even though our expedition looked a failure, we started climbing, pushing and chopping our way to the top. After a perilous climb of 20 ft. on a vine-covered cliff, we were able to see the entire valley, the ocean and everything for miles in any direction. We knew the crest was only a 100 feet away but the remaining distance would be the toughest yet encountered.

After several attempts, we made a path of our own. The hillsides were strewn with Japanese trenches, fox holes, dugouts and shell craters. Soon, we were only a few feet from the waterfall and here we sat in the shade resting after our climb. Smoked a cigaret and ate a candy bar, then decided to make our return trip, this time on the opposite slope.

Our descent took nearly twice the time of the climb upward. The entire trip covered a distance of about three miles and it took five hours. We were plenty tired, but I actually think it was worth it.

Sgt. James Rigney enlisted in 1941 and went overseas last November. He is a radio field operator.

A brother, Albert Rigney, Petty Officer 3/c enlisted in the service in Feb. 1940 and was sent overseas last September. He participated in the battle of Iwo Jima.

Mr. and Mrs. N. E. Rigney, have six nephews, who are all serving overseas. One nephew, Donald Meston, has been a prisoner of the Germans since Nov. 10, 1944.

Sgt. Smith Credited With 50 Missions

S/Sgt. Charles M. Smith, 27, an armored gunner on a 15th AAF B-24 Liberator bomber has made 50 missions over bombing raids in southern Germany, northern Italy, Austria and parts of Yugoslavia.

Before his entry into the service in Nov. 1943, was a member of the Columbus Fire Department.

His wife, Mrs. Audrey A. Smith and four-year old son, Michael, reside at 140 Whitethorne-av. Sgt. Smith is the son of Mr. and Mrs. Perry E. Smith of 1226 Tedco-dr.

David Thomas Manager Of Coast Guard Rifle Team

Cadet David Harry Thomas, USCG, son of Major David R. Thomas of the U. S. Army, and 80 North Wayne-av, and Mrs. Gladys M. LaBar, of Box 62, White Sulphur Springs, West Virginia, has been elected manager of the 1946 rifle and pistol teams at the United State Coast Guard Academy, New London, Connecticut. Cadet Thomas is a second classman at the Academy where his class will receive their commissions in June of 1945.

Cadet Thomas will manage a rifle and pistol team which should be one of the strongest in Academy history as a fine nucleus of veteran material will remain. This year's rifle team won the New England title for the third year and attained the distinction of being the first college team to defeat the West Point team in more than two years. Cadet Thomas has also been an assistant manager in football and sailing.

Cadet Thomas entered the Coast Guard Academy in the summer of 1943 after passing the annual competitive examination. Prior to receiving his appointment as a cadet, he graduated from West High School in Columbus, and Columbia Military Academy at Columbia, Tenn. He was attending Ohio State University at the time of his appointment.

AFTER THE HELLDIVERS ARRIVED

It's Hahn City, large port on Okinawa, that's in flames after carrier-based planes, including deadly Curtiss Helldiver dive bombers, walloped the Ryukyu chain last October in preparation for the invasion of Okinawa April 1. Okinawa is but 350 miles from the Jap mainland.

Volunteers Are Needed To Help Pack Old Clothing for Shipment

Sorting and packing of Franklin County's contributions to the United National Clothing Collection — the quota was 1,500,000 pounds — means considerable work and an appeal has been sent out for 500 volunteers to aid in preparing the garments for shipment to national headquarters.

Mrs. J. W. Henderson, 1221 Westwood-av, is in charge of recruiting women for the task and those interested in playing an important role in this project which will bring relief to millions of destitute families in war-torn areas should contact Clothing Collection Headquarters, 17 S. 4th-st, or telephone MA. 0401.

Mrs. Henderson said that 82 women workers are needed each day of the week following the collection on April 28, or until the job is completed. They are being asked to work from 9:30 a. m. to 4 p. m., bringing their own lunches. They will work in groups of seven, including three to open cartons, three to sort the clothing, and one to re-pack the garments in boxes ready for shipment to national headquarters.

The Military Science Building on the Ohio State University campus, north of Ohio Stadium, is serving as the receiving depot for the city and county contributions, according to Chairman William E. Ellis.

Brake-Check Program To Last Thru May

Check your brakes to prevent accidents, and conserve your car during the period when replacements are impossible, advises D. Knight Finley, manager of the Safety Council of the Columbus Chamber of Commerce.

In an effort to keep passenger cars out of the scrap heap here, the International Association of Chiefs of Police is sponsoring a nation-wide Brake-Check Campaign, started April 15th and continuing through the month of May. The "scrap heap" is meant literally, because last year more than a quarter of a million automobiles were destroyed as the result of accidents—so smashed up they could not be salvaged.

In addition to the material loss, the accidental fatality and injury figures were appalling—approximately 800,000 persons injured, of whom 23,400 died. Most significant is the fact that 52% of these persons killed or injured in traffic accidents, were workers, and seriously affected the production of war material.

Cooperating locally in this program are the Columbus Police Dept. with Chief L. W. Merica as coordinator, the Safety Council of the Columbus Chamber of Commerce, press and radio.

Careful driving is an important factor in the prevention of traffic of course, but faulty brakes are a contributing cause in a surprisingly large number of cases.

To eliminate this cause, and thus substantially reduce these accidents which are annually taking a tremendous toll of vehicles and manpower, is the objective of this campaign. Every motorist in Columbus and Franklin County is urgently requested to cooperate in this movement, by having your brakes checked without delay, and if they are not right, have them put in first class condition at once.

High In General Scholarship Test

Nola Faris, 236 S. Brinker Ave., ranked third among the girls in the 1945 general scholarship tests for senior boys and girls in the Ohio State University district, conducted by the State Department of Education.

William W. Kight, 3144 Wicklow Rd., also was among the seniors receiving honorable mention.

HAPPY MAN

That was Fred Adair, 32 Whitethorne-av, when he was telling of his finding a "Shakespeare" fly rod tip three weeks after losing it. He and a companion were deciding where to take their weekly jaunt to a stream, when he got a yearning to have that lost tip back, and he says he walked right into it close to his favorite fishing hole down at Fox.

HARD TO UNDERSTAND

In a recent ruling of the OPA that livestock buyers are to be cut to the 475 miles-per-month gasoline ration . . . With an acute meat shortage affecting the entire country in general and Central Ohio in particular it seems kinda funny that the boys who supply that meat should be limited in their operations.

It is a pretty generally known fact that the low-octane gas supply is plenty adequate, and certainly the few necessary tires could be supplied. However the masterminds have to make their little rulings, although the local board members have to bear the brunt of the situation.

FORMER HILLTOPPER

Received a letter this week from Mrs. Maggie W. Stratton, of Los Angeles, Calif., notifying us that she had received her first copy of the Record since moving there . . . she spent 10 years on the Hilltop.

Mrs. Stratton says, "I have a son in service in France, no doubt now in Berlin. He is T/Sgt. W. C. Stratton. Looks like the war is over at last and we will be glad, and hope this is the last one."

HOBBY TECHNIQUE

We noticed a radically designed and well-built model glider on exhibition at the Better Home Center this week. A 48" job, it was designed and built by Dick Wells, 15, of 135 S. Southampton-av.

There are several other model gliders and planes on display there, where materials and designs can be obtained from Ed Witherspoon. This is a worthwhile youngster's hobby which has been developed into something big since this war started, and which will be used to good advantage in the post-war commercial program.

DONATION

"Doc" Campbell expressed his appreciation for our donation to the Hilltop of an art gallery, with a director like Phil Adams, in last week's issue . . . however, we find that the Columbus Gallery of Fine Arts wants to stay where it is, in spite of typographical errors.

Oh well, if one of the leading news services could end the European War before the Germans were ready, why can't we come forth with an art gallery for the Hilltop?

LOST BILLFOLD

Mrs. Jack Wilson, 24 N. Hague-av, reports the loss of a billfold containing keepsakes in memory of her late husband who died in service last summer . . . .

Contents were listed as dog-tags, a silver dollar and the Record clipping which reported his death. The Westmont Theatre, where the prized article was lost, reports no luck in their building search.

Perhaps whoever found the item will now realize its importance and return it to the lady.

HERE AND THERE

Neal Ross, 376 S. Powell-av, was to appear at Toledo today to be issued his medical discharge from the Navy after serving in the Pacific . . .

Sgt. Harold Tackman was enjoying a furlough from an Oklahoma air base this week. "Tack" flew as a tail gunner on a B-26 from African and European bases before returning to the States for Cadet training . . .

Harry Gearhart, of 32 N. N. Harris-av, a volunteer member of the gasoline panel of the local ration board, last week received flowers and a signed card from his co-workers there. He had just returned from Doctors' Hospital after an operation . . .

Sgt. Wilbur Thompson who, with twin brother Walter, went

Lt. Charles E. Power

Seriously wounded in action in Germany on April 13, First Lt. Charles E. Power, son of Mrs. Hazel Power, 253 S. Richardson-av, is recovering in an English hospital. A veteran of Africa, Sicily, France, Belgium, and

West High Buddies See Overseas Action Apart

Jack Embrey And Dick Ewing Part At San Diego, Calif.

Jack R. Embrey, PhM 3/c, son of Mr. and Mrs. Jack R. Embrey, 833 S. Eureka-av, and Pfc. Richard O. Ewing, son of Mr. and Mrs. Oscar Ewing, 816 S. Eureka-av, were separated from each other when they left Camp Elliott, San Diego, Calif., in March, 1944, for overseas.

Jack entered the Navy in July, 1943, took his basic train-in at Great Lakes and then sent to Camp Elliott. Here he was transferred from the Navy into the Marine Medical Corps, helped to give overseas shots to an entire unit. Jack left for Pearl Harbor but was stationed there only a short time.

The first of April, Embrey was sent to the Isle of Hawaii to care for the injured in the hospital. He had quite an experience one night when his unit had a long overnight hike, and one of the fellows fell and broke his leg and another his nose. Jack helped to set his buddie's leg when he was run over by a truck. "It was the nicest patient I ever had because he didn't have any back talk."

Tough Going at First

Pharmacist Mate Embrey is now on an island in the S. W. Pacific with the 5th Marines. When his company first arrived, the brush was so thick, they coudn't see 2 ft. in front and it had to be cleared by hand.

The last time, his parents heard, their company was hoping to have their own electricity. The water is rationed and they are allowed only a helmet full a day in order to take a shower.

Pfc. Ewing entered the service in Nov., 1943, and had 4 months basic training at Camp

Elliott and in March, 1944, left for New Caledonia. Later, he was stationed aboard a troop transport for 60 days in the S. Pacific, landed on Guadalcanal and was attached to the 3rd. Amphibious Corps.

In Invasion of Guam

Ewing boarded a boat and stood by to see if needed at Saipan so instead, made an amphibious landing at Guam. He left Guam and went back to Guadalcanal to a hospital because of nose trouble.

Pfc. Ewing returned to the states in Nov., 1944, and was sent to the U. S. Naval Hospital in New York and came home on a 30-day medical leave in December. He returned to the hospital again and was again given a 28-day overseas leave in January.

He is now on guard duty at the Philadelphia Ship Yards in Pennsylvania.

Pfc. Ewing wears the Presidential Unit Citation, Asiatic Pacific ribbon and the American Theater ribbon with stars.

Hutt Breaks Meet Record

Austin Hutt, West High's great distance runner, broke Les Eisenhart's record of 2:02.8 while taking first place in the ½ mile event of the City Track Meet at OSU track Wednesday. Hutt, who missed the mile record by one second in gathering another first, cut the half-mile time to 2:02.

In spite of the great runner's efforts, West came in fourth with 34½ points as compared to 68 for Central, 54 for East and 48½ for North. Bill Smith had a second in both the 440 yard run and the broad jump, while Daryl Hall took 4th in the mile and 3rd in the half-mile. Dick Slager got a 4th in the shot-put.

Schaeffer of North was the individual star of the meet, taking first in four separate events.

West Junior tied for third with Champion as Everett and Indianola took the two top spots.

Outdoor Skating Started Here By Police Dept.

Free skating parties for teenage children will become a weekly event in all localities in Columbus with the inauguration of the plan in selection of a Hilltop site for the first of them, announced Police Chief Lester W. Merica today. The first event will be staged Tuesday evening in Powell-av opposite West High School. In addition to regular officers of the juvenile bureau all members of Division C of the junior police, the Hilltop company, will appear in uniform and will assist in general conduct of the party. In other sections of the city the same program will be followed.

Strict police supervision under direction of the social and juvenile bureau will be maintained at all of them.

Smooth asphalt pavements will be flushed by the city and barricades erected to divert traffic. Residents in given territories will be requested to park elsewhere from 7 until 9:30 on evenings when parties are scheduled. They also will be solicited for signed petitions requiring consent of the majority for the street use. Music for the events will be furnished by recording devices of the police safety control car.

Children must furnish their own skates. Special arrangements for additional street lighting when required have been made also. Parents and spectators are invited to attend the events which, officials think, will become popular during the summer school vacation period.

Endorsements of the juvenile entertainment program has been received from young people's groups of churches and civic organizations. They have offered their support to supervision of the events.

Chubby's Market To Open Play Sun.

Chubby's Market will open the Sunday Afternoon League ball season on May 13 with Ace's Service Station providing the competition. The game will be played at Westgate Park starting at 2:30.

In a pre-season game played last Sunday Chubbys defeated Reynoldsburg by a score of 10 to 2. Hunter and Berthelmas constituted the battery for the local team.

The starting lineup for Sunday's opener will probably be as follows:

Humphrey, rf; Weaver, 2b; Dupler, Sr., 1b; Valentine, 3b; Pelkey, cf; Kuhn, lf; Barthelmas, c; marvin, ss; and Hunter on the mound.

7th War Loan Symbol To Be Marine's Picture

Inspiration for the Seventh War Loan Symbol is the famous photograph of marines raising the flag over Mount Suribachi on Iwo Jima. Treasury officials have announced that they will display the picture more widely than any photograph has ever been shown before.

Two versions of the picture will be used in the drive, which will open here on May 14. One is an oil painting done by C. C. Beall, noted artist, to be used in large posters and other advertising media. The other is the simplified version for more general use in smaller space advertisements.

Boys' State Is Cancelled by ODT

Tuesday's planned selection of two Hilltop boys as representatives to the Buckeye Boys' State at Wittenberg College in Springfield was cancelled this week when the Office of Defense Transportation ruled out the annual affair for this year.

Two delegates and two alternates were to have been selected by Camp Chase Post officials, with one delegate to be sponsored by the Hilltop Business Men's Association. Chester W. Wagner had been appointed as local chairman.

S. P. I.'s TO MEET

The S. P. I. Class of Glenwood Methodist Church will meet Monday evening at the church. The hostesses are Amelia Saylor, Opal Backus, Olive Brobeck, Beulah Twigg and Alice Willcox.

V-E Day Quiet On Hilltop; Churches Hold Services

The long-awaited V-E Day was observed rather than celebrated on the Hilltop Tuesday with an atmosphere of reverence rather than hilarity. The official announcement that war had ended in Europe was received with a marked absence of noise making in contrast to celebrations reported in some sections of the county.

Almost every church was open through the day and for special services in the evening. Most Hilltoppers remained at their war jobs although all local business places remained closed.

Flags were displayed in almost every store window, on street corners, and on the porches of many homes. Most of the business places did not open at all in anticipation of President Truman's message at 9 a. m.

Many Attend Church

Several Hilltop pastors reported sizeable crowds in attendance for the evening services and for periods of thanksgiving and prayer throughout the day. The Hilltop Business Men's Association meeting at Glenwood Methodist Church to transact their monthly business, adjourned to the church sanctuary where a packed house heard the reading of the presidential proclamation declaring Sunday, May 13, as a day of prayer.

Lights in some store windows and on theater marquees were flashed on for the first time in weeks as the "brown-out" regulations were lifted. Once again West Broad Street took on an air of activity after dark.

No disturbances of any kind were reported throughout the day and it is belived that virtually all of the local war workers reported to their jobs on time Wednesday morning.

All local schools remained closed and many school children took advantage of the holiday to go up town to see the sights or visit the circus that opened that day. Columbus, too, was quiet. Whistles and bells sounded forth for approximately one-half hour but soon the streets were virtually deserted as offices and stores closed for the day or failed to open for business at all. A few factories dismissed their employees in the middle of the afternoon but most war plants operated on a full-time basis.

It will be held on Wednesday May 16, instead.

West Enters City Baseball Tournament Shy Pitching

Remain Unfeated In League Play Near Season's End

The West High Cowboy baseball squad, unbeaten through seven city league games, were to have entered the Central District Class A tournament Thursday at 4:00 p. m. handicapped with a temporarily one-armed pitcher.

A combination of falling rain, west grounds and cloudy skies Thursday indicated that the opening of the tournament would be set back one day, which would be favorable to the West High pitcher shortage.

Coach Dale Rose reported Thursday that it would probably be necessary to use Paul Hegenberger, suffering with broken bones in his right hand, for the mound duties, unless bad weather postponed the opener. Bob Phelps, ace of the league, and Jack Thrush, who doubles as third-baseman, are not ready after pitching Monday and Tuesday. Dick Ison, veteran catcher, was in Cincinnati to take a Coast Guard test.

Central Today

The Cowboys, if they get by Aquinas, will then play Central, who drew a bye, today. The semi-final is scheduled for Saturday, with the final to be played next Friday. All of West's games are on USO diamond 2. The final will be played at Magly Field, regardless of the contestants.

A regular league game is scheduled with Aquinas here Tuesday. The Rosemen are two games ahead of Linden and three in front of South, with Central, North, Aquinas and East having been mathematically eliminated.

The locals have five league games remaining.

LEAGUE STANDINGS

West	7	0
Linden	5	2
South	4	3
Central	4	4
North	3	4
Aquinas	1	4
East	0	7

After being rained out both last Thursday and Friday, West got back on their schedule by defeating North 4-2 on Monday and squeezing out a 3-2 win over Central on Tuesday, to further boost their chances for their sixth straight city baseball championship.

West High Senior Dance Tonight

Reighley, purchased a one hundred dollar War Bond for future improvements in the gym, sponsored two bond drives, and, at present manages weekly sales of war stamps.

The entire Student Council is backing this dance, striving to make this last event as successful as their past efforts.

Cyclist Grabs Purse

Something new in the technique of purse snatching was demonstrated on the Hilltop Saturday when a youthful bicyclist swooped down upon a pedestrian and grabbed a purse. Victim of the robbery was Mrs. R. E. Friend, 70 N. Powell-av.

The incident occured near the Friend home. Approximately $36 and ration books were stolen.

TO MEET MONDAY

HAPPY MAN

That was Fred Adair, 32 Whitethorne-av, when he was telling of his finding a "Shakespeare" fly rod tip three weeks after losing it. He and a companion were deciding where to take their weekly jaunt to a stream, when he got a yearning to have that lost tip back, and he says he walked right into it cldse to his favorite fishing hole down at Fox.

HARD TO UNDERSTAND

In a recent ruling of the OPA that livestock buyers are to be cut to the 475 miles-per-month gasoline ration . . . With an acute meat shortage affecting the entire country in general and Central Ohio in particular it seems kinda funny that the boys who supply that meat should be limited in their operations.

It is a pretty generally known fact that the low-octane gas supply is plenty adequate, and certainly the few necessary tires could be supplied. However the masterminds have to make their little rulings, although the local board members have to bear the brunt of the situation.

FORMER HILLTOPPER

Received a letter this week from Mrs. Maggie W. Stratton, of Los Angeles, Calif., notifying us that she had received her first copy of the Record since moving there . . . she spent 10 years on the Hilltop.

Mrs. Stratton says, "I have a son in service in France, no doubt now in Berlin. He is T/Sgt. W. C. Stratton. Looks like the war is over at last and we will be glad, and hope this is the last one."

HOBBY TECHNIQUE

We noticed a radically designed and well-built model glider on exhibition at the Better Home Center this week. A 48" job, it was designed and built by Dick Wells, 16, of 135 S. Southampton-av.

There are several other model gliders and planes on display there, where materials and designs can be obtained from Ed Witherspoon. This is a worthwhile youngster's hobby which has been developed into something big since this war started, and which will be used to good advantage in the post-war commercial program.

DONATION

"Doc" Campbell expressed his appreciation for our donation to the Hilltop of an art gallery, with a director like Phil Adams, in last week's issue . . . however, we find that the Columbus Gallery of Fine Arts wants to stay where it is, in spite of typographical errors.

Oh well, if one of the leading news services could end the European War before the Germans were ready, why can't we come forth with an art gallery for the Hilltop?

LOST BILLFOLD

Mrs. Jack Wilson, 24 N. Hague-av, reports the loss of a billfold containing keepsakes in memory of her late husband who died in service last summer . . . .

Contents were listed as dogtags, a silver dollar and the Record clipping which reported his death. The Westmont Theatre, where the prized article was lost, reports no luck in their building search.

Perhaps whoever found the item will now realize its importance and return it to the lady.

HERE AND THERE

Neal Ross, 376 S. Powell-av, was to appear at Toledo today to be issued his medical discharge from the Navy after serving in the Pacific . . .

Sgt. Harold Tachman was enjoying a furlough from an Oklahoma air base this week. "Tack" flew as a tail gunner on a B-26 from African and European bases before returning to the States for Cadet training . . .

Harry Gearhart, of 32 N. N. Harris-av, a volunteer member of the gasoline panel of the local ration board, last week received flowers and a signed card from his co-workers there. He had just returned from Doctors' Hospital after an operation . . .

Tough Going at First

Pharmacist Mate Embrey is now on an island in the S. W. Pacific with the 5th Marines. When his company first arrived, the brush was so thick, they coudn't see 2 ft. in front and it had to be cleared by hand.

The last time, his parents heard, their company was hoping to have their own electricity. The water is rationed and they are allowed only a helmet full a day in order to take a shower.

Pfc. Ewing entered the service in Nov., 1943, and had 4 months basic training at Camp

Jack Embrey—Dick Ewing

Elliott and in March, 1944, left for New Caledonia. Later, he was stationed aboard a troop transport for 60 days in the S. Pacific, landed on Guadalcanal and was attached to the 3rd. Amphibious Corps.

In Invasion of Guam

Ewing boarded a boat and stood by to see if needed at Saipan so instead, made an amphibious landing at Guam. He left Guam and went back to Guadalcanal to a hospital because of nose trouble.

Pfc. Ewing returned to the states in Nov. 1944, and was sent to the U. S. Naval Hospital in New York and came home on a 30-day medical leave in December. He returned to the hospital again and was again given a 28-day overseas leave in January.

He is now on guard duty at the Philadelphia Ship Yards in Pennsylvania.

Pfc. Ewing wears the Presidential Unit Citation, Asiatic Pacific ribbon and the American Theater ribbon with stars.

Hutt Breaks Meet Record

Austin Hutt, West High's great distance runner, broke Les Eisenhart's record of 2:02.6 while taking first place in the ½ mile event of the City Track Meet at OSU track Wednesday. Hutt, who missed the mile record by one second in gathering another first, cut the half-mile time to 2:02.

In spite of the great runner's efforts, West came in fourth with 34½ points as compared to 68 for Central, 54 for East and 48½ for North. Bill Smith had a second in both the 440 yard run and the broad jump, while Daryl Hall took 4th in the mile and 3rd in the half-mile. Dick Slager got a 4th in the shot-put.

Schaeffer of North was the individual star of the meet, taking first in four separate events.

West Junior tied for third with Champion as Everett and Indianola took the two top spots.

Outdoor Skating Started Here By Police Dept.

Free skating parties for teenage children will become a weekly event in all localities in Columbus with the inauguration of the plan in selection of a Hilltop site for the first of them, announced Police Chief Lester W. Merica today. The first event will be staged Tuesday evening in Powell-av opposite West High School. In addition to regular officers of the juvenile bureau all members of Division C of the junior police, the Hilltop company, will appear in uniform and will assist in general conduct of the party. In other sections of the city the same program will be followed.

Strict police supervision under direction of the social and juvenile bureau will be maintained at all of them.

Smooth asphalt pavements will be flushed by the city and barricades erected to divert traffic. Residents in given territories will be requested to park elsewhere from 7 until 9:30 on evenings when parties are scheduled. They also will be solicited for signed petitions requiring consent of the majority for the street use. Music for the events will be furnished by recording devices of the police safety control car.

Children must furnish their own skates. Special arrangements for additional street lighting when required have been made also. Parents and spectators are invited to attend the events which, officials think, will become popular during the summer school vacation period.

Endorsements of the juvenile entertainment program has been received from young people's groups of churches and civic organizations. They have offered their support to supervision of the events.

7th War Loan Symbol To Be Marine's Picture

Inspiration for the Seventh War Loan Symbol is the famous photograph of marines raising the flag over Mount Suribachi on Iwo Jima. Treasury officials have announced that they will display the picture more widely than any photograph has ever been shown before.

Two versions of the picture will be used in the drive, which will open here on May 14. One is an oil painting done by C. C. Beall, noted artist, to be used in large posters and other advertising media. The other is the simplified version for more general use in smaller space advertisements.

V-E Day Quiet On Hilltop; Churches Hold Services

The long-awaited V-E Day was observed rather than celebrated on the Hilltop Tuesday with an atmosphere of reverence rather than hilarity. The official announcement that war had ended in Europe was received with a marked absence of noise making in contrast to celebrations reported in some sections of the country.

Almost every church was open through the day and for special services in the evening. Most Hilltoppers remained at their war jobs although all local business places remained closed.

Flags were displayed in almost every store window, on street corners, and on the porches of many homes. Most of the business places did not open at all in anticipation of President Truman's message at 9 a. m.

Many Attend Church

Several Hilltop pastors reported sizeable crowds in attendance for the evening services and for periods of thanksgiving and prayer throughout the day. The Hilltop Business Men's Association meeting at Glenwood Methodist Church to transact their monthly business, adjourned to the church sanctuary where a packed house heard the reading of the presidential proclamation declaring Sunday, May 13, as a day of prayer.

Lights in some store windows and on theater marquees were flashed on for the first time in weeks as the "brown-out" regulations were lifted. Once again West Broad Street took on an air of activity after dark.

No disturbances of any kind were reported throughout the day and it is belived that virtually all of the local war workers reported to their jobs on time Wednesday morning.

All local schools remained closed and many school children took advantage of the holiday to go up town to see the sights or visit the circus that opened that day. Columbus, too, was quiet. Whistles and bells sounded forth for approximately one-half hour but soon the streets were virtually deserted as offices and stores closed for the day or failed to open for business at all. A few factories dismissed their employees in the middle of the afternoon but most war plants operated on a full-time basis.

The annual Fathers' Night program, scheduled to be held by the John Burroughs Parent teachers Association at the school auditorium on Tuesday, May 8, at 7:30 p. m. was postponed because of V-E Day.

It will be held on Wednesday May 16, instead.

Boys' State Is Cancelled by ODT

Tuesday's planned selection of two Hilltop boys as representatives to the Buckeye Boys' State at Wittenberg College in Springfield was cancelled this week when the Office of Defense Transportation ruled out the annual affair for this year.

Two delegates and two alternates were to have been selected by Camp Chase Post officials, with one delegate to be sponsored by the Hilltop Business Men's Association. Chester W. Wagner had been appointed as local chairman.

West Enters City Baseball Tournament Shy Pitching

Remain Unfeated In League Play Near Season's End

The West High Cowboy baseball squad, unbeaten through seven city league games, were to have entered the Central District Class A tournament Thursday at 4:00 p. m. handicapped with a temporarily one-armed pitcher.

A combination of falling rain, west grounds and cloudy skies Thursday indicated that the opening of the tournament would be set back one day, which would be favorable to the West High pitcher shortage.

Coach Dale Rose reported Thursday that it would probably be necessary to use Paul Hegenberger, suffering with broken bones in his right hand, for the mound duties, unless bad weather postponed the opener. Bob Phelps, ace of the league, and Jack Thrush, who doubles as third-baseman, are not ready after pitching Monday and Tuesday. Dick Ison, veteran catcher, was in Cincinnati to take a Coast Guard test.

Central Today

The Cowboys, if they get by Aquinas, will then play Central, who drew a bye, today. The semi-final is scheduled for Saturday, with the final to be played next Friday. All of West's games are on USO diamond 2. The final will be played at Magly Field, regardless of the contestants.

A regular league game is scheduled with Aquinas here Tuesday. The Rosemen are two games ahead of Linden and three in front of South, with Central, North, Aquinas and East having been mathematically eliminated. The locals have five league games remaining.

LEAGUE STANDINGS

West	7	0
Linden	5	2
South	4	3
Central	4	4
North	3	4
Aquinas	1	4
East	0	7

After being rained out both last Thursday and Friday, West got back on their schedule by defeating North 4-2 on Monday and squeezing out a 3-2 win over Central on Tuesday, to further boost their chances for their sixth straight city baseball championship.

West High Senior Dance Tonight

Tickets may be obtained at the gym at one dollar a couple or sixty cents single.

The dance climaxes a very active year fo rthe Council. The Council, during the course of two terms, has donated money to the school for a portrait of the late Dr. H. H. Reighley, purchased a one hundred dollar War Bond for future improvements in the gym, sponsored two bond drives, and, at present manages weekly sales of war stamps.

The entire Student Council is backing this dance, striving to make this last event as successful as their past efforts.

Cyclist Grabs Purse

Something new in the technique of purse snatching was demonstrated on the Hilltop Saturday when a youthful bicyclist swooped down upon a pedestrian and grabbed a purse. Victim of the robbery was Mrs. E. E. Friend, 70 N. Powell-av.

The incident occured near the Friend home. Approximately $35 and ration books were stolen.

TO MEET MONDAY

Robert Morris Semper Fidelis will meet Monday evening at 8:00 at the home of Marie LeRoy, 3020 Fremont-av.

SPRING FEVER

I should like to be quite faithful
Writing letters to my friends,
But alas, my eyes discover
Spring has come and winter ends.

So I guess there's no use trying—
Sunny days are here once more,
Please excuse the interruption . . .
Spring is knocking at the door.

—Ida Rida Huniphreys,

SPRING IS A MAIDEN

Spring is a maiden, shy and fickle.
Smiling, she holds out her pink-white arms;
Gathering dewdrops, she lets them trickle
Between her fingers, displaying her charms.
She beckons and calls to come out and follow
Her vagrant footsteps, and then she laughs,
And leaves us shivering down in the hollow.
She delights to practice these witching crafts.

Spring is a gypsy roving the meadows,
And stopping in woodlands here and there.
She loves the redwood and dogwood blossoms
And weaves bright buttercups into her hair.
If you trust her she'll bewitch, then desert you;
But she always comes back to entice and ensnare,
Still, she makes us forget the sordid winter
And heartaches that came when the earth was bare.

BIRCHES AT DAWN

These are the white barked birches standing
Beside the river, wakened from sound sleep
In the chill dampness that comes in the fall;
A breeze stirs in their branches and they weep.

I see them through the fog, standing early
Against the diffused light of a new dawn.
They glisten. The river holds their curly
Reflection; they seem to stretch and yawn.

DANDELION

"Tooth of the lion" is what the French say,
But you are really the first smile of spring.
Why have they called you so harsh a name
When sunshine and joy forever you bring?
You tell of the belles who will follow soon after—
Queen of the garden, a whole world apart—
The roses, the lilies, the tulips, the dahlias,
Yet no thought of envy finds room in your heart.
Blooming for wayside, for palace or hut,
Gay little yellow-top, first flower of spring,
Equally kind to the high and the low,
The day of your coming makes every heart sing.

UPLIFT IN SPRING

When the spirit is uplifted in the spring,
When the perfume from her blossoms makes you sing,
When the bird comes to your hand to claim his seed
And the snowy puff is loosened from the weed,
When you feel sweet exaltation in your heart,
Are you certain you have found your destined part
In a marvelously positive, emprise,
You are happy; you are carried to the skies
In the knowledge of a satisfying power
That is measured to the burden of the hour.

Art Director's Address Is Highlight of HBMA Meeting

Members and Guests Attend V-E Day Services at Glenwood Tuesday Evening

Phil Adams, director of the Columbus Gallery of Fine Arts, "sang the bell" with his talk on "Art, Politics and Hemispheres" before a small V-E Day crowd of 35 members and guests of the Hilltop Business Men's Association Tuesday evening.

Holding their regular monthly meeting in the basement of the Glenwood Methodist Church, those present were served dinner by the ladies of the church, then attended V-E Day services in the church auditorium before starting the business session.

"Wooing" the Nations

Mr. Adams, who had obtained an intimate knowledge of Latin-American affairs through his association with the State Dept. as executive secretary on foreign coordination, told of the bungling attempts of this department in trying to cement friendly relations with our brothers of the Western Hemisphere.

Relating several well-meant instances of attempted "wooing" of the South American nations which back-fired, he also made geographical comparisons of the Allied and Axis positions in their war-time diplomatic moves.

"THIS OUR FATHERS BOUGHT FOR US..."

★ Kipling was speaking of precious human freedom when he wrote, "This our fathers bought for us long and long ago."

But courage and valor are not solely the virtues of brave fighting men in combat. It took no less courage for men like Pasteur, Lister, Koch, and hosts of others to struggle for scientific truth against cries of heresy from the ignorant and the superstitious. Inspired by the example of these great men, your physician battles the same foes today. At his side is the pharmacist, always eager to carry the fight to the enemy.

HELP FILL THESE JOBS..
To Give the JAPS their Fill!

To speed complete Victory, Curtiss-Wright needs men and women to fill important jobs on the production line. Now, more than ever, Helldiver dive bombers are needed to bring the war against the Japs to a finish. The Navy is calling for vast numbers of planes to support future mass operations.

At least 1000 more workers can be used at once.

Remember this: The war isn't over until it's ALL over. That means all men and women should go all-out, all the way. Inexperienced, semi-skilled, skilled are needed. A few weeks at the Training School at the plant (with pay) will fit you for the production line. Talk it over right away with a Curtiss-Wright employment interviewer—won't you?

RECORDINGS—

(Continued from Page One)

through 2½ years of battle without a scratch, broke a leg while playing baseball at Marianna, Fla.

From Maree Myer of Newark, a former Hilltopper, comes a bit of rhyme appropriate for Mother's Day:

MOTHER'S ROOM

Arms, comforting as the hearth rug,
Love, glowing as the fire;
Here is the solace and a shrine
When soul and body tire.

There was a little excitement down on Harris av 'tother day when a lady driver in a hurry collided with a car which was coming from Wicklow-rd onto Harris . . .

The lady was very perturbed, raising quite a racket, even the strong arm of the law had trouble quieting her, but she soon learned that there are two things you can't do . . . win from an umpire or a cop.

There are few people who realize that secondary Hilltop streets which run north and south are not through streets just because they do not have stop signs, and this is liable to be fatal to more than one citizen.

The old rule of the car on your right having the right-of-way when there is no stop sign still holds true . . . in fact the wisest thing is to take it easy at these intersections and look both ways, letting the other fellow have the street, because he's the guy you've got to watch, not yourself.

Home From Overseas; In 8 Major Battles

Jack W. Baird, MM 2/c, son of Mr. and Mrs. Clarence H. Baird, 133 S. Westmoor-av, returned home Tuesday evening for a 25-day leave after serving 20 months on a battleship in the S. Pacific. He has served in eight major invasions.

Two other members of his family are serving overseas. His brother, Herb K. Baird, RM 2/c, is stationed somewhere in the S. Pacific and his father Clarence H. Baird is with a Tank Division in Belgium. The oldest brother, Bill, is on the Erie team in Pennsylvania.

Lutheran Children of the Church To Enjoy Picnic Here Saturday

The annual picnic for the children at Hilltop Lutheran Church will be held Saturday in the church yard, from 10:00 a. m. until 1:30 p. m. During the morning Mr. Donald Gardner will show the group movies. There will also be planned games and contests. The picnic will conclude the group's activities for the year.

The Children of the Church is under the direction of Mrs. Leonard Echols. Other members of the faculty are Mrs. Walter Tilton, Mrs. Michael Marcia, Mrs. Earl McClain, Mrs. Neal McMillan, and Mrs. Ronald Grennell. There are eighty children enrolled in the group this year. They have met every other Saturday afternoon during the regular school year.

There was a planned worship, citizenship, Bible Story lesson, memory and activity period for each session. Among the many activities the children prepared and mailed a box to The United Lutheran Inner Mission at Washington, D. C. It contained fifty book-marks for men, one hundred lapel pins for women in the Feeble Minded Institution, also fifty stuffed animals and fifty each partially prepared posters, plaques, fans, and other articles for the hospitalized children to complete.

The children's offering was sent to the treasurer of the Synod of Ohio to share in the life and work of The United Lutheran Church in America.

The children's motto for 1945 was "To live more nobly, work more joyously and be more truly the Children of God."

"HOLY, HOLY, HOLY"
REGINALD HEBER

This majestic hymn—so full of grandeur in sentiment—so classified in tune—was written by a devout English clergyman in 1827. Yet unpublished at the time of his early death, it was published in 1842 by his widow, along with fifty-six of his other stirring hymns.

Postal Workers Auxiliary Will Meet Tuesday

Mrs. Halph Ham, 686 S. Warren-av, president of the local auxiliary of the National Organization of Postal Clerks, announced the monthly meeting of this organization will be held at the Y.W.C.A. next Tuesday evening at 8 p. m.

Mrs. Roy Justus, 611 Wiltshire, has been named chairman of the picnic committee and announces that this year's picnic will be held Sunday, May 27, at the Sunshine Park Shelter House, a program of entertainment has been arranged and all postal clerks and their wives are invited to attend.

The members of the local auxiliary have been active in war work, their present project is baking cookies for the disabled soldiers in hospitals.

Mrs. Ham urges all members and their friends to contact their Senators and Congressmen in behalf of the bill now pending that will give postal employees their first salary increase since 1925. The bill calls for a step up of salary to meet the increased cost of living and also corrects the present overtime schedule now in effect which pays postal employes less for overtime than their regular hourly rate. While most industries pay time and a half overtime the postal employee receives about 20% less for all hours over 40 per week.

Minnameyer Supervisor Of Cairo Airplane Maintenance

ATC Air Base, Cairo—When a C-46 "Commando" or a C-54 "Skymaster" swoop into a foreign air base few of the spectators realize the work that will have to go into checking that plane. As flight chief at John H. Payne Field, that is where Technical Sergeant H. M. Minnameyer, Columbus, comes on the scene.

Hundreds of planes land and depart daily from Payne Field, and it is Minnameyer's job to see that if these planes have flown a straight 25 or 50 hours that they undergo a thorough check of everything from bolts to engine. This is no cinch, for Payne Field, commanded by Lt. Col. John P. Breckenridge, as one of the strategic operating points for North African Division of the USAAF Air Transport Command, dispatches hundreds of planes which chalk up their hours in a hurry.

Flight Chief Minnameyer supervises a staff of five technically trained men who give the arriving plane the once over, and any malfunctions are corrected with the necessary parts being replaced. Twenty four hours a day planes of all allied countries land at Payne Field, en their ways to all parts of the world.

Sergeant Minnameyer is the son of Mr. John Minnameyer, 125 South Terrace-av. Prior to entering the service in 1942 he was the owner of the Howard M. Minnameyer Auto Repair Shop, 2281 W. Broad-st. He is a member of the Hilltop Business Men's Association and the 13 Club.

What Is Legal Liability?

Common Law imposes on everyone the responsibility of proper care for the safety of the public. The failure to do what a reasonable person would ordinarily have done under the circumstances is generally known as "Negligence," which is the basis of any legal liability claim for damages. Just what constitutes negligence in any particular set of circumstances is a question of fact to be determined by a jury.

Liability insurance is a necessity for everyone. Serious financial loss and possibly bankruptcy may be avoided by adequate protection. For further information, call

West Catcher Becomes Baseball Immortal---

By Jim McClintock

William H. Southworth, West High grad, manager of the World Series-winning St. Louis Cardinals, first entered baseball against his father's wishes. One of seven children, he was born to Mr. and Mrs. Orlando F. Southworth on March 9, 1893, at Harvard, Nebraska. When Billy was 2, the Southworth's moved to Columbus, where he entered Avondale School and became interested in baseball, as a catcher, pitcher, or third-baseman. Orlando Southworth, a blacksmith, protested vigorously, and continued to disapprove as Billy moved on to catch for the WEST HIGH SCHOOL team.

But the young Southworth continued to knock that ball around, and at 18 he reported for a try-out with the Portsmouth Club of the Ohio State League. He was a catcher; but the only position open was right field, and there were five other candidates for that position. Southworth got it, and remained an outfielder throughout his playing career.

During the 1912 season he batted .278 (he bats left handed and throws right) and fielded .947. Billy's big chance came when he was sold in 1914, after playing 37 games with the Toledo Club of the American Association, to the Cleveland Indians of the American League. Then at the head of the Indians was Napoleon Lajoie, one of baseball's immortals. After playing in the senior loop, Billy was sent back to the minors for more seasoning.

Southworth came back to the majors in June, 1926, when the season was a month old. He was traded to the St. Louis Cardinals for Clarence Mueller, another gardner. This deal put Southworth on a "razzle-dazzle" gang of ball players whom Rogger Hornsby was shepherding to the first St. Louis National League pennant. Southworth's .320 batting and .970 fielding helped, and it was "Billy, the Kid," himself, whose home-run against the Giants clinched the flag for Hornsby. And in the dramatic "rip-snortin" world series against Miller Huggins' New York Yankees which smashed all records for attendance and receipts, he played all seven games, hit a 407 foot home run, batted an average of .345 and fielded 1.000. As a member of the winning team, Southworth received 5,584.51 for the series.

In 1927 Southworth batted .301 for the Cardinals; but a recurrence of an ankle injury from his Cleveland days put him out of the line-up for a time. After that Branch Rickey, the Cardinals' vice-president, offered Southworth the management of their Rochester "farm" club.

He accepted and proceeded to win the 1928 International League pennant. The new manager was aided considerably by the fact that the line-up was packed with Paul Derringers, Pepper Martins, and Tex Carletons on their way up to the big league, and others on their way down. Meanwhile the Cardinals had won the league pennant, and had gone on to lose the world series to the Yankees four straight. Sam Breadon, the club president, and now owner, fired the Cardinal manager, Bill McKechnie (now Cincinnati Red manager) and sent for Southworth to replace him. When spring training began in 1929, Billy laid down the law to his old teammates. But players like the great Grover Cleveland

Billy Southworth

Alexander, Chick Hafey, Frankie Frisch (now Pittsburgh Pirate manager) Andy High, and Jimmy Wilson were opposed to Southworth's methods. His attempts to discipline them won him the name of "Billy the Heel," and in July, Southworth was sent back to Rochester, where he won the next three pennants in a row.

In 1935, Branch Rickey offered Billy the management of the lowest Cardinal "farm" club, the Asheville team of the Piedmont League. And Southworth made a success of it.

In 1936 Southworth was promoted to management of the Memphis Chicks in the Southern Association, and made a "fine record on the field and off." As a reward Southworth was promoted to the management of the Rochester Red Wings, which he had lost seven years earlier.

Meanwhile, Breadon had sold most of the Cardinals' baseball talent including such stars as Joe Medwick, Curt Davis, and Mickey Owen to the Brooklyn Dodgers for $365,000. In June, 1940, the Cardinals were running last in the pennant race; so Breadon fired their manager, Ray Blades, and gave the job to Billy Southworth. To everyone's amazement, Billy took over the Cardinals remnants and whipped up a team which ran close on the heels of the star-studded Brooklyn Dodgers and ended the season in first division behind the Cincinnati Reds and the Brooklyn team.

The next year Southworth had a chance to train his team according to his own ideas. Apart from this, however, Billy formulated only those rules that had the players' approval, and sometimes liberated their own decisions. The Southworth system brought out some new stars, among them, Terry Moore and Enos Slaughter, "the best outfielders in the National League;" a dazzling shortstop, Martin (Slats) Marion, called the league's most valuable 1944 player; the Cooper brothers: pitcher Morton, voted the most valuable player of 1942 and catcher Walker; Stan Musial and Jimmy Brown; and "the best crop of young pitchers anybody could remember."

In 1941 the St. Louis team came out second highest in the National League in spite of a long string of injuries, and Southworth was named "Manager of the Year," by the Sporting News.

The Dodgers were "hot" again the next season — at one time they lead the league by 10 games —but the Cardinals cooled them off in an exciting September double-header. Altogether Southworth's team won 43 of their last 52 games, 106 league victories in all, and went on to defeat the supposedly unbeatable New York Yankees in the World Series, four games-out of five. Each Cardinal's share of the series was $6,192.53. The Baseball Bible again named Southworth the Major League Manager of the Year. "Southworth is the perfect baseball manager," said Branch Rickey in 1944. "He's a gentleman, a shrewd baseball man, and an inspirational leader . . . I think he's wonderful."

Billy the Kid Southworth is of average height, five feet, eight and one-half, but most ball players tower over him, so that he must stand on tiptoe to whisper instructions or congratulations to his men. This fact, plus his trim 170 pound build and his boyish grim, explains the blue-eyed, brown-haired manager's ambiguous nickname. Southworth loves to hunt, fish, bowl, attend football games, and talk constantly of baseball. The Cardinals' man-

THOUGHT FOR TODAY

By O. R. Craft

Heart desires may be disciplined, to the point of killing the heart.

OSU Students Practicing At West High

Berdelle Shuster, a senior at Ohio State University in the college of education, is practice-teaching in Mrs. Jane Thomas's 10B English class.

Miss Shuster is a part time secretary in the chemistry department at O.S.U. and enjoys music, reading, and the movies, Bing Crosby being her favorite actor.

When asked her opinion of West, she replied, "It is a well-organized school and I like the people here very much."

Miss Ruth Volper, attractive student teacher of speech and English has been working with Mrs. J. Gilmore and Mr. M. T. Seifert for the past weeks and will be teaching until June. When asked her opinion of the students and teachers of West, she said, "They are extremely friendly and very nice."

Her home is in Wooster and she received her complete course in teaching at O.S.U.

Miss Volper enjoys her work very much. She has a high ambition to succeed.

Miss Marie Tresemer, practice teacher from Ohio State, was among the group of practice teachers sent to West for their required training before graduation in June. Miss Tresemer majors in English and history, substituting for Mr. Cole in history and Miss Keeler, Jr. High English teacher.

Miss Tresemer will graduate in June of this year. Upon graduating she wishes to secure a position teaching school in Columbus.

Among her hobbies, Miss Tresemer collects records of various types of music and has charge of a camp fire group on her free days. Foods of all sorts agree with this delightfully pleasant teacher, because, she states, "I love to eat."

Miss Tresemer advises those entering into the education field that "teaching is excellent work and provides permanent work along with a good education."

Hi-Y Softballers Boasts 13 Teams

West has two teams in the Hi-Y softball league this year. There are thirteen teams altogether. They will fight for champions by the process of elimination. Each team that loses goes into the consolation round.

Rodney Thomas is the playing manager of the "A" team and Bill Prillerman is the playing manager of the "B" team. The outlook for both teams is bright.

Pfc. Cromer With 37th Division

While serving as an ambulance driver with a medical detachment of the 37th Division, Pfc. Richard P. Cromer, husband of Mrs. Martha Cromer, Spencerville, and son of Mr. and Mrs. Ray E. Cromer, 497 N. Harris Ave, was wounded Feb. 12 in Manila. He is now believed to be in a hospital in New Guinea.

Pfc. Cromer, a graduate of West High School, has been with the famous Ohio division since January, 1941. He went overseas in May, 1942, and served in the Fiji Islands, Russell Islands, Guadalcanal, Bougainville and Munda with the 37th.

Lt. Nelson At Home On Leave

With a year of pre-Pearl Harbor service and two and one-half years duty in the European war theater under his belt, 1st Lt. William S. Nelson is spending a leave at the home of his parents Mr. and Mrs. H. W. Nelson, 219 N. Powell Ave. Lt. Nelson, one of a group of General Patch's 7th Army Engineers, participated in seven major campaigns and five invasions beginning with the invasions of Africa in November, 1942, and followed by the invasion of Sicily, Salerno; Anzio and Southern France.

—Court. Dispatch

A West High School graduate, and former OSU student, Lt. Nelson was employed in the office of the Crane Co. at the time of his induction.

Among his many overseas experiences he lists as three of the more pleasant: (1) his presence at Casablanca during the Big Three conference when his unit was featured in a parade in which the troops were reviewed by President Roosevelt; (3) an evening spent with Ernie Pyle when the correspondent visited troops on the Anzio beachhead; (3) the special service at the Cathedral in Vatican City where the Pope gave each soldier his blessing and a gift of a rosary.

Lt. Nelson likes a little boy down there at the third-base coaching line," says Roy Stockton, but baseball men agree that he coaches like an expert.

Vol. XXIX, No. 8 — The Hilltop, Columbus 4, Ohio, Friday, May 18, 1945 — Total No. 1364

This week we turn this space over to one of the masterpieces of chronicled action from the German battle fronts written by Homer F. Prince, son of Mr. and Mrs. Francis W. Prince, 2525 Westwood-dr. Before entering service he was employed at the Record office. The dispatch from Germany follows:

With the 4th Infantry Division in Bavaria—The 4th Division doughs are practically impervious to surprise but they recorded a new one this week as they raced across tottering but not yet fallen Germany.

Upon approaching the town of Scheurint a 22nd Regiment lieutenant, riding the lead vehicle and wondering whether this town, like so many others, would make a futile but costly "token" resistance, spotted a man emerging from the outskirts and waving a very obvious white flag. He pulled up alongside the man dressed in civilian clothes, who exclaimed, in somewhat broken English, "Don't shoot, I'm one of your boys — 8th Regiment, Company F—and was sent to surrender the town to you!"

The lieutenant was not surprised that the townspeople chose surrender rather than needless bloodshed and destruction (a few previous towns had exercised similar good judgment) but he was more than a little reluctant to accept the statement of this typical German that he was a bona fide member of the "Famous Fourth." Subsequent questioning, however, substantiated his claims and the 22nd Regiment continued on its mission while the Aryan happily made his way to Division Headquarters.

It was then my turn to be surprised. As he walked in with a classification officer I recognized him as Sgt. George Drexl of Bronx, N. Y., with whom I sailed overseas as infantry replacements nearly a year ago. He stayed overnight with me and related his experiences since we last met.

Sgt. Drexl, who migrated from Germany eight years ago, fought with the Fourth throughout the bloody Normandy and Hurtgen Forest campaigns, with the exception of a few weeks spent in England licking his Jerry-inflicted wounds. He was taken captive during the Battle of the Bulge and sent to a prisoner of war camp in southern Germany.

His account of treatment by his German captors corresponds, in essence, with the stories told by the throngs of recently liberated soldiers of various nationalities who have streamed through division headquarters. Neither he nor his fellow prisoners were subjected to any form of atrocity; in fact they were more or less on their own so long as they conformed to the prescribed rules. An infraction of the rules was generally punishable by a few days of solitary confinement. The diet was monotonous and unpalatable, and hardly adequate to maintain body weight unless supplemented by Red Cross packages. A typical day's menu comprised "grass" soup (sometimes made of beet tops) or potato soup, cheese, black bread, and ersatz coffee or weak tea. Living quarters were fairly sanitary but cramped and uncomfortable.

Sgt. Drexl, like countless others, escaped from prison in the confusion attending their removal from the path of the advancing Americans. Shortly after his escape he "induced" a German civilian to provide him with a suit and then made his way, via the hillside hiking trails he had trodden as a kid, to his boyhood home at Scheurint.

He took refuge in the home of his uncle, Alois Drexl, but his arrival did not remain a secret long as he spent the next few days renewing old acquaintances and answering a deluge of questions.

The populace, goaded by Nazi-instigated atrocity stories, planned to defend the town, and a handful of German artillerymen had set up gun positions on a nearby hillside. Sergeant Drexl, working against time, finally convinced the powers-that-be that Ameri-

CASUALTY REPORT LISTS 3 DEAD, 5 WOUNDED

Casualty Reports from European Theatre Continue After V-E Day

Two Hilltop service men were reported as killed in action while another died in an airplane crash in the Pacific; five were listed as wounded as European casualty reports continued to come in after fighting in that area had stopped.

Killed In Germany

Pfc. Charles R. Wilkins, 20, husband of Mrs. Virginia Coss Wilkins, 266 S. Burgess-av, and son of Mr. and Mrs. William Wilkins, 620 Salisbury-rd, was killed in action in Germany on Mar. 24 while serving with the 7th Army. He had been reported missing in action on that date. A tank gunner, Pfc. Wilkins was sent overseas last February and went to the Normandy beachhead shortly after D-Day and had been in continuous action, also serving with the 1st and 3rd Armies. A brother, Pfc. Jack Wilkins, para trooper with the 11th Airborne Division in the S. Pacific, and a 14-year-old daughter, Cheryl Sue, whom he never saw, survive with his wife and parents.

Killed In Italy

Four days after he was released from the hospital following recovery from wounds suffered Feb. 20, Pvt. Homer R. Martin, 24, husband of Mrs. Ruth Craig Martin, 2464 Sullivant-av, was reported killed in action in Italy, on April 15. He entered the Army on May 15, 1944, and went overseas in January, serving as a rifleman in a mountain division of the 85th Infantry. A graduate of Grove City High School and Buckeye Business College, he was office manager for the Bobb Chevrolet Co., before his entry into the service. Surviving besides his wife are a three-year-old son, Larry; his mother, Mrs. Carrie Martin, Grove City; a brother, Marvin, 2446 Sullivant-av; and two sisters, Mrs. Marguerite Fraley, 244 S. James-rd, and Mrs. Louise England, Grove City.

Killed In Airplane Crash

S/Sgt. Arthur Thomas Dale, 26, son of Mr. and Mrs. David Dale, 446 S. Harris-av, and husband of Mrs. A. T. Dale, San Rafael, Calif., lost his life in a B-17 crash in the Pacific on May 6. The bomber on which he was serving as a gunner, blew up during a take-off, according to the information received by his family. Sgt. Dale was a graduate of West High School and worked for the Kline Airplane Corp. before entering the service in 1941. He went overseas in 1943. Surviving besides his wife and parents are two sisters, Miss Norma Dale, 187 Sylvan-av, and Mrs. Charles Shone Lafayette; two brothers, Walter, with the Navy and David at home.

Cpl. Miller Is First Local Man Released

A graduate of West High School with overseas duty to his credit, Cpl. George H. Miller, was the first Columbus soldier to be released from military duty under the new point rating plan.

The announcement of his discharge came as a complete surprise to his mother Mrs. Edwin C. Miller, 3327 Cline-rd, on Saturday. He was released at Camp Atterbury along with 33 other Ohio men, all of whom had overseas experience.

Cpl. Miller spent several months in the Fiji Islands and at the time of his release was expecting to be sent to Honolulu for reassignment. He enlisted shortly after his graduation from West in 1940. He went to Camp Shelby in September of that year with the 37th Division.

215 Graduate At West High

Two hundred and fifteen students of West High School will receive their diplomas on Thursday, June 7, at 2:30 p. m. in the school auditorium, when the usual graduation exercises will be held.

Diplomas will be presented to the parents of seven students who have joined the service of Uncle Sam and will be unable to be present. They are Ray Boord, Virgil Crawford, Paul Crum, Rennick Parkey, Dan Grassbaugh, Andrew Blum and Albert Swain.

Two hundred and ten boys and girls were graduated last year.

Baccalaureate services will be held Sunday, June 3, at 3:30 p. m. The Rev. C. T. Langholz, pastor of St. John's Lutheran Church, will be the principal speaker.

Car Burglarized

Burglars pried open the trunk of an automobile belonging to Jacob C. Craig, 92 Clarendon-av, and stole a spare tire and a box of tools last week. The car was parked in front of the residence. The loss was estimated at $20.

Six Hilltop Men Liberated

Lt. "Dude" Grubbs

Mrs. Forest Grubbs, 111 N. Hague-av, received a cable at 8:30 p. m. Wednesday from her son, Lt. Eugene (Dude) Grubbs, 29-year-old fighter pilot who was liberated from a Moosberg, Germany, prison camp on April 28.

Previous to the cable, the Grubbs family had received word from Congressman John Vorys that he had talked with Dude on May 3 at the camp, that he "was looking good, in the best of spirits and was anxious to get home."

Lt. Grubbs was shot down on Mar. 30, 1943, while piloting a P-40 fighter plane over Tunisia. He was taken to a prison camp in Italy, then moved into Germany where he was shifted from camp to camp as the Allies closed in, then liberated 25 months after his capture.

Mother's Day Cable

In the cable received Wednesday he said, "Best of Love to the Sweetest Mother on Her Day and to the Best Father." A brother, Lt. Charles Grubbs, is stationed at Ardmore, Okla., as a B-17 pilot. He has applied for leave effective the date big brother Dude gets home.

Also awaiting the flyer's return is his wife, Mrs. Edna Marie Basing Grubbs and daughter, Barbara Carolyn Grubbs, born the day daddy was shot down.

Koontz Asks Large Vote

An appeal for a large vote at the May 22 special election to change the city charter so that members of the armed forces away from home and overseas can vote at the primary and general municipal election, this fall was issued Saturday by Councilman Henry A. Koontz.

Councilman Koontz, as chairman of council's judiciary committee sponsored the legislation in council setting the special election.

"A large turnout of voters at the polls in favor of this change will show these men and women who are fighting for us that we are doing everything possible to give them the privilege of expressing their sentiments through the ballot," Councilman Koontz said.

"Unless we change the charter provision, which now sets the primary for the third Tuesday in September, to fix this year's election for Aug. 14, there will not be sufficient time to get the ballots ready for them to receive absent voters' ballots and return them at the November election."

Hilltop Woman Is Injured In Collision

Clarabelle Poole, 31, of 774 S. Richardson-av, was seriously injured Monday when her car was in a collision at Fisher-rd and Hague-av. She is recovering in Mt. Carmel Hospital from head injuries suffered in the wreck.

Driver of the other car was said to have been Ernest Gerhardt, 48, of Hilliard.

Bitten by Dog

David Nairn, 5, of Hilliard, was one of seven persons bitten by dogs in Columbus over the week end. The boy was bitten on the left arm while he was playing in an alley at the rear of 436 S. Wayne-av.

He was treated in the office of a physician.

ANNUAL MEET

The annual Agonis Club banquet will be held Wednesday night at which West High will have a boy elected to the honor club by his outstanding sport record and scholastic standing.

Gene Shade was last year's winner of the award.

Lts. Knight, Grubbs, Freed at Moosburg; Buddies Together

No less than half a dozen Hilltop homes of service men received good news during the past week as reports were sent out telling of the liberation of men who had been held as prisoners of war by the Germans.

Some of these men had been captives for more than a year. Their families had little or no word concerning their whereabouts or even if they were alive. To many local families V-E Day was the first bright day in a long succession of days of despair.

Cavalry Officer Freed

Lt. Gerald Knight, husband of Pauline Stansbury Knight, 646 Nashoba-av, has been set free after a fighting career which started in North Africa, where he was wounded, continued into Sicily, where he was twice reported missing, to a spell of pneumonia in England and then into the invasion of France, where he was taken prisoner last December.

Word was received this week from Congressman John Vorys that he had seen and talked with the reconnaisance cavalry officer on May 3 at Moosberg, Germany, where he had been liberated by American troops a few days prior to his visit to the camp. Congressman Vorys said that all the boys looked to be in good shape and were receiving the best of medical care.

Walked to Camp

Last word was received from her husband by Mrs. Knight on March 1, a prisoner of war card from Hammelburg, Germany, in which he said he had just arrived there after a 200-mile walk from Posen.

A brother, Sgt. Harold E. Knight, recently arrived in Cincinnati on a 21-day furlough after serving in New Guinea. He has two other brothers in the Navy, SK2/c Charles, with the Seabees on Guadalcanal and Lt. Kenneth in the Navy Dept. at Washington. A sister, Terry, lives at 636 Chestershire-rd.

8th Air Force Men

T/Sgt. Carl F. Glade, Jr., 23, son of Mr. and Mrs. Carl F. Glade, was a radio operator-gunner on a Flying Fortress, was taken prisoner May 8th, 1944, when his plane went down over Northern Germany after a mission to Berlin. He entered service in Oct. '43. He had written home in December. A brother, Cpl. John Glade, is now with a Third Army artillery unit in Germany.

S/Sgt. Paul S. Phillips, son of Mr. and Mrs. Paul S. Phillips, 80 Letchworth-av, was captured July 13, 1944. He was serving as turret gunner on a B-17.

S/Sgt. Norman Wintermyer, 34, son of Mr. and Mrs. John Wintermeyer, 244 S. Warren-av, was serving as a ball turret gunner with the 8th Air Force when taken prisoner Aug. 25, 1944. His wife, Mrs. Gertrude Wintermeyer, lives at 45 S. Richardson-av.

S/Sgt. Anthony

Mr. and Mrs. H. L. Anthony, 158 N. Powell-av, have been notified by the Red Cross that their son, Richard, 22, has been liberated from a German prison camp.

A turret gunner on a B-17, S/Sgt. Richard Anthony was shot down over the southeastern part of France on August 3, 1944. Imprisoned in Staulag IV, German prison camp, he was last heard from by his parents on December 11.

In the letter written then he mentioned that, by a peculiar coincidence, three buddies of long standing were imprisoned with him in the Staulag camp. Carl F. Glade, Jr., of 188 Guernsey-av., S/Sgt. Norman Wintermeyer, 45 S. Richardson-av, and Paul S. Phillips, 80 Letchworth-av.

S/Sgt. Phillips was writing a letter to his parents at Sgt. Anthony's side at the time he wrote his.

S/Sgt. Anthony was flying his thirtieth mission at the time he was shot down. He is the holder of the Distinguished Flying Cross, which was presented to his parents while he was a prisoner of war, and the Air Medal with 2 Oak Leaf Clusters.

No mention was made of the condition of their son, after his liberation, according to Mr. and Mrs. Anthony.

Street Skating Success on Hilltop

Police report Tuesday evening's street skating on the roped-off confines of Powell-av a rousing success. With upwards of 500 skaters, supervised by Officers Shoaf, Kenneth Miller and others, skating to the music of the Police Safety car, few casualties were discovered.

According to Capt. Beery, juvenile officer, the event will be repeated each Tuesday. A request has gone out to the engineering dept. to smooth the street and to merchants to supply prizes. A first aid station is also planned.

Graduates

Pvt. Jack Moore, 18, son of Mr. and Mrs. Clyde D. Moore, 236 Binns-blvd, completed his boot training at Parris Island, South Carolina, Tuesday.

He enlisted in the Marine Corps last December, and reported to Parris Island on March 14.

Receives Promotion

F. S. Weber, Jr., son of Mr. and Mrs. F. S. Weber, 1492 Sullivant-av, has been promoted to a first lieutenant at San Bernardino, Calif. Lt. Weber was formerly stationed at Newark, N. J., with the Atlantic Overseas Technical Service Command.

AMERICAN SPRING 1945

Turn the star over, reverse the cloud,
Tumble the wind like an autumn weed;
Wrest the earth from its metal shroud,
Fling the seed.

Nothing is here for the heart to mourn,
Nothing is here that we may not keep;
But they who harvest the tall free corn
Do not sleep.

EVOLUTION

As lava nurtured vine and dove and fox
So thought has grown upon the root of life;
It is the flower we know.
But in the eons which come after us
There will be brighter flowers and sweeter fruit,
Until at last we can quite clearly say:
"We have seen God."

—Gilean Douglas,
In "American Weave."

APRIL

Light footfalls in the grass,
Flower fragrance, crystal dew,
Soft breezes, starlight nights,
And love, forever new.

—Mamie C. Kneoper.

SPRING IS A POET

Winter's frozen fingers scrawl on
the page of time
Till lovely April comes to close the book;
Erasing March's frigid little rhyme,
She writes a roundelay in every nook.

Where cedars stand like sonnets, old and prim,
Their lines grown stiff beneath a weight of snow,
Young April pens a soft, immortal hymn
Of feathered songsters, chirping as they grow.

In cold blank-verse the meadow grass is set
Till April comes and lets her fingers fly,
And no one who has seen it can forget
The book she writes as she goes flitting by.

PLEA TO THE SPRING WIND

Spring wind whistling,
Spring wind echoing,
Quiet your moaning
Quiet earth's groaning
Come again singing,
Come again bringing
Surcease from starving,
Surcease from suffering,
Come again singing,
Come again bringing
Food for the starving,
Faith for the suffering.

Full Program at Westmont Sunday, Monday

"Goin' to Town," goes to town as the sprightliest of comedies featuring those two loveable old cronies from Pine Ridge, Arkansas, Lum 'n Abner. The two Ozarks storekeepers believe that the earth under the world famous Jot-Em-Down Store is swimming in oil, but find, after spending the wealth of their neighbors' and friends, that the earth holds naught but dust.

Nothing daunts these small town business tycoons, so Lum 'n Abner proceed to Chicago, where they discover the blood of youth runing wild in their veins, and shrewd business acumen courring through their brains, as they outwit slick oil promoters and become involved with a bevy of night club beauties.

It is all for fun and fun for all, with Lum 'n Abner, those slap-happy Hit-Wits of the air waves presenting their fifth and greatest film comedy.

"Grissly's Millions," a sterling mystery photoplay, is the dualer on the above bill, plus the sensational two reeler "All Star Rally." Fourteen of your Hollywood favorites in the most fun-packed, music and laughter-filled 19 minutes of entertainment ever to flash across the screen with such name stars as Bob Hope, Bing Crosby, Frank Sinatra, Betty Grable, Harry James, June Haver, and others. The above program opens at the Westmont Sunday, May 20th for a two day engagement.

★ In the play *Green Pastures*, the character Noah observed, "I ain't very much, but I'se all I got." This is simple but eloquent reasoning.

The realization of responsibility to yourself and to others to be cheerful, sympathetic, and helpful is the basis of a sound personality. Ill and disgruntled people are a burden to all. Take good care of yourself. Do not forget that both your family physician and your pharmacist are on your side to help you stay well and happy. All you have to do is ask for their help. When ill, see your physician. We are fully equipped to fill your prescriptions and furnish the needed sickroom supplies.

can troops would accord them fair treatment if unopposed and that resistance was the height of foly. The "powers-that-be," reinforced by a number of the tax-paying citizenry who decided that destruction of their homes would be a pretty stiff price to pay for a delaying action, converged on the artillerymen and prevailed upon them to check out "toute suite."

And so, Sergeant Drexl, in surrendering the town of Scheurint, won the gratitude not only of his former townspeople, but also of his former buddies. After all, "delaying action," "mopping up operations," etc., read like pretty tame affairs in newspapers, but not on the doughboys' casualty lists!

Greenhouse and Field Grown Vegetables
2225 W. MOUND STREET

In recent years the spread of disease has made it increasingly necessary to treat vegetable seeds with a protective agent. I steam-sterilize my seed beds and plant beds, to guard against the spores or germs which lie in wait for the young plants, particularly is the soil. Extensive trials and under widely varying conditions, as well as practical experience in the growing of plants has led to my recommendation of steam-sterilizing as one of the best protectants. Many varieties of plants which only a few years ago were regarded as satisfactory have now been far surpassed through the application of this method of sterilization.

Such methods are fully employed at my Greenhouse, not only to develop disease free plants, but also to improve and maintain at their best the types which are in general use. In this way seeds are sowed in these steam-sterilized seed beds, after growing to a suitable heighth only the best seedlings are then transplanted into steam-sterilized plant beds, and remain there until they are sold or put in the field. All the inherited characteristics are there and the grower's greatest care can do no more than develop them. Choose your plants with care, and remember that even the very finest plant costs but a small part of your total outlay in raising a crop. They are your first step to a better crop.

These plants are available only at the

"LOVE DIVINE, ALL LOVES EXCELLING"
. . . CHARLES WESLEY . . .

Love divine, all loves excelling,
Joy of heav'n to earth come down!
Fix in us Thy humble dwelling;
All Thy faithful mercies crown.
Jesus, Thou art all compassion,
Pure, unbounded love Thou art;
Visit us with Thy salvation;
Enter ev'ry trembling heart.

Few of the earlier hymns dwelt upon the thought of God as Love. The popularity of this hymn is probably partly due to the fact that it does address God in this way; every line bespeaks the rich, human experience found in the Divine Love. It is truly a sermon in song, preached by one of the world's greatest hymn writers.

VICTORY

V—is for Victory, we all like to know
I—is for Islands, we took too, and fro
C—is for Courtesies, that we should show
T—is for the Terror, they hated to go
O—is the Orient, whom we did help
R—is for the Rights, that we have felt
Y—is for the Yearnings, our soldiers have dealt
Let's put them together, and see what they spell
We find that it's Victory, so we'll ring the big bell
And let us pray to God up above
That we'll have peace, for which we all love.

Among Our Friends

Are You The Serious Type?

Nature has made some people frivolous and some sincere—and it's the sincere folks whom others depend upon to get things done right.

People engaged in the serious endeavor of daily life need relaxation from the strain of the modern world — and we offer good living at its best—with good food, good beverages and good music. An evening here won't involve worry over the check, for our prices are moderate.

Refresher Course For Holders of First Aid Cards

Holders of Red Cross certificates in both standard and advanced first aid which will expire this year may renew them for another three year period by enrolling now in an advanced or refresher course, it is announced by Thomas D. Miller, director of First Aid, Water Safety and Accident Prevention of the Franklin County Red Cross. Classes are scheduled to start in the next few weeks.

Those interested are asked to send a card or letter, or call the director of First Aid, Water Safety and Accident Prevention, Franklin County Chapter, American Red Cross, 74 E. Gay-st, stating which certificate is held, what days or nights a class is preferred, and the section of the city of residence.

A notice will be sent by mail as a class in each neighborhood is scheduled.

"V-E Day will not affect accidents at home," said Mr. Miller. "We must be trained to prevent accidents or to render immediate care when necessary. Don't delay in qualifying as Franklin County needs the more than 11,000 men and women whose certificates are up for renewal."

Enroute to blast Tokyo are these SB2C Curtiss Navy Helldivers (right center and background) and Navy Avenger torpedo planes (lower left). This U. S. 'Incombustible' and 'Inflamable' Are Misleading Cleaning Fluid Terms

By Captain John E. Jordan
Fire Prevention Bureau

While "incombustible" means something that is not combustible, "inflamable" does not mean something that is "not inflamable." "Flamable," the same word with the prefix omitted has the same meaning as the word "inflamable."

Fire Prevention men were among the first to be inconvenienced by this confusion of terms. For several years an attempt has been made by fire officials to abandon the use of the word "inflamable," and substitute "flamable" or "burnable," to give a clearer understanding of its meaning. Purchasers of insect sprays, dry cleaning fluids and other liquids prepared for household use, are sometimes deceived and believe they are buying a non-burning liquid when they see the word "inflamable" printed on the container.

Cleaning fluids especially, are sold under a variety of trade names and many of them differ only slightly from gasoline and have practically the same hazardous qualities as gasoline.

Any liquid purchased in a container labeled "inflamable" should be used with the greatest of caution—well away from any open flame. The pilot light of a stove, or the flame of a match used to light a cigarette, may be all that might be needed to ignite the vapors and start a disastrous fire.

Fighting Ends in Europe—Power Wins

NAZI OVERLORDS AT HEIGHT OF THEIR POWER

Hitler and his "supermen" with all their stuffed-shirt pomp and ceremony. Their promise to rule the world has ended in defeat and annihilation. Arrogant and ruthless, here, at the height of their power, they have brought only misery and suffering to the German people, as well as to those they sought to conquer and destroy

1918 ARMISTICE CELEBRATION

NEW YORK—Flags, people and cars filled Fifth Avenue that November day and similar scenes were repeated throughout the nation at the announcement of the end of fighting in Europe. But this celebration was tempered with anxious thoughts of the boys and the battles-to-come in the Pacific—until the day of total victory.

NAZI "SUPERMEN" AS THEY ARE TODAY

FRANCE — Lucky to be prisoners, Hitler's fanatics met their masters when they ran up against well-trained, well-equipped American and Allied troops. Two youngsters in the foreground gave their age as eighteen but were judged to be about 14 years old. Grizzled German veterans, behind them, also show extent to which Germany scraped the bottom of manpower barrel. Nazi equipment, too, deteriorated — proved no match for American power.

THE KAISER

In 1918 Kaiser Wilhelm of Germany (above) found refuge in Holland and he never paid for his part in World War I. Where, outside of suicide or assassination, will the Nazi warlords find escape from their responsibility for the crimes of the past decade?

TANKS HELP WIN

As Germany's power decreased, the Allied Nations' increased. Power to win came from well-trained, strong men and from America's mighty fleet of tanks and other motorized equipment, much of it powered with Red Seal engines, serving agriculture and industry as well as our armed forces.

PLANES—IMPORTANT FACTOR

Our superiority of Aerial observation directed the attacks of our victorious armies. These planes, as well as trainers and many fighters, were powered with dependable Continental engines.

The girls of Forest Cottage have chosen Eleanor Pobish to crown the statue and the following members of her class will serve as maids of honor: Mae Barttlet, Cecelia Sitoris, Helen Bahler, Eva Chemoski, LaVerne Fisher, Margaret Hardman, Jean Gura, Aurelia Fogas, Mary Martinec, Martha Moran, Lillian McGuire, Margaret Pendergast, Helen Solwachter, Mary Schmidt, Victoria Vanek, Mollie Zachia, Tredrica Simon, Alberta Sever, Catherine Sanssaverino, Ellen Roose.

The Rev. Francis J. Schwendeman, chaplain at the institution, will be assisted by the Rev. Raymond S. Bauschard, of St. Mary Magdalene's parish, who will give the benediction and the Rev. William Kappes, of Our Lady of Victory parish, will deliver the sermon.

The members of the St. Dymphna Guild and the Sisters of Mercy from Holy Family parish will participate in the ceremony. Dr. Forrest Keiser, superintendent of the institution, and Mrs. Keiser and the members of their staff have been invited.

Roberta Basnett To Be Presented By Local Church

Roberta Basnett, soprano, pupil of Josef Turin, will be presented in song recital, with Marguerite Heer Andrews at the piano, Friday, May 25, at 8:30 p. m., at the Oakley Avenue Baptist Church, corner of South Oakley-av and Sheridan-st.

Mrs. Basnett's early musical background was a natural one of singing and solo work with church choirs, school choruses and a girls' trio. In high school she was selected as the outstanding vocalist in a class of 360 graduates. While teaching at Dover State College in Delaware, she appeared several times as soloist with the Men's Glee Club.

Appears with Screen Stars

Her formal vocal training with Josef Turin, former member of the Metropolitan Opera Company, began about two years ago.

Says the artist, "One of my most thrilling musical experiences to-date was my privilege to sing to the patients at the station hospital at Fort Huachuca, Arizona. During this same stay, I had the honor of appearing several times with the Deep River Boys, stars of stage, radio and screen. I am looking forward to the recital at Oakley Avenue Church as the beginning of a long musical career."

Lt. Clyde Good Home For Short Visit

First Lt. Clyde Good, son of Mr. and Mrs. Sterling Good, 334 S. Roys-av, was home for a brief visit after completing combat pilot training at a base in South Carolina.

He left early in the week for a west coast destination expecting to be sent overseas at an early date.

Denominational Differences Disappear:

Hymn Sings Become Popular Sixth at Hillcrest Sunday

One of the most wholesome and inspiring activities to be introduced to the Hilltop in a long time is the "hymn sing" held in some local church every other week. Inaugurated in mid-winter as a means of getting church people together, the old fashioned hour of hymn singing is held at 9:15 on Sunday evening following the evening worship service.

Attendance has grown from a beginning of little more than 100 to 750 at the last meeting held in the Burgess Avenue United Brethren Church.

Hymn lovers will meet in the Hillcrest Baptist Church, Broad-st and Eldon-av, for another "sing" this Sunday evening following the worship hour.

The sixth of such hymn-sings, Sunday night's get-together will start at 9:15 p. m. and last until 10:00. The singers will be led by Rev. H. W. Schoof, Hillcrest Baptist pastor.

Leaders in this movement have announced that a banner is being secured which will be awarded at each meeting to the church having the largest percentage of church-goers attending the following sing.

This project is sponsored by the Hilltop Ministerial Association and has the cooperation of more than a half dozen different churches and denominations. The local choir director leads the songs followed by members of the audience. The song fest moves from one church to another so that each congregation will have an opportunity to be the host. Already one of the problems encountered is the lack of seating space in some of the smaller churches.

All Join In

In time of uncertainty such as these war days, nothing is more refreshing to the soul than an hour of inspirational music such as the old hymn produce. Singers and lovers of singing gather together to enjoy the hour but few voices remain silent as one favorite after another is called out.

Denominational differences quietly disappear as voices are blended together in songs of praises to the One God who watches over members of every faith. It is expected that the time will soon come when this "hymn sing" will outgrow any one church building and West High Auditorium or some other large building will be needed to house these Sunday night singers.

Anderson Is Delegate To U. B. Conference

J. Raymond Anderson, 649 S. Burgess-av, is attending the 34 quadrennial session of the general conference of the United Brethren Church in Westerville this week as a lay delegate of the Southeast Ohio Conference.

He is a member of the Burgess Avenue United Brethren Church of which C. F. Lutz is pastor.

PENSIONERS TO MEET

CUT THE COST OF V-J DAY
BY HELPING BUILD MORE HELLDIVERS

The above figures prove Iwo Jima was no picnic. Nor is Okinawa. The long trek to Tokyo will be a bloody one.

The only way to keep down casualties is to hit the Japs continuously with everything we have. That means, of course, more Helldiver dive bombers, now being so effectively used by Naval and Marine fliers.

This is as timely a moment as ever to take a job at Curtiss-Wright. More men and women are urgently needed . . . skilled, semi-skilled, inexperienced . . . day shift as well as night.

If inexperienced, a few weeks in the Training School at the plant (with pay) will set you for a job on the Helldiver production line.

Don't let the brave boys in the Pacific down! Go all the way until V-J! Get into the fight at Curtiss-Wright!

Vol. XXIX, No. 4 — The Hilltop, Columbus 4, Ohio, Friday, May 25, 1945 — Total No. 1365

Hilltop independent grocers, along with their customers, were very much up in the air this week over the meat shortage.

With the majority of the small class two slaughterers, who furnish Columbus with 95% of its meat, closing their doors, the situation is going past the critical stage into a food of the past.

The average family has been taking this shortage as they have various other shortages, as something that can't be helped, and are satisfied as long as their sons and daughters and husbands and brothers, and so on, in the armed forces are being well fed, and every effort was being made to furnish the home with what was left.

Now comes the realization that there is plenty of beef and pork available but, because of four or five separate federal central agencies dabbling around with it, there cannot be but very little supplied to the retail stores . . . and that doesn't digest very well.

The story goes that a ceiling price is set for the buyers, then there is another ceiling price set for the retailers but, there is no allowance for the packer, slaughterer or what you may want to call him to make a little profit, in fact he can't even break even after the feet, head and so forth is removed from the animal . . . so the result is that the guy caught in the middle just won't make his pass as long as the dice are loaded against him.

Harry Nation, executive secretary of the Retail Grocers Association, says, "We realize that some control over prices is needed, because we saw what happened during the last war. However, we do feel this control should be taken away from all the various agencies and placed under one head who can co-ordinate buying, dressing and retailing along with a little common sense to insure proper utilization of the available stock."

Getting down to bare facts, it seems that price control, a good thing, has fallen into the hands of a bunch of boys who haven't quite got the grey matter necessary to handle the situation and thereby are defeating the purpose of a worthwhile project.

The Retail Grocers Association has been collecting signatures on petitions to our congressmen, asking them to get us out of this mess. Mr. Nation estimates the number turned in so far from Columbus as 100,000. This will go a long way because those names are signed by voters.

But the most effective way to combat a problem of this magnitude is by each citizen taking time to sit down and write a personal letter to Congressman John M. Vorys or Senator Robert A. Taft, or both, then they can march into the hall in Washington with enough ammunition to get the change made.

COMBINATION CALL

Mrs. Arthur Bellar, 326 S. Algonquin-av, received a call from South America on Mother's Day, which was also her birthday, from son Jack . . . he is stationed there on special work for the Army in Brazil.

LINE JITTERS

The clerks over at the West Broad St. Mykrantz store must be getting kinda frayed around the edges over all the demands for what they haven't got . . .

Funeral Director Noble Allen entered the store recently to purchase cough drops. No sooner had he gotten into the store than a clerk rushed toward him saying "Get in line, we'll pass out the cigarettes as long as they last." . . . then Grocerman Harold Fox entered for a magazine and was promptly told that there would be no wine or beer sold until 8:30 that evening . . .

If they aren't more careful —this may lead to something.

VANDALISM

Is the word for the act being done by those youngsters in Westgate who persist in breaking street lights . . . residents of that neighborhood say they know the boys' names and will turn them in to the blue-uniformed men unless it is stopped . . .

Valley Area Over Top In Bond Drive

Residents of the Valley section had overscribed their Seventh War Loan quota by almost $5,000 this week and work of solicitation was continuing, according to Mrs. S. V. Ravel, 421 Woodbury-av, colonel over that area.

At the same time a total in excess of $22,000 had been reported up to Wednesday of this week in the Hilltop section where an unprecedented goal of $71,600 had been set up. Mrs. William R. Guitner, Hilltop colonel told the Hilltop Record that many workers had not reported as yet but much work remained to be done if the quota is to be met on time.

A total of $19,000 was reported by mid-week in the Valley section where a goal of $14,200 was set. Work in that section will continue until the drive is officially closed.

In the Hilltop section Mrs. Guitner said that any person desiring to buy a bond who had not been contacted by a solicitor as yet could call her at RA. 2632 and an appointment would be made for a bond salesman to call.

Also surviving are his parents, Mr. and Mrs. E. F. Bell, New Lexington, and wife, Mrs. Mary Bell, Elyria, O.; two other sisters, Mrs. Leo Shaffer, Canal Winchester; and Mrs. James Self, New Lexington; three brothers, John, Junction City, and Pfc. Francis, and Pfc. Leon Bell, both serving with the Army in Germany.

Cowboys To Play At South Today

Coach Dale Rose and his West High baseball squad are due to play at South today in one of the most crucial games of the season for the Hilltoppers.

A win there will assure the undefeated Cowboys at least a tie in the City High League. Linden is in the number two spot and a loss for them after a West win will give West an undisputed championship. Linden plays North Friday. Central is the third team with a mathematical chance for a tie.

The Cowboys defeated Aquinas Monday 2-1 behind the five-hit pitching of their ace, Bob Phelps, who struck out 12. West got six hits. Ison was behind the bat.

The Hilltoppers will go against East here Monday and end the season with Linden there next Friday.

SERVE ON JURY

Three Hilltop ladies, Mrs. Ella McGonagle, 230 Midland-av, Julia Bazler, 253 N. Burgess-av, and Mrs. Evan Alban, 118 N. Chase-av served on the jury in Common Pleas Court during the May session.

In the above picture is Gen. Courtney H. Hodges presenting the Bronze Star Medal Award to Pfc. Raymond J. Morgan, son of Mr. and Mrs. Doane B. Morgan, 258 N. Eureka-av, on April 5, at Euskirchen, Germany.

This citation stated that he perfomed his duties as clerk, Adjutant General Section, Headquarters with the First Army, in a highly efficient manner. He mastered the detailed functioning of the administrative filing system and effected improvements which contributed materially to the efficiency of his section.

Joey Linville Guards Duck In Meat Shortage

Little Joey Linville is guarding his pet duck "Dutchie," very carefully these days. The meat shortage has him worried as he declares people are beginning to regard the pet with a hungry gleam in their eyes.

Joey is the small three year old son of Mr. and Mrs. Joe Linville, 33 Eldon-av. A rosy, chubby little fellow with a bright sunny smile, he loves his strange playmate with all his heart. He received the duck as a gift Easter Sunday and as the duck grew he adopted Joey as his very own.

The two play together in the sand box and the duck races Joey on his tricycle. If Joey cries, "Dutchie" quacks with indignation. Even at feeding time, one bright eye is cocked in Joey's direction.

Joey's mother hopes the meat situation eases up very shortly as "Dutchie" looks rather delectable on the hoof.

Buddy Poppy Sale Launched Today

Buddy Poppies will be sold in business places on the Hilltop and throughout the city today in memory of veterans of World Wars I and II. His wife received a cable last Tuesday saying he was liberated from Stalag-luft on May 4, that he was well and would be home soon.

He has never received his wife's message, telling of the birth of their son, John, now two months old.

Sgt. Kreitzman was a radio operator on a B-17 when he was captured on July 31. He served on three missions and his squadron was awarded the Presidential Citation when his unit bombed the oil refineries of Germany.

A graduate of West High School of 1938, Sgt. Kreitzman entered the service on Sept. 4, 1942, and was sent overseas in July 1944.

Cpl. O'Connor Dies in Action

Cpl. John O'Connor, son of Mr. and Mrs. John O'Connor, 179 N. Guilford-av, was wounded in action in Germany April 15, and died two days later, his family has been notified by the War Department.

Before entering the service in February, 1943, Cpl. O'Connor was a graduate of Central High School and was a former employee of the Kroger Packing Co.

Surviving besides his parents, are his wife, Mrs. Jacqueline Alkire O'Connor, and 11-month old son, John J., Mooberry-st; a brother, Harry who is stationed with the Army on Luzon; four sisters, Mrs. Jack E. Wallett, and the Misses Helen, Dorothy, and Patty O'Connor of the Guilford-av address.

Suffers Injuries

Charles Campbell, Jr., son of Mr. and Mrs. C. H. Campbell, 91 S. Westmoor-av, was in White Cross Hospital, Thursday morning after suffering a leg injury.

He was riding in a small gasoline automobile on Olive-st, at Huron-av, Wednesday evening at 7:30, when the small car overturned while taking a curve. Another boy was driving the machine.

Police Change Hilltop Street Skating Schedule

Unable to hold the skating party on the Hilltop Tuesday evening, police have arranged for the second party for next Thursday, announced Police Chief Lester W. Morica today.

It is likely, said the chief, that the parties now will be on the same night every other week. The downtown party is planned for Wednesdays of each week to accomodate skaters from all sections on alternate weeks.

Surface of Powell Ave., adjoining West High School, underwent a "face-lifting" this week with repair crews of the city engineering department making repairs for safer skating. Police had requested the smoothing out process.

Youngsters have again been urged to wear metal roller skates, and first aid facilities have been established to care for minor injuries.

Other locations for skating parties in out-lying sections of the city are being surveyed for suitable sites. It has been planned to hold the Clintonville party in Calumet St., adjacent to North High School, Tuesday night.

Hilltop Boy Gets Biscay Boats From Dad

Michael Hicks

Major Warren W. Hicks

Young Michael Warren Hicks, not quite three years old, was a happy youngster recently when his soldier dad sent him the boats shown in the above picture. Sent from somewhere in France, the boats are exact replicas of the large boats that sail the Bay of Biscay.

Michael is the son of Major and Mrs. Warren W. Hicks, 2895 W. Broad-st. Dr. Hicks mentioned than an interesting bit of history was connected with the boats which he would relate to his son upon his return.

The boy, an engaging little fellow with a wide friendly smile, also cherishes other momomentoes collected by his father from an underground hospital near Cherbourg, including a German helmet, canteen, and a German Red Cross flag.

Into France on D-Day

Dr. Hicks, who practiced medicine on the Hilltop for eight years, enlisted in August, 1942. After serving ten months at Camp Robinson, Arkansas, and Camp Claibourne La., he was sent to England as commanding officer for a medical detachment.

When D-Day arrived, he took part in the Normandy invasion as area surgeon, supervising the setting up of field hospitals as quickly as the French residents and prisoners could be moved out.

The regiment lived in barns, farmhouses and foxholes. They took part in removing mine fields, building bridges and railroads very close to the front lines. The casualties were fewer than had been expected, due to the unprecedented success of the Allied forces.

Helped to Plug Gap

Later, when the Ardennes breakthrough occured, in a sweeping move to replace losses in the infantry, the regiment was turned over to the A. G. F. reinforcement command and retained as riflemen.

They were rushed into front line positions in a desperate effort to plug a gap in the 1st Army's defense along the Meuse River. In this position, they were the only organized forces behind the highly fluid front lines, with the open road to Paris and the interior of France to defend.

When the German panzers started rolling into Belgium the commanding officer, Brig. General Charles O. Thrasher, was given orders to defend the Muese River line.

The regiments were transported to the Meuse by trucking units and issued machine guns, hand grenades, ammunition and other supplies and ordered to prevent at all costs any attempt on the part of the Germans to thrust a bridgehead across the Meuse.

Two days after being alerted, all regiments were well dug in at assigned positions. Barricades were erected on the approaches to all bridges, which were wired for demolition. Road blocks were set up and guards posted at all important highway intersections over a wide area west of the river. Reconnaissance and security patrols operated deep inside "no man's land" east of the river. Positions were strafed quite often and bombing attacks were frequent.

Dr. Hicks was regimental surgeon for the area and he and his helpers worked day and night to evacuate the wounded. Christmas and New Years passed almost without realization. Foxholes, tents, cold food for days at a time, no heat, snow and terrible zero weather, added to the suffering.

Praises the G. I.

The thing the doctor remembers with the most amaze-

Valley Area Over Top In Bond Drive

Residents of the Valley section had overscribed their Seventh War Loan quota by almost $5,000 this week and work of solicitation was continuing, according to Mrs. S. V. Ravel, 421 Woodbury-av, colonel over that area.

At the same time a total in excess of $22,000 had been reported up to Wednesday of this week in the Hilltop section where an unprecedented goal of $71,600 had been set up. Mrs. William R. Guitner, Hilltop colonel told the Hilltop Record that many workers had not reported as yet but much work remained to be done if the quota is to be met on time.

A total of $19,000 was reported by mid-week in the Valley section where a goal of $14,200 was set. Work in that section will continue until the drive is officially closed.

In the Hilltop section Mrs. Guitner said that any person desiring to buy a bond who had not been contacted by a solicitor as yet could call her at RA. 2632 and an appointment would be made for a bond salesman to call.

Cowboys To Play At South Today

Coach Dale Rose and his West High baseball squad are due to play at South today in one of the most crucial games of the season for the Hilltoppers.

A win there will assure the undefeated Cowboys at least a tie in the City High League. Linden is in the number two spot and a loss for them after a West win will give West an undisputed championship. Linden plays North Friday. Central is the third team with a mathematical chance for a tie.

The Cowboys defeated Aquinas Monday 2-1 behind the five-hit pitching of their ace, Bob Phelps, who struck out 12. West got six hits. Ison was behind the bat.

The Hilltoppers will go against East here Monday and end the season with Linden there next Friday.

Joey Linville Guards Duck In Meat Shortage

Little Joey Linville is guarding his pet duck "Dutchie," very carefully these days. The meat shortage has him worried as he declares people are beginning to regard the pet with a hungry gleam in their eyes.

Joey is the small three year old son of Mr. and Mrs. Joe Linville, 33 Eldon-av. A rosy, chubby little fellow with a bright sunny smile, he loves his strange playmate with all his heart. He received the duck as a gift Easter Sunday and as the duck grew he adopted Joey as his very own.

The two play together in the sand box and the duck races Joey on his tricycle. If Joey cries, "Dutchie" quacks with indignation. Even at feeding time, one bright eye is cocked in Joey's direction.

Joey's mother hopes the meat situation eases up very shortly as "Dutchie" looks rather delectable on the hoof.

Suffers Injuries

He was riding in a small gasoline automobile on Olive-st, at Huron-av, Wednesday evening at 7:30, when the small car overturned while taking a curve. Another boy was driving the machine.

Police Change Hilltop Street Skating Schedule

Unable to hold the skating party on the Hilltop Tuesday evening, police have arranged for the second party for next Thursday, announced Police Chief Lester W. Merica today.

It is likely, said the chief, that the parties now will be on the same night every other week. The downtown party is planned for Wednesdays of each week to accomodate skaters from all sections on alternate weeks.

Surface of Powell Avenue in front of Joseph West High School, underwent a "face-lifting" this week with repair crews of the city engineering department making repairs for safer skating. Police had requested the smoothing out process.

Youngsters have again been urged to wear metal roller skates, and first aid facilities have been established to care for minor injuries.

Other locations for skating parties in out-lying sections of the city are being surveyed for suitable sites. It has been planned to hold the Clintonville party in Calumet St., adjacent to North High School, Tuesday night.

Hilltop Boy Gets Biscay Boats From Dad

Michael Hicks

Major Warren W. Hicks

Young Michael Warren Hicks, not quite three years old, was a happy youngster recently when his soldier dad sent him the boats shown in the above picture. Sent from somewhere in France, the boats are exact replicas of the large boats that sail the Bay of Biscay.

Michael is the son of Major and Mrs. Warren W. Hicks, 2895 W. Broad-st. Dr. Hicks mentioned than an interesting bit of history was connected with the boats which he would relate to his son upon his return.

The boy, an engaging little fellow with a wide friendly smile, also cherishes other momomentoes collected by his father from an underground hospital near Cherbourg, including a German helmet, canteen, and a German Red Cross flag.

Into France on D-Day

Dr. Hicks, who practiced medicine on the Hilltop for eight years, enlisted in August, 1942. After serving ten months at Camp Robinson, Arkansas, and Camp Claibourne La., he was sent to England as commanding officer for a medical detachment.

When D-Day arrived, he took part in the Normandy invasion as area surgeon, supervising the setting up of field hospitals as quickly as the French residents and prisoners could be moved out.

The regiment lived in barns, farmhouses and foxholes. They took part in removing mine fields, building bridges and railroads very close to the front lines. The casualties were fewer than had been expected, due to the unprecedented success of the Allied forces.

Helped to Plug Gap

Later, when the Aidennes breakthrough occured, in a sweeping move to replace losses in the infantry, the regiment was turned over to the A. G. F. reinforcement command and retained as riflemen.

They were rushed into front line positions in a desperate effort to plug a gap in the 1st Army's defense along the Meuse River. In this position, they were the only organized forces behind the highly fluid front lines, with the open road to Paris and the interior of France to defend.

When the German panzers started rolling into Belgium the commanding officer, Brig. General Charles O. Thrasher, was given orders to defend the Muese River line.

The regiments were transported to the Meuse by trucking units and issued machine guns, hand grenades, ammunition and other supplies and ordered to prevent at all costs any attempt on the part of the Germans to thrust a bridgehead across the Meuse.

Two days after being alerted, all regiments were well dug in at assigned positions. Barricades were erected on the approaches to all bridges, which were wired for demolition. Road blocks were set up and guards posted at all important highway intersections over a wide area west of the river. Reconnaissance and security patrols operated deep inside "no man's land" east of the river. Positions were strafed quite often and bombing attacks were frequent.

Dr. Hicks was regimental surgeon for the area and he and his helpers worked day and night to evacuate the wounded. Christmas and New Years passed almost without realization. Foxholes, tents, cold food for days at a time, no heat, snow and terrible zero weather, added to the suffering.

Praises the G. I.

THE ODDS ARE 49 TO 1 IN YOUR FAVOR

★ Recently, a study was made to determine the present state of health and well-being of 78 diabetics who had been placed on a diet and Insulin twenty years before. Previous to Dr. Banting's discovery of Insulin in 1922, their chance of survival for more than two or three years would have been slight.

It was found that 77 of the 78, or 98 percent, were alive and living active, useful lives.

Diabetes cannot be cured, but scientific management under the direction of a physician gives comfort and happiness to otherwise hopeless people. Do not be misled by claims for so-called diabetic cures. There is but one safe treatment, and it is thoroughly understood by your physician.

We maintain complete stocks of diabetic supplies, subject to your doctor's specifications.

West Marching Cadets To Help Lead Parade

When you see those stalwart sons of West High in the memorial parade next week, decked out like soldiers of the Revolutionary War, in resplendent long-tailed coats of silver, red and blue, you are witnessing the first appearance of the West High marching cadets.

M. H. Austin, commander of Camp Chase Post, American Legion and, Miss Mary Catherine Richter, director of the West High School Band, announced today that Camp Chase Post has presented $1500.00 worth of drum corps uniforms to West High for its exclusive use.

Miss Richter states that for the present the uniforms will be used to form a company of marching cadets, and that as soon as drums and bugles are available a drum corps will be established at West to be used in conjunction with the marching cadet company at West High School functions.

"Hangover Square" at Westmont Sunday

Who was the madman killer that haunted "Hangover Square?" What was the loathsome curse that lurked in his twisted mind, driving him to foul, fearsome crime and leaving only the blazing memory of a lovely woman's lips? Laird Cregar, George Sanders, and Linda Darnell in "Hangover Square," the mystery that outshocks anything you've ever experienced in its depth of gripping drama. Horror was never so fascinating! Terror was never so electrifying as in this strange story of love, hate and fury unleashed by a woman's scorn. "Hangover Square" opens at the Westmont Theatre Sunday, May 27th for a two day engagement. "Eadie Was a Lady" starring Ann Miller and Joe Besser, is the second hit on the above program.

THEATRES

The Ohio is showing this remarkable picture as a single feature at no advance in regular prices.

Beacon-Light Has Large Play Sunday

The break in the bad weather last week-end was the signal to a host of golfers from the Hilltop and vicinity to invade Beacon-Light Golf Course, which received one of the heaviest plays in its history on Sunday.

According to Mr. and Mrs. Jack Kidwell, operators of the course, approximately 150 golfers played the nine-hole course, with the majority arriving after 1:00 p. m. When good weather again appeared Wednesday, some 35 of the Wednesday half-holiday crowd made their appearance.

With the majority of players making their first trip out for the season, there was a marked absence of scores reported at the clubhouse.

After being flooded by the constant rain all spring, the course, which is located at 391 Norton-rd, is now reaching its peak of condition and will be ready for the large crowd expected through the summer.

Some Good
ADVICE
Care for the Chevrolet You Drive in '45

May we point out that—in all probability — the car you are now driving will continue to be the only means of personal automotive transportation you will have in 1945. It may be two, three, or even more years before all the millions of Americans wanting new cars can secure them. Even under the most favorable circumstances—complete victory, fast reconversion and ample plant and material facilities — it will be several years before automobile production catches up with demand. Also, the first cars produced must, of necessity, be delivered to those people and businesses whose needs are most pressing and essential.

Which Units of Your Car Need Service?

- ☐ Engine
- ☐ Cooling system
- ☐ Electrical system
- ☐ Clutch
- ☐ Brakes
- ☐ Transmission
- ☐ Rear Axle
- ☐ Steering
- ☐ Wheels and tires
- ☐ Body, sheet metal

Now is the time to repair and renew your car. A complete job will save you money and trouble.

Have the motor completely checked—overhauled if necessary. The chassis parts — transmission, rear axel, wheels, brakes and steering mechanism—should be given needed attention. Complete motor and chassis service, topped off by straightening out and touching up the body and fenders, will give you a dependable vehicle for 1945 and restore your pride of ownership.

Check your car with the list provided here. For your repair needs, come to us.

"BRINGING IN THE SHEAVES"
- - - KNOWLES SHAW - - -
Sowing in the morning, sowing seeds of kindness,
Sowing in the noontide and the dewy eve;
Waiting for the harvest, and the time of reaping,
We shall come rejoicing, bringing in the sheaves.

This popular harvest hymn was inspired by the 126th psalm "They that sow in tears shall reap in joy . . . he that goeth forth and weepeth bearing precious seed shall doubtless come again with rejoicing, bringing his sheaves with him."

Girl Scouts Plan Day Camp June 11 At Clime Farm

Plans are now being made for the Girl Scout Day Camp this year. Due to gas rationing and curtailment of vacations, a large enrollment is expected. The camp is operated for girls between the ages of seven and fifteen. It will be held on the Clime Farm, on Demorest-rd, on June 11, 13, 15, 18, 20, 22.

Plans for this year include six days in the country, from 9:30 a. m. to 3:30 p. m. Transportation will be furnished from the end of Sullivant-av bus line. A nature specialist will accompany the girls on hikes, members of the story book league will tell stories, folk songs and folk dancing by specially-trained leaders, the fundamentals of outdoor living, except for sleeping, all have their part in the program as it is planned.

Blanks will be mailed to all girl scouts. In order to register the parents must sign. Blanks will then be returned to the various leaders, or Girl Scout headquarters. The price for the six days is moderate.

HILLTOP BOY—

(Continued from Page One)

ment is the wonderful courage of the wounded. Even the most terribly injured were not heard to complain, and most of the boys could smile through their pain and be grateful for the help they received.

According to Dr. Hicks, G. I. Joe is a brave and courageous fellow under any circumstances.

At present the doctor is connected with the 250th Division General Hospital outside of Rheims. Although very busy, he finds time to keep up with his medical journals and his studies.

He dreams of returning to his lovely wife and son, as many others soldiers are doing all over the world and also longs for his office and the faces of his friends and patients.

Sea Scout Troop To Be Organized

Anchors away, boys! The navy is opening up on the Hilltop, and will launch a "ship" within the next few weeks. Michael H. Austin, commander of Camp Chase Post, announced recently that starting immediately, the post will take applications for memberships in a new Sea Scout Ship to be chartered early in June.

Open to senior scouts and boys from 15 to 21, the Ship will include members from all over the Hilltop, and all scouts of existing troops will be eligible to apply. Boys who have never participated in scouting may also join up.

Austin stated that Ken Dickerson, chairman of the post's scout troop, will also act as temporary chairman of the Ship. Mr. Dickerson has announced the names of two members of his committee, William A. Stokes, 2671 Sullivant-av, and Marvin Louis Martin, 2383 Sullivant-av. Four more men are needed and Mr. Dickerson is anxious to contact any persons who would like to help in launching the new ship.

Scouts Sell 21,624 Camp Fund Cookies

The scouts of Troop 161 can explain the present sugar shortage to anyone's satisfaction this week. Wednesday evening they were busy distributing 21,624 cookies which they sold during their one week sale.

Money derived from this venture will go into the camp fund of the troop to defray expenses for a week's stay at Lake Hope in July.

Larry Gossett, 2448 Steele-av, was champion salesman with a total of 140 dozen cookies, according to Mrs. E. F. Thompson, 1111 N. Oakley-av, chairman of the mothers' club of the troop.

More than $100.00 was earned in the sale.

THOUGHT FOR TODAY

By O. M. Craft

The swaying battle of the bank account misses interest.

Pvt. Landman Is Killed In Pacific

Pvt. John R. Landman, 25, husband of Mrs. Virginia Benjamin Landman, 158 Lechner-av, died of wounds, April 14, on Mindanao. An infantryman with the 41st Division in the Philippines, Pvt. Landman was seriously wounded in action April 11 on Jolo Island and died three days later.

He entered the service on July 8, 1944, and went overseas last December. Prior to his entry into the Army, he was a student at West High School and employed by the Radio Cab Co.

He is also survived by his parents Mr. and Mrs. Sidney Landman, 1939 W. Broad-st; a 5-year-old daughter, Lola Lee; brother, Pfc. William R. Landman, with the Army in Germany and a sister, Mrs. [illegible] Snyder, 368 S. Powell-av.

The glass in the back door was recently broken, but by other means is the opinion.

Troop Re-Registers; Now At Top Strength

Cecil C. Cope, scoutmaster of Troop 161, sponsored by Camp Chase Post, announced the re-registration of his troop, with a membership of 49 boys. Now operating at top strength, the troop is planning many summer activities.

Twenty-eight boys have reserved the entire Chippewa village at Camp Lazarus for the week of July 1st, and more boys are planning to attend.

"Don't Cast Your Car Away"

Try to keep your old car going
With tin and bailing wire,
Before it is freezing and snowing
The Japs will likely retire.
If the war ain't over by winter
Doctor it up some more
Although it is not a sprinter
It is loyal to the core.

It has a value you can't compute
Keep it till after the fray,
At one time it was of good repute
Don't cast a good friend away.
If you pay ten thousand for another
Green, blue, white or black,
All it can do my deluded Brother
Is take you there and bring you back.

Among Our Friends

Are You The Serious Type?

Nature has made some people frivolous and some sincere—and it's the sincere folks whom others depend upon to get things done right.

People engaged in the serious endeavor of daily life need relaxation from the strain of the modern world — and we offer good living at its best—with good food, good beverages and good music. An evening here won't involve worry over the check, for our prices are moderate.

BUILD HELLDIVERS AT CURTISS-WRIGHT
Our great war leaders know it will take a lot of fighting, a lot of hard-hitting bombing to bring the fanatic Japs to their knees.
Helldiver dive bombers have proven a most effective weapon. Gains made on nearby Jap island fortresses have been possible only by their incessant pounding and support to landing forces. But we've barely touched the mainland.
More Helldivers are needed—more help is needed at Curtiss-Wright to build them.
Hundreds of men and women, skilled or semi-skilled, can be placed immediately in important and well-paid jobs. If you're inexperienced, a few weeks at the Training School will fit you for a job on the production line. Your wages start the minute you enter training.
Decide now to hasten total Victory and bring all the boys home sooner by taking a job at Curtiss-Wright.

Pvt. McVay Writes Home About V-E Day Celebration In Paris

Pvt. Ray McVay

Mrs. Ray F. McVay, 4105 Alkire-rd, received a letter this week from her son, Pvt. Ray F. McVay, Jr., who is stationed near Paris.

Following is his letter in which Pvt. McVay describes how news of the end of the European War was received by the people in France and Luxemburg.

Wednesday, May, 1945
Somewhere in France

Dearest Mother:

Well the war in Europe is over and believe me there has really been a celebration over here. I imagine there was a celebration at home too, but it will never compare with what is going on over here.

The afternoon of the 7th I started on a trip to Namar and Luxemburg. Being in a Signal outfit, I knew the war was over in the morning but it hadn't been officially announced. I left here at 3 p. m. that afternoon and at 4 p. m. reports began coming over the radio that the war was over. Every town I went thru, there were big celebrations, people dancing in the streets and when I reached Namar about 9:30 it was impossible to drive thru the town, because people would stop us and pile in the Jeep. We eventually reached Luxemburg and it was as lively as Namar. The driver and I joined in the celebration for a few hours and then went to bed because we had to start back bright and early in the morning.

Coming back, every town big and small, was having parades and every house displayed American, British, French, Belgium, Lux and Russian flags. We arrived back here late afternoon and I was determined to go to Paris. As we approached the Arc De Triumphe, enormous flags were waving from the top of the Arc and every Allied nation was represented. The grave of the unknown soldier lies under the Arc and we parked the Jeep about three blocks away (we were unable to get any closer because the streets were jammed with people) and we walked up to th Arc, saluted all the flags, walked on to the grave and stood in a moment of silent prayer.

All the way into Paris, people waved and threw flowers to us. It was practically impossible to drive thru the streets but we tried and at one time, there were 23 people in and on the Jeep. I never received so many kisses in one night in my life. All the light were turned on in Paris last night and fountains that hadn't flowed in 5 years were turned on and it looked very beautiful.

Coming through Bastogne yesterday, there isn't a house left standing in one piece and it is utterly in ruins, but those people were really celebrating. They were all smiles from ear to ear.

Pvt. McVay said it was his honest opinion that the best place in the world on V-E Day was Paris and no city could have beat them when it came to celebrating.

Returning Service Man Entitled To Retroactive State Pay Increase

Attorney General Hugh S. Jenkins today held that a returned service man who resumes his employment with the state is entitled to the pay increases granted by the General Assembly to state employes. This includes not only the pay increases granted by the present General Assembly, which became effective Jan. 1 of this year, but also the increases granted by the last General Assembly.

In his opinion, to Delbert H. Glaser, personnel supervisor of the Ohio Department of Highways, Jenkins called attention to the fact that the law provides that service men shall be given credit for the period served in the armed forces "as though such time were served in the course of their regular employment with the state."

Attorney General Jenkins' opinion concluded with the following comments: "It certainly could not be regarded as either equitable or just to say . . . that our returned veterans who have suffered the hardships of battle and who have made not only heroic but also monetary sacrifices should be denied benefits given to state employes who remained at home and lived in comparative luxury and security of their own homes."

Sgt. John Hoy, Lt. James Smith Meet at Rhine

Sgt. John M. Hoy, of the First Army, met with a pleasant surprise somewhere east of the Rhine River when he unexpectedly came face to face with an old buddy, Lt. James F. Smith, and a joyous reunion took place. The war, almost, if not quite forgotten, the boys spent a happy hour reminiscing over old times at home, before the flames of war encircled the world.

Sgt. Hoy is the son of Mr. and Mrs. James Hoy, 2413 W. Broad-st. He graduated from West High School in 1940 and entered military service in October of that year. He sailed for the European theatre of war in December, 1942, where Lt. Smith followed him a few months later. The recent meeting was the first time the boys have had since they left home. Lt. Smith, formerly of the Hilltop, is the son of Mrs. Eva Smith, 34 W. Hinman-av.

Another son of the Hoys, S/Sgt. Carl D. Hoy, also entered the service in 1940. He is in the Ninth Army, Eighty-fourth Division, now in the German Reich. He holds a citation for meritorious achievement. The brothers have not met as yet, even tho they have both been in Germany for several months.

Frances Cruise, daughter of Mr. and Mrs. Fred G. Cruise of 2432 Westwood-dr, was recently leading an impromptu discussion on Alaska. She flew there around Easter time to visit brother Hampton and wife.

She described Fairbanks, probably the leading town in our northern possession, as a mixture of the wild West and the ultra modern. "The leading hotel of the town, with a population of around 5000 people, was made up of three floors. The fire escape system consists of ropes tied to the radiators. When a fire breaks out, you throw the rope out the window and slide to safety." She added that a warning is issued to all residents to check the knot on the rope before beginning their descent.

In contrast to the hotels are the apartments, built since the war to house the increased population. "They are very nice and modern, with all electric appliances that many people here wish they could get right now," she said.

Things grow fast in Alaska, which has only three hours of darkness daily. According to Fran, the most interesting thing in Fairbanks is that they have **meat**, any and all kinds of meat.

"The stores are full of any kind of meat you want. It is non-rationed, but mighty high. In fact, the minimum for a steak dinner is $4.00," she related as we tried to imagine the taste of steak at any price.

Most all meats there are purchased two days in advance of eating, time so they can thaw out as they are all handled frozen by the stores.

"In fact, everything else is just as high. For instance a hot fudge sundae is 85c, of which I didn't eat any," and she frowned at the thought.

She went on to describe other scarce items that are in abundance there. Cigarettes, carton at a time; chewing gum, as much as you want; shoes without stamp, $15 for men and around $6 for women; and all these items are close to our standard prices. Gasoline? "All you want for 40c a gallon," she answered

Fran, whose brother is radio operator on Pan American planes operating through the Seattle-Fairbanks-Nome area, tells of Easter daffodils selling for 25c in Seattle, going on the same plane up with her, then being sold in Fairbanks for $2.00.

She tells of an old miner in Fairbanks who makes every trip with the plane to Nome and back, a little matter of $300, "just to make sure that the plane keeps running." If there is no business the trip isn't made

The night life there starts at 6:00 p. m. and goes through 'til 6.00 a m. At midnight everything is closed in town and the citizens mush a short distance into the country to take it up again at all-night clubs.

"Everyone dresses just as he feels, with a wide assortment of clothing being worn. Sealskins, furs, boots to dainty shoes and long dresses. In the Spring the streets are a mass of slush because of the constant freezing and melting She says it was 20 below on Easter night and 50 above the next morning. One street is paved and the rest are dirt, with the chief warning to motorists to "Drive Slow to Avoid Splashing Pedestrians" posted on all intersections

With all of inland Alaska's customs, abundance and entertainment, Fran says she thought flying in and out was the main feature of the trip Unable to clear all of the mountain ranges, the flight is made between snow capped peaks and just under the fleecy clouds, "which makes you feel you are awful close to Heaven . . . you are not frightened, it is too pretty," she stated, with that dreamy look in her eyes which promised a return trip before too long.

Police Ask For Skate Donations

The police department this week issued an appeal to families who may have old skates which are not in use, to contact the Juvenile bureau at police headquarters, or to bring the skates to the skating parties sponsored by the bureau.

Since it is impossible to buy skates at this time, many boys and girls are left out of the fun because of lack of them.

A skating party was held Thursday night on Powell-av, opposite West High School. These parties are gaining in popularity and police expect to continue them every two weeks, if possible

The department stresses the fact that the condition of the skates is not important, as they will be repaired and put in the best condition possible for the use of the children

STRATEGIST

Coach Dale Rose

10 Wins With No Losses

The West High School Cowboys continued to be the scourge of City High Baseball League as they won their sixth straight championship without a defeat Last Friday

Pitcher Bob Phelps completed an iron man season as he won his tenth straight ball game, having pitched all of his team's league games

Early last week Coach Dale Rose told his squad that the coming South game was their crucial fray of the season. He said, "You win this one and we'll depend on North to do us a favor by knocking off Linden." They won their game 4-3 and North did them the favor by defeating the strong Linden squad 6-2.

Long Battle

The Cowboys had tough sledding against South, having to go ten innings before coming through. They scored one in the fourth inning and were promptly headed when South scored two in the same inning. West tied it in the fifth and there the score stood until the ninth when both teams scored a run to make it 3 all

Coach Rose's bunting practice again paid off as the Hilltoppers squeezed in the winning run in the tenth. Bob Dienst walked, stole second and came in on a well-placed bunt.

He Hits, Too

Phelps was nicked for nine hits, but scattered them. He struck out eight and walked one. Just to make the campaign complete he continued his season-long hitting spree by collecting a double and scoring one of his runs Ison did the catching.

Trailing the triumphant Hilltoppers are Linden, North, South, Central, Aquinas and East in order

The Cowboys showed no letdown after winning the championship, as they defeated East 3-0 behind the one hit pitching of Bob Phelps and Paul Hegenberger

PURSE STOLEN

A purse belonging to Lela Ingle, 188 N. Wayne-av, was stolen from her bedroom, she reported to police last week It contained $15

2500 Attend Memorial Day Ceremony

An estimated crowd of 2500 people witnessed the Hilltop Memorial Day parade and Honor Roll services at Glenwood Park Wednesday.

Under the sponsorship of the Hilltop Community Council, the program was well backed by all local service and civic organizations. Music was provided by the West High Band and the American Legion Drum and Bugle Corps

A total of $1300 in War Bond was sold at the site of the Honor Roll board immediately after the ceremony.

Plan Bond Auction

The committee in charge of the program is now making plans to bring the Lockbourne Air Base show, "Lock Baloney," to the Hilltop next week. A War Bond auction will be held in conjunction with the show

A committee was appointed Wednesday evening to attempt to arrange the showing and auction for the following Wednesday night at the State Hospital ball diamond

Unintentionally omitted from the gold star list published in last week's Record was the name of T/Sgt. Raymond R. Hartman, son of Mr. and Mrs. R. M. Hartman, 420 S. Harris-av.

Hilltop War Bond Total Now $58,000

Residential sales of War Bonds in the 7th War Loan Drive on the Hilltop had jumped to a total issuance value of $58,000, it was reported Thursday by Mrs. William R. Guttner, colonel.

Effecting a jump of $36,000 over last week's reported total, the hard-working women of the Hilltop teams seemed well along the road toward making their goal of $71,600 by the last of this month.

Workers in the Valley section, led by Mrs. S. V. Rayel, who last week reported a total in excess of their set goal of $14,200, picked up another $1500 as of Thursday. This was the slowest week in Valley sales since the drive opened.

Mrs. C. E. Brady, vice-chairman of the West of the River Area, declared Thursday that she was well pleased with the progress made to date by both sections but added that much hard work lay ahead.

New Construction Is Still Retarded Despite Relaxation

Despite the proposed relaxation of Construction Limitation Order L-41, new home building, remodeling, maintenance and repair will be held back by the rigid lumber control order L-335, according to H. R. Northup, Secretary, National Retail Lumber Dealers Association, Washington D. C

"Lumber dealers will be in an embarrassing position when the Building Limitation Order L-41 is relaxed, if their customers do not understand that L-335 is still in effect, and still control the dealers' purchase of lumber," he said

Lumber control Order L-335 allows the dealer to sell only ten per cent of the lumber he sold in 1944 as "Free Lumber," namely, without written authorization or priority rating. Even when lumber for 'new construction' within homes was limited to $200 per year, there was not enough 'free' lumber to meet demands in most localities.

New Order L-41 is said to raise "new construction" permitted without written authorization or priority ratings, from $200 per home to $1,000 per dwelling unit, from $1,000 to $5,000 on commercial buildings, stores, etc., and from $5,000 to $25,000 on industrial buildings. This will boost the dollar value allowed without priority more than five times above the prior regulation.

In addition to the relaxations given above, the farmer still retains the right to spend $1,000 on his farm plant buildings per year.

Furthermore, permission will be given for "new construction" of churches, schools and hospitals to $10,000

While increasing the amount from $200 on the home per year to $1,000 per each dwelling unit, the revised Order L-41 will provide that repair, maintenance, and remodeling (not new construction) must all come under the new $1,000 limitation

"If the public is to receive the materials that the revised L-41 will lead it to expect, some revision will have to be made in L-335," Secretary Northup asserted. Otherwise L-41 revised merely supplies a hunting license to permit people to try to get the materials with which to build.

Barok Has Long Birdie Shot At Beacon Light

Bob "Red" Barok, 342 Dennerest-rd, made the shot of the week which may well rank among the best of the season, when he sank a 100-yd. six iron shot in an approach to the number eight green at Beacon Light golf course Sunday. This shot gave him a birdie.

The course, which was in excellent shape, was given a heavy play by Hilltop golfers both on Sunday and Memorial Day.

Lowest scores reported Sunday were made by a trio of local golfers. Stan Russell and Paul Leighninger each reported an 83 and H. H. "Whitey" Marlowe had an 84.

Russell was reported to have practically duplicated Barok's feat but was fouled up by the pin which prevented his birdie shot. Joe Linville also got his first birdie at Beacon Light recently.

The Columbus Railway Power & Light Co. club has made arrangements to run their matches at Beacon Light every Thursday afternoon, starting at 5:00.

Austin Hutt Falls In Attempt To Repeat Title Run

West High School's Austin Hutt, one of the greatest runners in Ohio scholastic history of the sport, missed having his year-old dream come true Saturday because of the flash of a camera.

Rounding the home stretch turn at Ohio State University track in the 880-yd run of the state track meet in second place and getting ready to make his bid in the final spurt, the Hilltop speedster was blinded by the flash of a photographer's camera. Stepping off the edge of the track, he sprawled headlong to the ground.

Question Left

Although it will never be known that he would or would not have repeated his 1944 feat of winning the state championship for that distance, Hutt was recognized as an odds on favorite for that event this year.

Bill Smith, the only other West trackman to qualify for the event, failed to place in the broad jump.

very poor. Pvt. Anderson said.

On his way home, Pvt. Anderson happened to be on the same train which was wrecked last Sunday in Piqua, Ohio. There were 12 coaches on the train, the first four coaches stayed on the track and he was in the last coach that didn't derail. Pvt. Anderson said he thought a bomb was exploding. He helped to carry out the persons injured. After a two hour delay he reached Camp Atterbury, Ind.

Glad To Be Home

Pvt. Anderson said he was very glad to be home and with no ill effects. He will have a 66-day delay enroute and afterwards will report to Miami Beach, Fla., for further assignment. His wife, will join him there. Pvt. Anderson attended high school in Piqua, O. He is the son of Mr. and Mrs. A. W. Anderson, 96 Hanford-st.

HALF MILLION PLANES

It is not unlikely that in this country alone we shall have by 1950 at least half a million private, commercial and military planes in active service according to William A. M. Burden, Assistant Secretary of Commerce.

WBNS Country Store to Visit Hilltop Locations

Radio Station WBNS is joining the "Mighty Seventh" War Loan with a "Country Store" float which will travel greater Columbus in cooperation with the Residential Division of the Seventh War Loan to sell bonds over the counter.

Against the background of a typical old-fashioned country store furnished with coal stove hams on the string, and the old pickle barrel, grab bags full of canned goods, other staple foods toilet articles, and candy will be sold over the counter for $25 $50 and $100 war bonds.

The main feature of the grab bag sale which gives the small bond buyer a chance to join the fun, is that in some of the bags unknown to the purchaser, will be a hard-to-get article, an electric fan, an electric iron, a pair of nylons, a carton of cigarettes, etc.

At the next counter, alongside the grab bag sale, Irwin (Early-Worm) Johnson will hold an auction aimed at the higher bond sales. To the highest bidder in bonds will go more precious articles—electric appliances, cigarettes, highly-rationed goods hams, and other "hard-to-gets."

The Country Store will bring the Seventh War Loan to the following Hilltop locations: Sullivant and Eureka-aves. 8:30 p. m., Friday, June 1; Sullivant and Central-aves., 7 p. m. Thursday, June 7; Broad-st and Hague-av., 8:30 p. m., Thursday, June 7.

G.R.'s Have Active Year With Parties And Projects

This has been an active year for West's Junior High Girl Reserves. They were active throughout the year in collecting cartoons and jokes which they made into scrapbooks. They also collected crossword puzzles and mounted them on cardboard. These, when finished, were sent to service men in service hospitals.

There was a special Inter-Triangle meeting which all officers throughout the city attended on Feb. 12 at the Y. W. C. A.

On Dec. 17 the annual Girl Reserve Recognition Service was held in the school auditorium. One hundred fifty-eight new members were installed.

Parties!? Of course!! A Hallowe'en party was held at Mary Prewitt's home on Harrisburg Pike on Oct. 26.

On March 22 in Room 168 an Easter surprise party was held for both new and old members of the Girl Reserves.

A potluck supper was held on March 22 in Room 2 at which each member brought a girl friend as a guest.

On April 5 at Y. W. C. A. a potluck supper was held for Girl Reserve officers throughout the city.

WELCOME HOME

The 100 block on N. Hague-av was all decked out with flags Wednesday night, and at the [illegible] address small flags lined the walk leading down to the sidewalk . . . anchored by two flags on the terrace was a six-foot sign with the words "welcome home" printed on it . . .

All this patriotic welcoming was for Lt. Eugene "Dude" Grubbs as he arrived at the home of his parents, Mr. and Mrs. Forest Grubbs to meet them and his wife and his small daughter whom he has never seen.

He was met by the entire family at Union Station where he arrived at 6:00 p. m. after spending two years in Italian and German prison camps . . .

This kind of thoughtfulness goes a long way to show the American fighting man that the people back home are backing him to the utmost.

CORRECTION

Robert Cramer of 1931 W. Broad-st was reported herein last week as buying a $50 War Bond at the Memorial Day services . . . that was just ten times shy, for it was a $500 War Bond . . . just another case of the typographical error making a big difference.

INFLATION

Dick Burgoon, Naval Amphibious veteran, tells of the type of inflation that the boys who go in first run into . . .

Upon first arriving in the Philippine area they found that the citizens there were glad to sell their chickens for five cents apiece . . . these prices were quickly taken advantage of with the boys building fires on the dock, spearing the fowl with a gun rod and the result was delicious roast chicken . . .

But after a few thousand young Americans landed, the early worms found that the chickens were going for $5.00 each . . . guess the people are the same the world over.

SAVES HER PENNIES

Helen Schmelzer, daughter of Mr. and Mrs. William Schmelzer of 651 Nashoba-av, has approximately 1000 pennies in a fruit jar at home . . . Mr. Schmelzer says he started to count them but lost track at 800, leading to the estimate of 1000 . . .

Helen says she hasn't been necessarily saving them, but they just seem to gather, making it necessary to bottle 'em up . . .

HERE AND THERE

Chuck Waldo and wife Melba are planning to open a sandwich shop, just two doors east of the bowling alley on W. Broad-st . . .

Arthur Bellar, 326 S. Algonquin-av, is among leaders in the WCOL "Jab-A-Jap" Contest at 31 N. High-st . . . he has approximately $1500 in War Bonds now and is getting pretty experienced at the darts . . .

Pop Waymer, 204 S. Warren-av, was home from Grant Hospital after an operation this week . . .

Charley Reichelderfer, OPA chief clerk, was in a sweat Thursday trying to rake up a few food points for the HBMA outdoor meeting . . . and there's the question of where the food will come from after the points have been obtained . . .

Comes word from DeLand, Fla., that Jimmy Rawlins is dancing in a Camp Blanding show which will play that Florida town in the near future . . .

Herb Lanigan, London, is now manager of the Alber store on West Broad-st . . . he finally made it after about two decades.

WHEN ARE WE OLD?

★ "When life has been well spent, age is a loss of what we can well spare—muscular strength, organic instincts and gross bulk.

"But wisdom, which was old in infancy, is young in fourscore years, and dropping off obstructions, leaves the mind purified and wise."—*Emerson*

To augment the richness of wisdom is modern medicine, a comforting ally of the aged. For the physician, together with the pharmacist, stands ready to alleviate the infirmities of age in the interest of happier, healthier, and longer lives.

1500 MORE WORKERS NEEDED
IN NEW CENTER PANEL DEPARTMENT
AT CURTISS-WRIGHT

Now the center wing sections of the Helldiver dive bomber, hitherto sub-contracted by one of America's leading automobile companies, will be made in the Columbus Curtiss-Wright plant.

That's the reason for this urgent call for 1500 additional workers —men or women, skilled or unskilled. Those without experience can learn in the Training School right at the plant, with pay, and quickly take a place on the assembly line.

Production of this vital part of the Helldiver must be maintained along with regular production at the local plant. Navy and marine fliers in the Pacific need these planes to press home the attack against the Japs with the fullest force.

Here is vital work, at good pay, under excellent conditions, in one of the country's most modern plants. See the war through to the finish — take a job at Curtiss-Wright.

In the Rough

By the Roughest

Those brave souls who teed off into a cold win and drizzling rain at Beacon Light Golf Course Sunday were truly died-in-the-wool enthusiasts of the game . . .

One advantage to that kind of weather was the ability to get around a not over-crowded course in pretty fast time . . . If they could keep from shivering enough to hold that score down to some place near normal.

They Take It

Namely, some of the brave souls were: A. Boehm, C. A. Kendall, Jimmy Posey, a bothersome foursome of Curt Wilcox, B. R. Hill, H. McClain and Woody Clark, Jack Mitchell, Dr. Jack Miles, Paul Lugger, Walter Davis, George Curtiss, Art Korn Lt. W. E. Crouch.

Webb Davis, C. Moss, Sam Richardson, Bud Evans, Harold Ayers, Robert Miller, Gene Raymond, Jay Kent, Wes Murdock, Roy Murdock, C. E. Boyer, Leo VanArsdale, R. Deyo, M. Cockerell, and the high score reporters, Whitey Marlowe with an 81 and Paul Leighninger with an 82.

Serves It Hot

Mrs. L. E. Kidwell was kept busy serving hot coffee to those who got up before breakfast . . . This undoubtedly saved a lot of lives . . . at least they called it a life-saver.

Waldo Johnson was reported to have played one of the better games on Saturday with unusually good approach and putting form. . .

We were present at a meeting held Wednesday night at the local Ration Board which was designed to clear up the muddle brought about by the OPA directive making B-book holders eligible for a 175-mile increase in occupational driving.

With the discussion being led by a district board representative from a memorandum entitled "Preferred Instead of Semi-preferred Mileage for Hail-Storm Adjusters" (a very representative title) and leading into "buyers for essential establishments," "social workers," "furlough mileage," etc., the consensus of opinion on each was that he was eligible or he wasn't eligible, depending on whether he was classified to this degree or that degree, which cleared everything up just like a muddy creek bottom . . .

But, as far as we could decide with our limited intelligence, anyone having a B-book with a 475-mile limit is eligible for the increase IF he can prove to the board that he needs more gasoline to carry on his occupation. That leaves the home-to-work driver out of the picture as long as he does not drive while he is working.

However, on June 26 the A coupon jumps to six gallons instead of the present four, which will help out the vacationer. Another deduction from the get-together was that the increase would not affect C-book holders in the least as their mileage is computed on the number of miles they drive to work or during their work. And this type ration is frequently adjusted.

RAINED OUT

The scheduled meeting of the Hilltop Business Men's Association at the Tom Lewis home on Wilson-rd Tuesday evening had to be changed at the last minute because of rain . . .

The disappointed crowd moved into the old Legion rooms at Schmelzer's Restaurant and finished their picnic lunch, held some entertainment as well as a brief business meeting.

Included in the business meet was the election to membership of the Essman Market, 2526 Sullivant-av, and the Pack Shoe Repair at 2394 W. Broad-st.

RECITAL

Mrs. E. C. Henley, 326 S. Terrace-av, is presenting a piano recital at Summers & Son Music Hall next Thursday at 8:00 p. m. . . . Some localites to be presented recently won high honors in the National Guild of Piano Teachers contest.

They are Alvin Funk, Bettie Fleming, Myron Davis, Roland Dalton, Ruth Scoles, Marjorie Lindner, Gary Koontz, Shirley Girbert, Helen Wood, Jimmy Waters and Glenna Walton.

HERE AND THERE

A new arrival on the Hilltop this week is the wife of Les Vincent, an attractive Spanish lass from Denver, Colorado . . . sh is making her home with his parents at 105 S. Harris-av. . . .

Art Bellar, the "Jap-jabber" came out on top in that War Bond contest by bagging 1535 points out of a possible 3000 . . . he made off with a ticket for an electric range—when it is available . . .

WALK AWAY

Maurice Krug, 16, of Dayton, and David Mynard, 15, of Cleveland, walked away from the kitchen at the Bureau of Juvenile Research in West Broad-st, early Tuesday, police were advised.

No Light Bulb Diet for Howard

Howard Easterling, age 4, 448 S. Harris-av, will have some changes made in his diet in the future. Howard found some Christmas tree bulbs that looked extra delicious, so he ate one.

Emergency squadmen were called to the home and a doctor summoned.

The doctor advised a roughage diet (and no light bulbs) in the future for Howard and said he should be all right.

More Hilltoppers Liberated From German Prison Camps

Local Firemen Leave Dept.; Personnel at 280

Columbus fire fighting forces lost two more Hilltop men this week; one by retirement and one by induction into the armed forces.

Arthur O'Day, 626 S. Terrace-av, is retiring. Robert L. Moore, 321 S. Warren-av, is being inducted into the armed forces.

Seven other men are either retiring or are up for induction into the Army. If all nine men are lost it will leave the strength of the fire fighters at 280 men. Full strength is 379 men. Thus, the department is running 100 men short, with no chance to catch up during the war.

Fifteen men recently trained and assigned no more than offset losses since the first of the year. Fifty firemen are serving in the Army and Navy, of which the majority are overseas.

Skating Parties To Close Aug. 23; Attendance Good

The police-sponsored juvenile skating parties are continuing in front of West High School on Powell-av with Thursday's program showing much interest on the part of the youngsters, according to officers in charge.

With another skate planned for the 28th, they will continue until August 23rd on an every other Thursday basis.

Police officers asked that any pair of skates not in use be given or loaned to the department for the use of the youngsters. They suggested that the skates could be left at the station or with any cruiser.

THE FATHER

(For Mr. Fred Adair and other Gold Star Fathers)

He'd thought the barricade that he had built
between his son and all life's cruelties
was strong enough to hold against the power
and awful tragedy of life—and war.
Now he must work; and he was grateful for
so many trivial tasks that cannot wait
for dreaded words that mean the death of dreams.

Highland Garden Club To Hold Annual Picnic Here Monday

The Highland Garden Club will meet at the home of Mrs. H. I. Spencer, 63 N. Burgess-av, for their annual June picnic meeting at 12:30 o'clock, on Monday, June 18th.

Mrs. J. Earle Taylor, 171 S. Harris-av, has been elected president of the group for the coming year. The members recently undertook the project of planting 250 chrysanthemum plants in Glenwood Park, the plants being donated by the Rosebud Floral Co., and the ground prepared by the city planting department, with the members of the club doing the actual planting.

Many choice varieties were included in the border, which fronts on West Broad-st.

Other like projects are in the program of the club for the coming year, whose members feel that civic beautification can be aided to a great degree by garden clubs.

Assisting the hostess in making preparations for the June picnic are Mrs. Rudy Compton, 27 N. Westmoor-av, and Mrs. W. H. Kight, 3144 Wicklow-rd.

Awarded Bronze Star

Capt. Joseph W. Rawn, son of Mrs. M. J. Rawn, 671 S. Burgess-av, has been presented the Bronze Star Medal for his service against the enemy in Belgium last January. Capt. Rawn accompanied a party whose mission was to locate an isolated battalion and attempt to open up a supply route to it.

Approaching the buildings in the vicinity of the isolated battalion, he went forward with another officer to determine whether the building were in enemy or friendly hands. Capt. Rawn, being challenged in German, replied in German to the satisfaction of the sentry, so saving his life and that of his companion.

Carson, Russell Stand in Westmont Feature

Starring Jack Carson and Rosiland Russell and featuring Robert Hutton, Andrea King, Jean Sullivan, Craig Stevens, Alan Hale and John Qualen in supporting roles, "Roughly Speaking" is the story of a courageous woman, the family she reared and loved.

Adapted from the best-seller of the same name is concerned with the amazing, fulfilling life that befell a young woman upon her pledge to spend her life aiming for the stars. "Roughly Speaking" opens at the Westmont Theatre Sunday for a three-day engagement. The thrilling mystery, "Fashion Model," starring Marjorie Weaver and Robert Lowery is the second feature.

Private Citizen Help In Crime Problems Valued

Police Chief Praises Civilian Help At OSPA Session Close

Help from private citizens has shown a marked improvement in the thoughtful attention they have paid to crime problems, according to sponsors of the Ohio School of Police Administration closing their week-long session at central police station.

Police Chief Lester W. Merica extended his appreciation to the public generally for the wholehearted manner in which his department has been aided by the citizenry lately. Several important crimes were solved by prompt cooperation and information from the public.

Sponsored by F. B. I.

The school was sponsored by agents of the Cleveland and Cincinnati field divisions of the Federal Bureau of Investigation. Closer unity has been had, they related, between law enforcement agencies throughout the country and more is expected.

Strengthening of public relations was predicted and application of the most scientific methods of crime deduction will give the criminally inclined a hard way to go.

During the sessions, attended by 107 high ranking police officials from 55 Ohio cities, new methods in police administration were taught. Discussion of practical police training programs was had.

An outline of administrative responsibilities of the police in juvenile control and explanation of new laboratory techniques and communications were included. Law enforcement as a profession was another topic.

Flight Training At O.S.U. Airport Open To Students, Faculty

Flight training at Ohio State University's new airport will be open this summer to university students and faculty. Applications are being received now by Professor Karl W. Stinson, at his office in room 153, Robinson Laboratory, on the campus.

The university has just received ten Taylorcraft planes for use in primary flight instruction. The summer flight and ground school training lead to a private pilot's license.

To be eligible, a student must be regularly enrolled at Ohio State and must have completed two quarters toward a degree.

In the Rough

By the Roughest

Rain checks were the order of the day at Beacon Light Golf Course Sunday as the greens were deluged by rain most of the morning . . . however not too many spirits were dampened as 52 were registered for play.

Some of those who braved the deluge were:

Larry Hanover, George Miller, Howard Smith, Bruce Weil, Fred Moore, George Luckey, Dick Smith, C. A. Corcoran, C. Johnson, A. L. Simison, A. L. Davis, Bob Barok, Jim Ryan, Ted Hamilton.

William Wilhelm, P. Michler, George Buckingham, G. Michler, J. Kennedy, D. Stout, Gus Cross, Richard Stout, C. Hakola, Bob Hakola, Forrest Cochran, Paul Donnell, Jack Nolen, Jack Neely, Bob Miles, L. E. Leaman and Dr. Mathews.

Again no scores were turned in.

WOMEN AIR TRAVELERS

The extent to which women will use the airlines after the war is shown by a recent survey in which 81 per cent of the women in the 18-24 age group reported they would use airplanes for business and pleasure travel; in the 25-34 age group the percentage was 74, and in the 35-44 age group the percentage was 67.

OSU Twilight School Opens Tuesday

Fifty-five full-credit University courses will be given in Ohio State University's Twilight School in the Summer Quarter starting June 19, Dr. Norval Neil Luxon, director, announced this week.

Twenty departments of instruction, representing five colleges and the Graduate School, will offer courses on all levels from freshman year through Graduate School.

Fifteen of the courses are open to freshmen who have had no previous college experience. This affords high school graduates an opportunity to earn five hours university credit this summer while working full time, Dr. Luxon pointed out. Twenty-five of the courses carry Graduate School credit for students admitted to that school.

Enrollment Up

Twilight School enrollment has been 1469, 1038, and 1001 in the autumn, winter, and spring quarters respectively, approximately double that of the previous year an indication, University officials believe, that residents of Columbus and nearby communities are becoming more interested in evening education.

Information about courses, admission, and registration may be obtained from the Twilight School office, 201 Administration Building on the campus which will be open until 9 p. m. daily except Saturday through June 26. Students are urged to register and pay their fees no later than Monday, June 18, as Twilight School classes start on June 19. The Summer Quarter will close August 31.

"Bobby's" Mother Arrested After 13 Month Search

The 13-month-old baby abandonment case of Bobby Wallace at 525 W. Walnut-st was brought to a head Wednesday afternoon when police women Edna Thomas and Martha Norris located a woman who they identified as little Bobby's mother in a N. High-st rooming house.

Police said the Wallace woman was living with a soldier at that address when she was arrested at 2 p. m. Wednesday. Her only words were: "How did you find me?"

According to police the woman had been picked up by a patrolman previous to this arrest, but at the time no general pick-up order had been given and she persuaded him to release her.

She was placed in county jail and charged with child neglect, police said.

SUPERSTITION in this Enlightened Age

★ Do you still bury a dishrag to remove a wart on your finger? Perhaps not, but some do. Yes, even asafetida is still worn on a string about the neck to ward off illness.

These cases are extreme, but surprisingly superstitious notions about disease and treatment are held in this enlightened age.

Before you accept secondhand statements that hint of witchcraft, consult your physician. He alone is competent to evaluate methods of prevention and treatment of disease.

Bring your prescriptions to us.

RUDYARD KIPLING

God of our fathers, known of old,
Lord of our far-flung battle-line,
Beneath whose awful hand we hold
Dominion over palm and pine:
Lord God of Hosts, be with us yet,
Lest we forget, lest we forget

Written in 1897 for Queen Victoria's Diamond Jubilee, this patriotic hymn is a solemn warning against the perils of imperialism which was then sweeping over the country. Its stirring message is not only a Peace anthem, but a tonic for true patriotism.

26 INFANTS MAKE PLANE TRIP

One of the oddest airplane loads ever carried hilt Quebec recently when a plan flew 26 babies, not one over five months old, to Chicoutimi. To insure the safe carriage of the infants, specially designed three-place plywood cribs constructed so that each box would fit into a plane seat were used. The young passengers, were orphans from La Creche Saint-Vincent-de-Paul in Quebec.

Unemployment Claims Increase In Columbus

New claims for unemployment compensation increased 24 per cent in Ohio during May, but only an insignificant number were laid off as a result of war contract cancellations, Charles H. Jones, administrator of the Ohio Bureau of Unemployment Compensation, said here today.

There were 2,729 new claims received by the bureau in May as compared with 2,196 the previous month. In view of the number of new claims filed during the first eight days of June, a substantially greater increase is anticipated this month, Mr. Jones said. So far, 1,131 new claims have been filed as compared with 363 in a comparable period in May.

May Payments Down

Benefit payments for the month of May declined 18 per cent under April with the average weekly number of benefit recipients dropping from 1,036 in April to 931 in May. The average weekly benefit payment per recipient, however, increased to $15.20, another all-time monthly high for the state.

Six cities — Bucyrus, Fremont, Mansfield, Ravenna, Washington C. H., and Wooster—had no compensable unemployment in May. Total payments for the entire state amounted to $54,657.

Unemployed servicemen received $23,754 during May in readjustment allowances through the bureau, 13 per cent over April, while self-employed returned servicemen were paid $7,519, a decrease of 14 per cent. Both types of payments, authorized by the G. I. Bill of Rights, are handled by the bureau under an agreement with the Veterans Administration, which supplies the funds.

Police Bicycle Recovery Is High; Restoration Low

Bicycle recoveries exceeding losses during the past several months has netted police a vast number of unclaimed wheels for which they seek owners.

There are 130 bicycles in the police stockade which Chief Lester W. Merica believes can be restored to owners if they are able to identify them through private or distinctive marks of identification.

Many arrests have been made recently by the bicycle theft squad and on a number of occasions thieves were unable to recall where they had stolen them.

Some had been dismantled, others had serial numbers obliterated and alterations made in a fashion that comparison with theft reports failed to disclose rightful ownership.

Unclaimed bicycles are sold at public auction after being held a year. Police prefer to restore them to owners if they have any means at all of proving their claim.

Band At O.S.U. Open To Students

High school students in Columbus who play musical instruments are invited to apply for membership in Ohio State University's summer orchestra, which will be in rehearsal during the first term starting June 19.

Those who are accepted will have the privilege of rehearsing and appearing in concert under the leadership of Izler Solomon, director of the Columbus Philharmonic, and Professor Eugene J. Weigel, director of the University's School of Music. Mr. Solomon will be guest conductor at Ohio State this summer.

No charge will be made to high school students accepted for membership in the orchestra. Applications should be made at once to the music school office in Page Hall, on the campus, since the number of openings in the various parts is limited.

Official U. S. Army and Navy Photos

These men can tell you why the 7TH WAR LOAN is the BIGGEST yet!

YOU ARE being asked to lend more money than ever before—in the 7th War Loan.

These men can tell you why.

They can tell you of giant ships ready to slide down the ways this year.

They can tell you of a whole new air force in the building—huge new bombers and fast new jet-propelled planes coming off the lines by thousands.

They could show you why it is cheaper and quicker to give our Pacific Forces entirely new equipment sometimes—instead of shipping tanks and guns from Europe.

They can, in short, show you 101 ways in which your dollars are needed more than ever to bring America's might to its full strength—so that we may crush our foe the faster, make an end of killing, and bring our men back home.

The Hilltop Seventh War Loan Drive quota, as well as the Valley, has been met and passed through the efforts of a group of hard-working women and a generous and patriotic public . . . However, these women and this public didn't go into the job just to meet a set quota and then quit. The women started their work with the thought in mind to work as a group and spend every effort to keep building the fund throughout the month of June, regardless of a quota.

The war in Europe is over . . . but there is a long and bloody battle ahead in the Pacific. Our boys over there, just like the ones in Europe will need guns, trucks, clothing, food, planes, ships and the thousand and one tools of war . . . And they will need them not for just six months or one year or two years, but until the evil Jap is beaten to his knees, until he is made to see and remember just what is wrapped up in the Hell of war . . . This can't be done by meeting a quota . . . It can only be done buying as many War Bonds as we can, and holding them.

THOUGHT FOR TODAY

By O. H. Croft

The simple gospel of 'Cause and Effect' would fill a lot of pews with gracious humility.

In Electrical Repair Work at Mare Island

Howard William McVay, F1/c, age 25, was recently home on leave after completing the Navy Training Course at Hadley Electrical School, St. Louis, Mo. He is now stationed at the Navy Yards, Mare Islands, Calif., engaged in electrical repair work.

Before going into the Navy on Oct. 27, 1944, F1/c McVay was an employee of the Telephone Co. His wife, the former Alice Zeisler and their three children, Linda Sue, 3½, Jerry Richard, 2½ and Rita Sharon, 3 months are living at 95 N. Roys-av.

REVERSIBLE PROPELLERS

Reversible propellers, newest innovation for retarding speed on airplanes, do not change their direction of rotation. Instead, the pitch range on variable propeller blades is increased sufficiently so that blades can assume a negative angle and thus the rotating propeller produces a negative thrust. Investigations indicate that while wheel brakes decrease the landing run of a plane to two-thirds of the distance required when no wheel brakes are used, the reversible propeller is capable of decreasing the landing run to less than one third of that distance.

James Holycross Visited by Parents

Mr. and Mrs. Frank Holycross, 2596 Elliott-av, visited their son, James K. Holycross, coxswain, at Norfolk, Va., on May 21, when he had a five-day leave before being re-shipped overseas.

Coxswain Holycross attended West High School. He entered the service May 29, 1943, and was sent to North Africa on October 13, 1943. Several times since then he has returned home.

He has been awarded the Bronze Star for meritorious achievement in a recent invasion in the Atlantic theatre of war when he was stationed on the S.S. George Davis.

TWO LEAVE FOR BOOT TRAINING

Two men are receiving their initial Naval indoctrination at the U. S. Naval Training Center, Great Lakes, Illinois.

Their recruit training consists of instruction in seamanship, military drill and general Naval procedure. During this period a series of aptitude tests will be taken by the recruits to determine whether they will be assigned to a Naval Service School, to a shore station or to immediate duty at sea.

When their recruit training is completed, these men will receive a period of leave. They are Daniel J. Grassbaugh, 18, son of Mr. and Mrs. L. A. Grassbaugh, 501 Binns-blvd, and Robert E. Baird, 17, son of Mr. and Mrs. R. E. Baird, 248 S. Eureka-av.

Noble L. Allen, Jr. Given 14 Medals

Pvt. Allen

Pvt. Noble L. Allen, Jr., is stationed in Ft. McClelland, Ala., at the Replacement Center School, and has won 14 medals in marksmanship.

The infantryman is a graduate of West High Schol and had two quarters of pre-medics at Ohio State University before entering the service in Feb. 1945. He was a member of Sigma Chi Fraternity.

Pvt. Allen is the son of Mr. and Mrs. Noble L. Allen, Sr., 2456 W. Broad-st. He is expected home on a furlough some time in August.

Husband and Wife in Service

SK2/c Butte

S/Sgt. Chas. Butte

S/Sgt. Charles Butte has received the Bronze Star Medal and as a platoon leader, he has participated in the campaigns of Normandy, Northern France and Germany for which he received a citation.

He has been in the Army 37 months and is now serving with the Quartermaster Corps in Germany.

Before entering the service, Sgt. Butte was a foreman at the Banner Die Tool and Stamping Co. He has been overseas 15 months.

His wife Velma Butte, SK2/c, is stationed at Camp Elliott, San Diego, Calif., and his mother, Mrs. Hazel Butte, resides at 180 N. Powell-av.

Velma Butte, SK2/c, took her boot training at Hunter College, New York and advanced schooling at Georgia State College. She recently returned to California after a brief furlough with her mother, Mrs. Gill, Nelsonville, and Mrs. Hazel Butte of the N. Powell-av address.

Serving in Germany

Sgt. Mayhew

Sgt. Robert I. Mayhew, age 20, is now serving with the Ordnance Maintenance, Anti - Aircraft, somewhere in Germany. He entered the service in Sept. 1943, and was sent overseas in Aug. 1944.

"Important National Events"

When the German Nation started to fall,
The Yanks crossing over the Rhine,
The World series each fall in baseball,
The fall of the Siegfried line,
Lindberg crossing over the Atlantic,
President Roosevelt's funeral train,
Ernie Pyle killed in the South Pacific,
When Spain destroyed the Maine.

The ragged cold troops of Washington
Valley Forge in seventy eight,
Pearl Harbor attacked in forty one,
The Huns prayed but prayed too late.
The event below I love to recall
Ladies in their head, men their
Every game of ball from Spring till Fall
When Babe Ruth came to bat.

YEAR-ROUND FRESH VEGETABLES

Housewives will no longer have to consider the changing seasons in preparing meals when plane-load movements of fruits and vegetables really get under way in the post-war world. Already experimental flights by various airlines prove that in the future it will be possible to deliver freshly picked garden and orchard produce on overnight flights from distances as great as 2000 miles or more. Among the type of perishables likely to be first to move in quantity via air are berries of all kinds, seafood, lettuce, tomatoes, fresh figs, cherries, asparagus, and apricots.

A Man-Sized Cup of Coffee!

NEW YORK, N. Y.—Tired of getting too-small servings of coffee at their regular meetings in hotels and restaurants, members of the New York Coffee Roasters' Association solved the problem once and for all—by purchasing their own cups. Turning down the demi-tasse are (left to right) Frederic Cauchois, vice president, and Robert B. Sasseen, president, who toast the favorite beverage of all the Americas in size cups befitting its importance to the American way of life. Since the great cups were bought, they are as much standard equipment for meetings as the bulletin boards, pads and pencils which accompany the discussions.

Recent announcement of the closing of the local surgical dressing unit has brought questioning letters from members of the armed forces who can't understand why such important units would be closing shop with such a long battle yet to be fought in the Pacific . . .

According to Mrs. Helen Evans, publicity director of Franklin County Red Cross, which handles the dressing units, all such units were closed because of a decision by the Army and Navy that there had been enough made and stored in warehouses to take care of all expected future use.

She quoted the national production figure from March '44 to March '45 as 775,000,000 separate dressings, and stated that the only problem of getting them into overseas field hospitals was one of transportation.

Franklin County's figure, of which the Hilltop unit ranked among the leaders, was 3,506,847 in 1944 . . . 188,502 hours were spent by 18 units . . .

Mrs. Evans further stated that the telephone numbers of all active workers were being kept in a file for immediate use in calling all units back to service in case of an emergency as declared by the armed services.

TEACHERS GATHER

West High School male teachers have set up a more or less regular schedule of social gatherings for the summer, although all are working at various summer jobs . . .

Attending the two latest gatherings were two ex-teachers now with Uncle Sam . . . Lt. (j.g.) Roger Essig, 229 Westgate-av, was home on an 18-day leave after serving in the Atlantic with the armed guard of a tanker. He returns Monday to Brooklyn. Wife, Ruth, and daughter, Susan, will remain at the same address. Lt. (j.g.) Frank Mason was on a long leave after extensive mine-sweeping operations before and during European invasions . . .

Coaches Dale Rose and Rufus Glass are spending the summer supplying "yummies" to the boys on the bicycles . . . A. E. Buchanan is painting houses . . . Myron Seifert is doing journalism work on a daily paper . . . Al Elliott is busily engaged on his farm down below Grove City . . . Mack Pemberton is holding down the job of supervisor at Westgate playground.

SHE BROUGHT 'EM

A lady came into the local ration board this week with a request for ration sugar and, she brought along a bag full of cherries to show just what she needed it for . . . Chief Clark Chas. Reichelderfer got the cherries . . . and the lady undoubtedly got her sugar . . .

One of those so-called "sizzling letters must have been dropped in the mail box at Broad and Wayne last Thursday night, for it resulted in a small fire which firemen were called to extinguish.

Thief Uses Coach's Car For Transportation To Rome

Youth's Registration Card Leads To Recovery; Meat and Bananas Untouched

A 1940 Pontiac coupe, belonging to Arthur M. Pemberton, West High School coach, was stolen from the parking lot in front of the Kroger grocery store, between Chase and Roys-av on Broad-st last Friday at 4:00 p. m.

The car was found late Saturday afternoon parked in front of the Paullin Motor Sales used car lot at 4516 W. Broad-st in Rome.

Pemberton said he had returned from the grocery store where he had been fortunate in obtaining a quantity of meat and bananas, which he had placed on the car seat before entering the nearby A & P store to finish his shopping tour.

Groceries and Car Gone

Upon leaving the latter store, he found only a vacant piece of parking lot where his car had been. Police were called to the spot and asked for proof of ownership with Pemberton explaining that his certificate of title had been left in the glove compartment of the car.

Cruiser officers said they would broadcast it as an "unofficial theft" and the coach returned to his home. Later he made it an "official" theft by showing police his insurance policy.

Youth Notified

Friday night and Saturday passed with police unable to locate the missing car, then Wayne Paullin, of the Rome address, noticed the registration card of Don Henderson, 29 Belvidere-av, who was a junior high pupil of Pemberton. He called Henderson's home and asked if the car had been stolen.

Henderson was taken to look at the car by his aunt and returned to inform Pemberton of the discovery. The owner immediately caught a ride to Rome and found the car sitting right on the edge of the road, returning to the Hilltop with it.

According to Pemberton, Paullin said that he had called both Columbus police and the highway patrol several times in an attempt to identify the car, but was told in each instance that there was no record of a car of that description being stolen.

No Contents Taken

When found, the meat and bananas, along with the certificate of title, were intact. There was also a quantity of baseball equipment from Westgate Park, where Pemberton is supervisor, in the car. It was also intact. The gas tank had been nearing the empty mark at the time of the theft.

Pemberton said, "didn't mind my car being used for transportation to Rome, but there were some awfully good steaks spoiled. However, you have to hand it to the thief for being honest in leaving the car just as he found it, although in a different place."

Mariejean Brown Weds In Old Paris Chateau

Capt. and Mrs. T. J. Phillips, Jr.

A lovely old chateau in Paris was the scene of the wedding of Lt. Mariejean Brown to Capt. T. J. Phillips, Jr., son of Dr. and Mrs. Thomas L. Phillips of Kuttawa, Ky., on May 17.

The ceremony was read in the long living room by an Army chaplain, before an altar improvised from the beautiful fireplace, banked with white peonies, in the center of which gleamed a gold cross. The voice of Major Withers singing "Because" and "Sweetheart" was accompanied by Major Osborn at the piano.

In Normandy Invasion

The bride is the daughter of Mr. and Mrs. F. P. Brown, 64 N. Powell-av. She is an evacuation nurse assigned to the Ninth Air Force and was one of the first nurses to reach the Normandy beaches after the invasion. Many times since, Lt. Brown has been flight nurse on transports carrying wounded to England.

For her wedding, the bride wore a gown of white brocaded satin, made by a French dressmaker. A friend provided the points necessary for the creation. A full length veil of illusion was held in place by white plumes. A wonderful bouquet of white orchids was carried by the bride. A gold cross, gift of a brother, Torpedo Mate 3/c John W. Brown, now in the South Pacific, was her only jewelry.

Miss Sue Ella Bernard, of Waynesville, Ohio, served as maid of honor. The two girls have been inseparable since graduating from the same nursing hospital. Lt. Brown's sister, Martha Ann Brown, stationed in England, did not get to attend the wedding.

The best man was the commanding officer of the Ninth Troop Carrier Command, Major Haug.

One hundred guests were present at the wedding, one of which was Major John Ricker, 58 S. Richardson-av.

Honeymoon In Cannes

After the reception, the bride and bridegroom left for Cannes, where they were the only Americans in the hotel. The combination of being newlyweds and Americans had the effect on the romance-loving French of getting them treated like royalty.

The new Mrs. Phillips made a flying trip home recently, surprising her parents, after landing in New York from a transport loaded with wounded from the European area. With her was her friend and maid of honor, Sue Ella Bernard. She had forty-eight hours leave.

Lt. Brown is a graduate of West High School and of the Springfield, Ohio, City Hospital of Nursing. She received her commission in the Army Nurse Corps in 1943 and has been overseas since a year ago last April.

A friend, Miss Mary Nuetzel, 2930 Clime-rd, accompanied her on her flying trip home.

AN IMPRESSIVE RECORD

★ Although tuberculosis is one of the oldest known diseases, its cause was first conclusively proved when Robert Koch isolated the tubercle bacillus a little over fifty years ago. The success resulting from vigorous public health measures, particularly in the last quarter century, is impressive. At the beginning of the century, tuberculosis led the list of diseases as the most frequent cause of death. Today it has dropped to seventh place. There is no reason why it should not drop completely from the list of important causes of death.

This splendid record has resulted from the combined efforts of many agencies. An enlightened public opinion with respect to the value of the physician's services has contributed immeasurably. Have that long-delayed physical examination today. We are prescription specialists.

Westgate Playground Is In Full Swing As Courts Open

Dorothy Lightner, Katherine Tripplett Assist Pemberton in Supervision

Activities at Westgate Park playground were in full swing this week, under the supervision of Mack Pemberton, 176 S. Brinker-av, who is being assisted by Miss Dorothy Lightner, 184 N. Hague-av, and Mrs. Katherine Tripplett, 338 N. Burgess-av.

Dick Slager, 3122 Wicklow-rd, all-around junior athlete at West High last year, is in charge of the four tennis courts there. Dry weather has recently made it possible to develop the courts into playing shape, and the charges of 25 cents per hour per person for singles and 20 cents per hour for doubles are set for the season, according to Slager.

Courts are Grassy

The two east courts will be used for badminton because of the inability to keep grass from growing there. Same prices will stand as in tennis.

Knothole baseball leagues were completely formed with junior, intermediate and senior teams entering play.

Tuesday night the Westgate Indians in the junior loop battled the Hilltop Lions in a pitchers' battle with the final score 20-0. The Indians garnered six hits and the Lions two. Jones and Hamrick pitched for the Indians with Williams doing the receiving. The Lions battery consisted of Young and McCoy in the box and Johnson behind the plate.

Phelps Coaches Team

In the intermediate league, the Hilltop Business Men's team, coached by Pemberton played a Thursday game with the Hilltop Tigers, a collection of West Jr. and Starling Jr. boys under coach Bob Phelps, last year's high school ace who is a Starling alumnus.

Summer School Hits High Mark

Summer School at Central High this year has reached an all-high in attendance, with students from West High School prominent among enrollees.

West Junior High has a total of 94 students enrolled in classes there, with 108 local senior high pupils included in the overall total of 1800 from 25 different schools.

West teachers employed for the abbreviated term are: George Neeb, H. L. Zulauf, Myron Seifert, A. M. Pemberton and Mrs. Evelyn Hall.

In the Rough

By the Roughest

Rainy weather curtailed golfing at Beacon Light during the past week, but recent sunshine has again brought the faithful followers of the sport to the nine-hole course on Norton-rd.

Sunday saw a number of mudders on the fairway, with Whitey Marlowe turning in an 84, closely followed by Harirson Goodsell with an 86.

The same day also proved that Hilltop doctors catch a day off once in a while as a foursome of Dr. Robin Sharp, Dr. Jack Miles, Dr. Lewis Leaman and Dr. George Mathews covered the course.

Sunshine Park To Have Weekly Picnics

Sunshine Park opened its initial week of playground activities with a picnic for the neighborhood children and their parents on Tuesday afternoon.

Muddy grounds did not detract from the enjoyment of the youngsters as games were played and prizes were awarded. A similar affair will be held every Tuesday for the rest of the summer.

A puppet show, presented by the Linden Community Center children, under the direction of Mrs. Nincehelser, is scheduled for June 22, at 1 p. m.

A variety show of songs, dances and recitations will be presented by the Sunshine Park children in the near future.

The public is invited to attend these performances and to participate in the many activities available.

Mothers are urged to join the Sunshine Mothers' Club.

Mrs. Butterfield and Mr. Arms supervise the activities at the park. Mr. Arms is especially interested in signing up boys for the Knothole team.

Seabee Visits Here

Mr. and Mrs. Carl B. Sherburn, 122½ S. Terrace-av, had as their guest recently, Sgt. Donald Humphries, of the Seabees, who is on thirty days leave after serving 30 months in the South Pacific. Sgt. Humphries is Mrs. Sherburn's brother-in-law.

Initiated

Two Hilltop girls were included in the seven pledges initiated into Alpha Delta Mu sorority, last Sunday at the Southern Hotel. Miss Helen Schiller, 91 N. Powell-av, served as chairman of arrangements.

The Hilltop girls initiated were Miss Frances Bidwell, 266 S. Harris-av, and Miss Marjorie Walker, 331 S. Roys-av.

Curtiss-Wright is grateful to the loyal men and women who have made it possible for another production achievement star to be added to the Army-Navy "E" flag. They have done a fine job of turning out the Helldiver dive bombers that will hasten the day the Japs call it quits.

MORE WORKERS NEEDED AT ONCE!

Curtiss-Wright has even a bigger job ahead, just as the job of licking the Nips may be a bigger job for our fighting men than beating the Nazis. More Helldivers must be sent to our Navy and Marine fliers.

Men, women — regardless of your skill (or lack of it) you are urgently needed. Many jobs require no previous factory or mechanical experience. For those that do, you can receive practical instruction in the Training School right at the plant. Pay starts the day you start to learn, and before you know it you're on the production line.

St. John Lutheran Dorcas Society Held Banquet Last Friday

Friday evening, June 15, in celebration of five successful years the Dorcas Society of St. John Lutheran Church enjoyed a banquet served in the church dining room by the Woman's Missionary Aid Society.

A pleasant program followed the banquet in which Mrs. Allan C. Chatterton (Lola Young) and Miss Biddy Fleming presented piano solos and Mrs. W. F. Weymueller gave a vocal selection accompanied by her daughter Miss Martha Lou Mason. Pastor Langholz completed the program with an interesting address on the derivation of the name Dorcas and the purpose of the society's existence.

The evening terminated with a surprise miscellaneous shower honoring one of the Dorcas members (Myrtle Cave) who recently became Mrs. Wayne Wiggins.

Little Stories of GREAT HYMNS
This favorite hymn of dedication reiterates the central truths of the Christian Faith found in the Apostles' Creed. It is a fitting choice when a cornerstone is to be laid, for it suggests the words of Jesus, "The stone which the builders rejected, the same is to become the head of the corner."

Family Fire Drills Favored By Columbus Fire Chief

Family fire drills have been suggested by Fire Chief Edward P. Welch as a means of reducing casualties and home fire losses. The chief pointed out that many people are injured or suffocated in fires in homes because they have not planned what to do in case of fire.

Home fires kill more than sixteen people a day in this country —and most of them are women and children—the chief declared. Many of these lives would not be lost if parents knew what to do quickly and safely when fire strikes their home. Many of the fires that get out of control could have easily been extinguished before they could do serious damage, "If people acted promptly enough. "Home fire drills will help teach your family these lessons," Chief Welch said.

Everyone in the family should know how to turn in a fire alarm, either by telephone or at the nearest fire alarm box. Everyone should know that they must never suddenly open the door of a room that is supposed to be on fire. The sudden rush of air can cause the flames to burst out at you and spread over the entire house. Feel the door panel first. If it's hot, leave the door closed, get out of the house and call the fire department. If the door is cool, brace it with your foot and then open it carefully so that you can see the conditions inside the room. If there is a small fire in the room and you think you can extinguish it, try to do so, but **call the fire department first.**

During the fire drill, each member of the family should have a definite job to do. One of the children should be instructed as to the proper way to report a fire by telephone and fire alarm box.

If there are children or infirm persons in the home, plans should be discussed as to how they would be rescued in case of fire. If there is only one stairway from the upper part of the house, plans should be made as to what to do in case the stairs are involved in the fire.

The entire family should take part in a complete fire prevention inspection of the home. Check the cords on the floor lamps and other electrical equipment. See that only (15) ampere Underwriter approved fuses are used in the fuse box. Check the heating equipment, especially the flue pipe on the furnace, and if found defective, have it repaired immediately.

Chief Welch said that the fire department has a quantity of small booklets entitled "42 Ways to Prevent a Fire." A copy of this valuable booklet can be obtained by calling the Fire Prevention Bureau—MA. 3131.

Sees Son in Newsreel

Mr. and Mrs. Henry Martin, 608 Wiltshire-rd, recently saw their son, Pvt. Edmund D. Martin, who appears in the above picture on the right hand side, paratrooper with the 8th Army in "News of the Day" at Loew's Ohio. The parents had not heard from their son for two months following his transfer from an anti-aircraft battalion to the paratroops.

In the newsreel, Pvt. Martin was shown as a buddy helped him rig his chute on his back and again as he boarded the plane. As he jumped, neither of his parents were able to distinguish him. His mother said he looked right into the camera.

Pvt. Martin entered the service two years ago and was sent overseas last October. He attended West High School and was employed as station manager for the Sun Oil Co., before going into the Army.

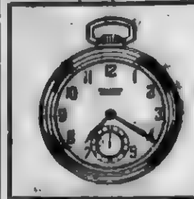
St. John Lutheran Dorcas Society Held Banquet Last Friday

Friday evening, June 15, in celebration of five successful years the Dorcas Society of St. John Lutheran Church enjoyed a banquet served in the church dining room by the Woman's Missionary Aid Society.



A pleasant program followed the banquet in which Mrs. Allan C. Chatterton (Lola Young) and Miss Biddy Fleming presented piano solos and Mrs. W. F. Weymueller gave a vocal selection accompanied by her daughter Miss Martha Lou Mason. Pastor Langholz completed the program with an interesting address on the derivation of the name Dorcas and the purpose of the society's existence.

The evening terminated with a surprise miscellaneous shower honoring one of the Dorcas members (Myrtle Cavé) who recently became Mrs. Wayne Wiggins.

Little Stories of GREAT HYMNS
This favorite hymn of dedication reiterates the central truths of the Christian Faith found in the Apostles' Creed. It is a fitting choice when a cornerstone is to be laid, for it suggests the words of Jesus, "The stone which the builders rejected, the same is to become the head of the corner."

Family Fire Drills Favored By Columbus Fire Chief

Family fire drills have been suggested by Fire Chief Edward P. Welch as a means of reducing casualties and home fire losses. The chief pointed out that many people are injured or suffocated in fires in homes because they have not planned what to do in case of fire.

Home fires kill more than sixteen people a day in this country —and most of them are women and children—the chief declared. Many of these lives would not be lost if parents knew what to do quickly and safely when fire strikes their home. Many of the fires that get out of control could have easily been extinguished before they could do serious damage, if people acted promptly enough. "Home fire drills will help teach your family these lessons," Chief Welch said.

Everyone in the family should know how to turn in a fire alarm, either by telephone or at the nearest fire alarm box. Everyone should know that they must never suddenly open the door of a room that is supposed to be on fire. The sudden rush of air can cause the flames to burst out at you and spread over the entire house. Feel the door panel first. If it's hot, leave the door closed, get out of the house and call the fire department. If the door is cool, brace it with your foot and then open it carefully so that you can see the conditions inside the room. If there is a small fire in the room and you think you can extinguish it, try to do so, but **call the fire department first.**

During the fire drill, each member of the family should have a definite job to do. One of the children should be instructed as to the proper way to report a fire by telephone and fire alarm box.

If there are children or infirm persons in the home, plans should be discussed as to how they would be rescued in case of fire. If there is only one stairway from the upper part of the house, plans should be made as to what to do in case the stairs are involved in the fire.

The entire family should take part in a complete fire prevention inspection of the home. Check the cords on the floor lamps and other electrical equipment. See that only (15) ampere Underwriter approved fuses are used in the fuse box. Check the heating equipment, especially the flue pipe on the furnace, and if found defective, have it repaired immediately.

Chief Welch said that the fire department has a quantity of small booklets entitled "42 Ways to Prevent a Fire." A copy of this valuable booklet can be obtained by calling the Fire Prevention Bureau—MA. 3131.

Sees Son in Newsreel

Mr. and Mrs. Henry Martin, 608 Wiltshire-rd, recently saw their son, Pvt. Edmund D. Martin, who appears in the above picture on the right hand side, paratrooper with the 9th Army in "News of the Day" at Loew's Ohio. The parents had not heard from their son for two months following his transfer from an anti-aircraft battalion to the paratroops.

In the newsreel, Pvt. Martin was shown as a buddy helped him rig his chute on his back and again as he boarded the plane. As he jumped, neither of his parents were able to distinguish him. His mother said he looked right into the camera.

Pvt. Martin entered the service two years ago and was sent overseas last October. He attended West High School and was employed as station manager for the Sun Oil Co., before going into the Army.

IN THE RIGHT PLACE

Charlie Kent was recently returning from a short visit to the Northeast of Marion and was waiting for a bus in that town when he stumbled into the most envied position of any man in town . . . he unwittingly became the first man in a cigarette line.

Charlie says he was standing in front of a store when the proprietor opened the door and says, "All right, what brand do you want?" The genial grocer recovered his balance long enough to explain that he was just waiting for a bus, and he still wonders if the proprietor has recovered yet.

SCENE OF THE WEEK

A lady riding down the sidewalk of Broad-st on a bicycle with a young baby peacefully enjoying the trip on a pillow in the basket with groceries tucked around it.

Quiet 4th for the Hilltop

Another wartime Fourth of July will be celebrated Wednesday by the people of the Hilltop in a quiet manner. With the war in Europe at an end, most of us are very conscious of the intensity of the war on the other side of the world. The freedom our forefathers fought and died for is again in dire peril and must be defended at all costs.

With gas rationing still very much in the foreground, it is expected that swimming, tennis, golf and picnics will be the order of the day. No particular celebration is being planned for the holiday. Playgrounds will be closed all day—most of them holding their programs on July 3.

In the minds and hearts of most people this Fourth of July is the hope and prayer that next year this great and gracious land will lie at peace with the world and all strife will be ended forever.

Anthony and Buddies On Camping Trip During Rest

Veteran Flyer Is On 60-day Furlough

Mr. and Mrs. H. L. Anthony, 158 N. Powell-av, were very happy last Monday morning when their son, S/Sgt. Richard A. Anthony, 22, recently liberated from a German prison camp, arrived home for a 60-day furlough, and in very good condition, his mother said.

A ballturret gunner on a B-17, Sgt. Anthony was shot down over the southeastern part of France on Aug. 3 flying his 29th mission. He was previously reported missing on that date.

At Goering's Camp

Anthony was captured by the Germans and taken to Dulag Luft for questioning. Two weeks later, he marched to Camp Stalag Luft 4 and was imprisoned there until Feb. 6 when he was on the march again and ended up in Goering's camp for airmen. Sgt. Anthony was liberated April 26 by infantrymen and afterwards moved to Camp Lucky Strike, La Havre, France, for several weeks.

He arrived in the United States on June 18, and was sent to Camp Patrick Henry, Va., and waited four days for transportation home. Anthony said the treatment while he was a prisoner wasn't too bad but while they were on the march, the only food they could get was from nearby farmers.

He entered the service in November 1942, and went overseas in March, 1944. On D-Day, Anthony made two missions over France and he said it was a beautiful sight.

Air Medal and Clusters

Richard holds the Air Medal with three Oak-Leaf Clusters, DFC, Good Conduct Medal and three battle stars for his service in France and Germany. Until his plane was shot down he was with the 8th AAF in England.

S/Sgt. Anthony

Before going into service, S/Sgt. Anthony graduated from West High in 1941, attended Ohio State University and was employed at Curtiss-Wright Corp. He is also a member of St. John Lutheran Church.

Following his 60-day furlough at home, he will report Aug. 27, at Miami Beach, Fla., for re-assignment.

Mr. and Mrs. H. L. Anthony also have two other sons in the service, Cpl. Harry L. Anthony is with the 9th Army in Germany working as a chaplain's assistant and Cpl. Robert E. Anthony is stationed in Panama connected with the 6th AAF as chemical warfare instructor.

Two buddies who are spending their furloughs here and helped welcome Anthony back home are Cpl. Bill Gibbon, Marine photographer, and S1/c Zail Kemp.

Wednesday morning at 8 a. m., all three left for a camping trip near Coshocton, O., and came home last night. S1/c Kemp leaves today for Philadelphia to return overseas. He has made three trips abroad. Bud Maxwell, another buddy was home last week and returned to California.

Sgt. Les Whipple Tells Of Conditions in German Camp

Wounded by Own Artillery Fire

S Sgt. Lester F. Whipple, 31, recently liberated prisoner of the Germans, arrived in the United States on June 20, and after being sent to Camp Atterbury Ind., arrived home last Sunday for 72 days after 25 months service overseas. He was captured by the Germans on Dec. 22. He was previously reported missing in action on that date, in Belgium at the time the Germans attempted the breakthrough.

Wounded

On Dec. 23, Sgt. Whipple was wounded in the chest and hip by artillery fire from our own men when shells came through the roof of a shed on German soil where he was held prisoner. There were seven men under Sgt. Whipple taken and four out of seven were killed instantly.

Medics Poor

During the four months Sgt. Whipple was held captive, there was very little food and very poor living conditions and medical attention wasn't worth anything at all, he said. In February he was moved from this German hospital to Camp Stalag 17 B and later moved by passenger train to a place near Hamburg for 1½ months.

Liberated April 18

S/Sgt. Whipple was liberated by the British on April 18, near Lunaberg, Germany. He was taken to a city near Oxford, England, by plane to be hospitalized.

He was there for 34 days recuperating and afterwards flew to London and Scotland to board the Queen Mary which sailed on June 13. He has served in N. Africa and has four battle stars for action in Sicily, Normandy, France and Germany. He also was awarded the Purple Heart for wounds received in Germany, the Good Conduct Medal, European Theatre of Operations, Combat Infantryman Badge and his division was given the Presidential Citation, having taken part in the D-Day operations in Normandy.

He will report Sept. 6, at Miami, Fla., for further assignment. He resides with his sister, Mrs. Esther Thompson, 196 Powhatan.

A BOY AND A HORSE

A story about a boy and a horse has always had universal appeal, especially when written by a fine novelist, with a great sympathy and understanding of boys and horses.

Such a story, filmed in glorious technicolor, and with many world famous scenic spots as its background is "Thunderhead, Son of Flicka," which came to the screen of the Westmont Theatre Thursday, June 28th, for a three day engagement.

Featuring Roddy McDowall, Preston Foster, and Rita Johnson in leading roles, the picture is being acclaimed as greater in every way than the never-to-be-forgotten "My Friend Flicka."

The second feature is "Coming Round the Mountain" with Gene Autry.

In the Rough

By the Roughest

Golfing weather this past week was at its best. Play was heavy all week with Sunday topping all records this year at the Beacon Light course.

Several well known Hilltoppers turned in some fine scores. Cliff Starrett was low man turning in a 76, followed by Cal Richards with 78, and Whitey Marlowe a 79, which he accomplished by coming through with an even par on the last nine holes. R. J. Hyatt had an 82 and L. W. Lewis 84.

The two heavyweights of the course, Stan Russell and Paul Leighninger, just seemed to melt under Sunday's broiling sun. It was their bad day, but they played the 18 holes anyway. Paul had an 86 and Stan a 90.

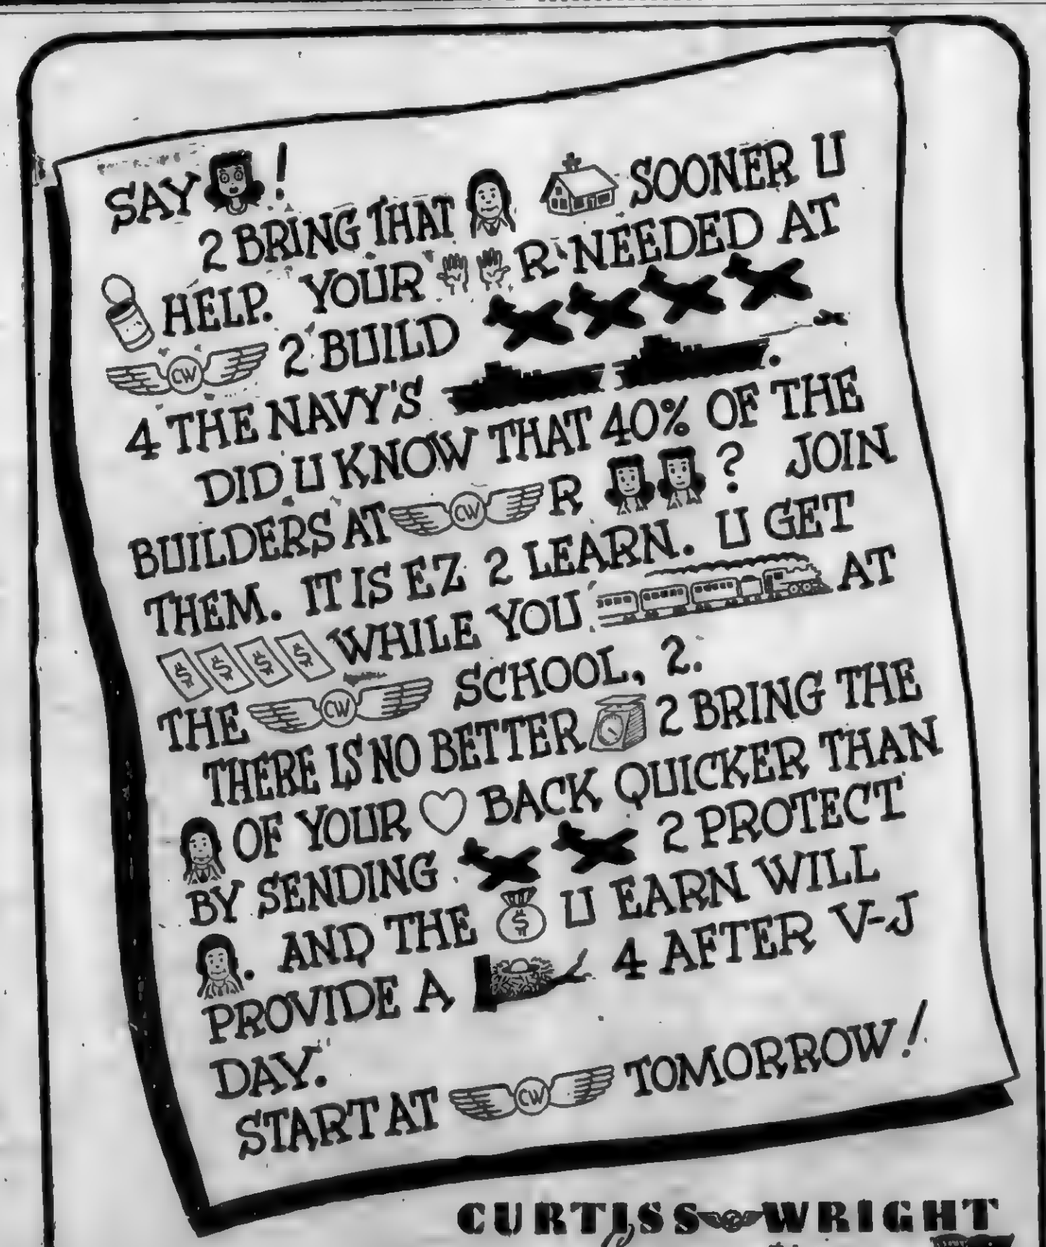
How Would You Like to Live in the "Good Old Days"?



★ Back in grandfather's time, during the final quarter of the last century, things were quite different. There were no movies, no airplanes, no automobiles, few bathrooms, practically no efficient electrical appliances. If you contracted diabetes or pernicious anemia, your days were numbered. Your blood just "changed to sugar" in the former, "to water" in the latter.

There was little protection against virulent epidemics. Smallpox vaccine was the only biological on the market. When diphtheria or typhoid ravaged a community, there was nothing to do but wait it out in hope and dread.

Yes, a return to the "good old days" would mean, among other things, the sacrifice of the major portion of the contribution of medicine and pharmacy to your health and well-being.

Safe in the arms of Jesus,

7TH ANNUAL SHRINE GAME ON JULY 12TH

Red Birds and Louisville Game Is Feature; Fireworks Display Planned

The stage is now being set for the seventh annual Shrine Baseball game sponsored by Aladdin Temple for the benefit of crippled children, it was announced yesterday by Potentate John H. Summers.

The game will be played Thursday evening, July 12, at the Red Bird Stadium. Manager Charlie Root's Red Birds will face the Louisville Colonels. And the Red Bird leader promises the game will be one of the most hotly contested battles of the season.

Members of the Aladdin Temple, who are in charge of the ticket sale for the game, hope to have a record crowd. They want to beat last year's new high attendance, which crossed the 10,000 mark. Preliminary requests for tickets, which are expected to go on sale this coming week, have already reached large proportions.

Fireworks Display

The entertainment committee has about completed the program for the evening, which they say will outshine by far anything offered at this annual charity affair since its inauguration in 1939 when Morgan Evans was potentate. One thing is known. There is to be one of the largest fireworks displays ever presented in Columbus, members of the committee have stated.

Potentate Summers announced that every cent received by Aladdin Temple from the baseball game will go towards maintaining and supporting the Temple's crippled children activities at Children's Hospital here. Every crippled child, regardless of race, color, or creed, and unable to finance his or her hospitalization is eligible.

Crippled Benefit

Members of Aladdin Temple carry on its own crippled children's program, through an organization headed by Past Potentate Dr. William D. Murphy, in addition to its support of the National Crippled movement sponsored by the Imperial Council of North America which operates more than 15 Shrine Hospitals in various sections of the United States and Canada.

Members of the Potentate's Divan, who are taking an active part in making this year's baseball game the biggest staged since the start of the event, are, in addition to Potentate Summers, William Berkhemer, Chief Rabban, Frank C. Starr, Assistant Rabban, Thomas A. Bangs, High Priest and Prophet, Raymond J. Lewis, Oriental Guide, Ray Zirkel, Recorder, and Edward R. Neal, Treasurer.

In addition, all of the uniformed organizations will be seen at the game besides numerous other organizations which take important parts in the Temple's ceremonial activities. Two of these organizations are the Nationally known band of more than 120 pieces, and the Shrine patrol known from coast to coast, across Canada and the United States and in Mexico.

Army Service Forces Seek Local Stenographers, Typists

An appeal to stenographers and typists in the Columbus area to fill vital war jobs in the Headquarters of the Army Service Forces, Washington, D. C., was made, today, by M/Sgt. Gerald E. Brown, who is in Columbus recruiting civilian personnel for the War Department.

The Army Service Forces have the mammoth task of transporting our fighting men to the Pacific battle front and keeping them supplied. Civilian personnel in the headquarters of the ASF is helping to carry out that important war assignment.

Transportation to the nation's capital will be furnished those who qualify for these essential jobs. Beginning salaries offered for these positions vary from a minimum of $146 a month to $164 a month for those with at least one year's experience as a typist or stenographer.

The civilian jobs in the Army Service Forces offer young people an opportunity to do interesting and important work in Washington, D. C., headquarters of the U. S. A., and at the same time enjoy the social, cultural and educational advantages of our Capital City.

A new arrival is met at the Union Station in Washington and after being sworn into her job is taken to select her own living quarters under the guidance of an Army Service Forces counselor. Housing is guaranteed by the Army Service Forces, and these counselors are available at all times to give employees assistance and advice.

New employees are trained by the War Department in those subjects that will help them to attain the highest efficiency possible. To those employees who need more speed in shorthand and typing, refresher courses are offered while receiving full pay.

Applicants qualify through Civil Service examinations and must comply with WMC regulations.

Sgt. Brown announced that applicants can secure full information from Miss Nelle Robuck at the Columbus office of the United States Employment Service, 435 Cleveland-av, Columbus, O.

SERVICE PLEASE

You know, people just seem to still expect those courteous little services . . . now take that woman who called the Hilltop branch post office last Saturday and asked that a mailman bring her automobile use tax stamp out to her . .

You can imagine the volcano that little request stirred up, when it is almost impossible to have a tax stamp brought as far as the counter.

FRIDAY THE 13th

For the Gift Box at Sullivant-av and Eureka, Friday the 13th is a very lucky day . . . according to owner Margaret Eimer the log reads like this

The business was opened on Friday the 13th of last October and her six month anniversary fell on the same date in April, which was also her birthday . . . then next Friday, the 13th day of July will complete nine months in business.

On the aforementioned date she will conduct a baby contest, that is the baby with the most photogenic countenance, will win and at the end of the day this baby will be presented with a sunsuit, probably not size 13.

POST-WAR PLANS

Talking with Eddie Arn out at the Sullivant Avenue Airport Wednesday, at which time he revealed some of his plans for the future in aviation.

Eddie says that if he can acquire the right airplane he expects to set up a transportation system for hunting and fishing trips to Canada . . . at $50 per person for both ways. That is transportation only.

When it was pointed out to him as a sort of high figure, he came back with the plausible argument that you could hardly drive a car, buy meals and pay hotel bills for less than that.

He figures that the big advantage would be in the saving of time By automobile it is figured in days, but by air he could drop a party at most any desired spot in Canada in four hours.

Maybe one of these days some of our Hilltop sportsmen will rush home from work on Friday evening, grab their hunting or fishing equipment, spend the week-end in the wilds of the north and be back on the job come Monday morning. Could be.

JUST SIT AND WAIT

Brig. Gen. Ernest A. Bixby, commander of Camp Atterbury, has issued an appeal to all parents of returning veterans from various battle fronts to refrain from coming to or calling there at the camp.

The general says that every effort is made to get the men on their way within 24 hours of arrival and that any interruptions only tend to lengthen their time of departure for home

Although it's hard to sit by the telephone and wait when it . . known that a son, husband or brother is that near to Columbus, it will help speed them home according to Gen. Bixby.

UP AN' AT 'EM

Betty Kidwell was limping around Wednesday at Beacon Light Golf Course after being laid up with a pair of torn ligament ankles . . . and much to the dislike of her mother she just couldn't resist the idea of getting into high heel shoes again . . . said she had to get used to medium heels, then she would try the really high ones.

She says she is drawing plans for a sliding board running from the porch of the clubhouse to the ground which would make for an easier landing

Chief Says Slow Down . . . Cars Are Getting Old

Take it easy

That's the advice today of Police Chief Lester Merica to all motorists. Increased mileage rations will keep the old bus on the road many hours longer each month, but chances of getting hurt or involved in an accident are up

Statistics show that a minority group of speeders or reckless drivers are keeping the city's accident rate high in proportion to the numbr of vehicles operating. They have caused 330 accidents this year with injury to 71 persons. This one cause is greatest in the list of collision figures

According to officers, most motorists have regard for the aging of their cars and yield to speeds lower than legal limits but reckless drivers still provide great hazards Arrests for speeding are lower than in many months and in part may be attributed to a decreased personnel due to the war. In addition to speed, many other elements of recklessness become apparent in analysis of accident records

Tickets Go On Sale For Shrine Game Thursday Nite

Fireworks, Music And Ceremonies Added Attractions

Tickets for the Seventh Annual Shrine Baseball Game to be played at the Red Bird Stadium, Thursday evening, July 12th and sponsored by Aladdin Temple of Shriners have been placed on sale, it was announced, yesterday by Past Potentate Morgan Evans, chairman of the general committee composed of members of Al Chi Temple in charge of the arrangement for the game. The game will be between the Red Birds and Louisville Colonels. Chairmen of the ticket committee are High Priest and Prophet Thomas Bangs and Noble Joe Miller, who is also chairman of the sales tax stamp committee engaged in collecting sales tax stamps for the benefit of the crippled children. Past Potentate Harry Carson has been placed in charge of the sale of the box seats

Committee Listed

Members of the ticket committee which are being assisted by every member of Aladdin Temple in the sale of tickets for the game have adopted the slogan "Help Aladdin Gladden the Hearts of the Crippled Children." This slogan was so popular last year, when more than 10,000 tickets were sold, setting a new high record, that it was selected again this year. The baseball fans certainly helped in gladdening their hearts last year and we hope they will help again

Indications that this will come true are already in evidence, according to Co-Chairmen Bangs and Miller. Long before the tickets were placed on sale there was a heavy request and since then, they have been going rapidly, they said.

Tickets at Temple

In addition to securing tickets to the game through the members of Aladdin Temple, they also can be secured at the Masonic Temple, where a booth has been set up. Anyone desiring tickets may obtain them at the booth, Bangs announced.

Others having a prominent part in the staging of this benefit baseball game are Dr. Wm. D. Murphy, past potentate, who is medical director of crippled children's activities conducted at the Children's Hospital here and very active in connection with the Temple's part in the national programme, sponsored by the Imperial Council of North America which operates 15 hospitals in various sections of the United States and Canada. Any child, regardless of race, color or creed and without financial means to provide his or her treatment is eligible. While Aladdin may send children to the National Hospital at St. Louis for this area, this has never been done, all having been cared for at the local Children's Hospital.

Another active Shriner taking a leading part in furthering the benefit game this year is Past Potentate Milton A. Pixley, one who all Shrine candidates are glad to meet and get it over with at the Shrine ceremonials. Glenn Beall, potentate's aide, has charge of operations such as seeing that things run smoothly the night of the game and that each unit's paraphanelia is on hand, together with other equipment to make the game a success.

Added Attractions

Baseball fans attending the game will get an opportunity to see the Shrine Units, all nationally famous at the Imperial Council sessions. These include the Drum and Bugle Corps, the Brutal Brothers organization, with which Past Potentate Pixley takes a leading role at the ceremonials, the Arab Patrol, the hundred piece concert band, the Picadors, the Chanters, the registrants, and the reception committee. They all will take part in the dress parade during the flag raising ceremony before the game. Following the game, one of the greatest fireworks displays ever presented in Columbus will be shown.

MODERN POETRY

Edited By
Esther Weakley

QUEST

He who has lived with sailing ships
Has known a bright apocalypse
That landsmen cannot know.
They who are inland born and bred
By simple things are surfeited—
Hearth-fire and candle glow
But he who has a poet's heart
May know the shining counterpart
Of storm and glowing hearth
In patterned syllable or phrase,
And find in cabalistic ways
The entity of earth.

Bert Henderson, in THE LANTERN

REQUIESCAT

There is a little stream in grateful moss;
There are blue gentian flowers in the grass;
The chinquapin and manzanita bush
The granite cliff. These transient things may pass.

But though no monument there holds your name,
No trail leads up the cloistered forest aisle
Where the sequois stands, and flood nor flame
Have conquered . . . so rest there a little while.

Dorothy Marie Davis, in TALARIA.

MOON OVER EUROPE

This moon that yet will rise on scenes more dread
Than mind can fashion, here reflects the red
Upjetting flames, while in the bruised earth's quake
Is all of hell that human wit can make.

Frances Adams Moore, in EMBERS.

TELEPATHY

When in the busy time of day,
Or in the silence of the night;
Your thoughts of me decide to stay,
Then know I hunger for your sight.

George Connelly Friend, in VISTAS.

A HITCHING POST OR A SIGNPOST

★ Birthdays, anniversaries, graduations, a new job—all are occasions for rejoicing as well as for reflection and new resolve. Whether or not a list of resolutions is made, the accomplishments of the past can be either a hitching post or a signpost to a brighter future. Careful self-appraisal is often as revealing as a stock inventory. But no matter what the goal, the ability to reach it depends on health. In the Rough

By the Roughest

Over 100 golfers treked to Beacon Light Wednesday to form the largest crowd there in a single day since the war started. This record crowd, preceded by 72 on Sunday, 15 on Monday and 16 on Tuesday, made one of the largest weeks over.

Attraction of the course was Mrs. Ralph Cullen, the former Ann Bara, who exhibited one of the best looking sun tans in this part of the state. She plays a good game of golf, too, as does her husband, Lt. Ralph Cullen of the Navy. They were here for a few days after a long stay in Florida.

Cal Richards and son, Herbie, showed up at about 4:30 for their father and son bout . . . and the little fellow hits a mean ball, too.

Clyde Johnson was a little off his game, having a string of seven 5's over the nine-hole stretch.

LEAVES ESTATE TO GRANDCHILDREN

Navy, Marine Corps in Recruit Drive Here

A recruiting drive to enlist 17-year-olds for the Navy and 17 and 18-year olds for the Marine Corps, has opened.

The Marine Corps has been open to 17-year-olds only intermittently but Lt. R. A. Thompson, commanding officer, with offices in the old postoffice building, expects to recruit 200 men during July alone, as compared with three or four a month accepted during the past year.

General requirements for enlistment in the Marine Corps are: two years of high school or equivalent; at least five feet five inches in height; vision, not less than 15-20 in each eye; enough teeth to bite and chew; consent of parents; and ability to supply character references.

THEY LOOK TO COLUMBUS FOR THEIR "SUNDAY PUNCH!"

This vast armada of fighting flat-tops is counted on to help deal the Japs a mortal blow and hasten victory. That means each carrier must be able to put into the air its full squadron of Helldiver dive bombers—its "Sunday punch!"

That means YOU, here on the home front, must take a job right now at Curtiss-Wright and help get more Helldivers off the production lines. Both men and women are needed, skilled or unskilled. If inexperienced, you'll be amazed what a few weeks in the Training School at the plant will teach you about handling tools and working at machines.

Long after the war is over, you'll be proud you worked at Curtiss-Wright. For when you help build Helldivers, you hit the enemy where it hurts him most. Take a job here now . . . stick with it to the finish.

MacArthur Medal Offered To Scouts as Gardening Prize

Backing up President Truman's appeal for more gardens, the nation's Boy Scouts are embarked in a program to raise a half million gardens this summer. As the war is now centered in the Pacific, home front attention is centered on the growing food crisis here and abroad.

The Boy Scouts of America with its membership of 1,916,637 boys and leaders, are furnishing a substantial part of the additional manpower needed by farmers and commercial producers. Last year more than 300,000 Boy Scouts worked on farms, and several hundred thousand Boy Scouts and Cub Scouts had their own gardens. Many groups of Scouts went out from towns and cities on "day hauls" to work on farms, returning at night.

The National Victory Garden Institute has obtained General MacArthur's interest and is offering a General MacArthur Medal to those Scouts who do an outstanding job with their individual gardens. Those winning this honor will need to successfully cultivate, care for, harvest and put to good use a reasonable variety of products from gardens at least 400 square feet in size.

The 400 square foot requirement was arrived at on the basis that it represents a big enough job to warrant special recognition and that it is a large enough garden to be a major factor in the Food for Freedom program. Each garden will be inspected by a competent adult and the awards will be made not for "best" gardens but on the basis of meeting the high standards. The medal is for individual Scout gardens only. However, Scouts in a troop or patrol working together in a common garden plot will be eligible for the Green Thumb Certificate, which may be presented to all Scouts who produce food this year.

New Scout Plane Goes Into Production at Curtiss-Wright

Speed and Maneuverability To Make New Seahawk Dangerous for Japs

A radically new type of scout plane, the Curtiss SC-1 Seahawk, has just been announced in action with the Navy. With its greatly increased speed ceiling and climb, and its added fire power, it can fight back when attacked far better than any previous Navy scout-observation plane.

The new warplane is being built at the Columbus, O., plant of Curtiss-Wright Corporation, which also produces SB2C Helldiver dive bombers for the Navy.

The Seahawk is a single-place, single float, low-wing seaplane designed to operate from catapults on battleships and cruisers. In addition to the main float it has two auxiliary wing floats. Its wings fold back along the fuselage for shipboard storage.

New Model Engine

It has a Wright Cyclone nine-cylinder engine with nearly three times the horsepower of the OS2U Kingfisher, which it is joining in the Fleet. The engine is a new model, generating more power per pound than any other aircraft engine in the world. The plane has a hollow steel Curtiss propeller with four "paddle-type" blades, made unusually wide to give the tremendous thrust necessary for high performance operation.

A bubble canopy of plexiglas covers the cockpit, giving the pilot 360 degree visibility. The canopy slides backward from the windshield.

Because of the Seahawk's greatly increased speed, climb, ceiling, maneuverability and fire power, it can defend itself from Jap anti-aircraft and Jap planes much more successfully than the older, slower scout planes. Thus it will be far more valuable in scouting for enemy fleet units, and spotting gunfire both in sea actions and during fleet support of landing operations.

Dangerous Plane

"The Seahawk," says the Navy, "with its enormously increased speed and maneuverability, will be a much more dangerous plane for Jap fighters to tangle with. It is expected that even in climb —for which the Japs are famous —the SC will be able to hold its own with the enemy."

Because of its extra horsepower, the Navy expects it to be an even better rescue plane than the Kingfisher, which has saved the lives of hundreds of men forced down at sea. On rescue missions a bunk can be arranged back of the pilot's seat, into which a man can crawl.

The new plane can also use its power to carry bombs or depth charges. The main float has been designed to include bomb bay doors controllable from the pilot's cockpit. Inside the float is room to carry a good supply of bombs or auxiliary fuel tanks for added range. Wheels replace the float for ferry operations.

Since one of the Seahawk's chief functions will be as a search rescue plane, it has been designed so that it can land safely in heavy seas. Despite its high flying speed it has a landing speed that is almost as low as that of older, slower seaplanes. It also has extremely good lateral control. Thus, in a rough water landing the pilot is able to pick the spot in the waves that he wants to hit.

Flaps and full span automatic wing slats help decrease the stalling speed. Outer sections of the Seahawk's wings have a marked dihedral which helps increase lateral stability.

Building Speeded Up

The job of designing and building the SC was speeded up by the fact that seven planes were used for experimental flight testing, instead of one. In addition to two experimental models, five additional airplanes were used for experimental purposes. Thus flight testing and testing of radio, armament and other equipment could be carried on simultaneously.

Work on the SC started in late June, 1942, when the Bureau of Aeronautics invited Curtiss-Wright to submit proposals for designing an improved seaplane. On February 16, 1944, an experimental model made its first flight and two weeks later a second experimental ship was ready to fly. On April 28, 1944, six Seahawks the two XSC-1's and the first four expedited models, made a mass flight over the big plant at Columbus.

The first XSC-1 was kept at Columbus for test flights, while the others flew to the Naval Air Station at Patuxent River, Maryland.

Even before final tests were completed, the SC production line was set up at the Columbus plant. In July, 1944, the first production model rolled off the line. As fast as the production planes were finished, they were sent to a Naval Air Station where units began training with them.

Receives Bronze Star

The War Department has presented the Bronze Star Medal to Pfc. Harold Condon, age 24, 584 Townsend-av, for his service April 29, on Luzon.

While working as a medic in a hospital tent near Villa Verde Trail, Pfc. Condon, after seeing enemy fire wound two patients, removed them and others to nearby trenches and sandbag emplacements.

He is the son of Mr. and Mrs. Vincent Condon of the Townsend-av address. Pfc. Condon entered the service in Oct. 1942, and went overseas in Dec. 1943.

DOESN'T LIKE IT

Harold Weller, 68 Demorest-rd, whose wife, Val, recently presented him with a little bundle from Heaven, is very mad at the press, the hospital authorities and everyone in general that helped to report the recent arrival as a girl instead of the he-man that he had planned.

OK, Harold, so it's a boy with the name of Robert Alan . . . congratulations, and we're sorry for our part in the mistake. We understand that he is looking for a fit in overalls so there won't be any further misunderstandings . . .

What will that prove?

BROTHERS MEET

The father of Pvt. Bill Higgins and S1/c Robert Higgins, who formerly lived at 191 N. Wayne-av, drops in to tell us of the two boys meeting on a small island in the South Pacific.

The brothers had two days together starting on the 15th of May. They hadn't seen each other for over a year, when they both went overseas.

Bill is in the Marine Corps, while Bob is with the Navy. Bob says that he wants every issue of his Hilltop Record to keep him in touch with things, and undoubtedly Bill wants to be in touch with things at home, too.

NEW SUPERVISOR

Mrs. Margaret Edwards, 785 S. Terrace-av, this week replaced Dorothy Lightner as assistant supervisor at Westgate Park playground. Mack Pemberton, the head man, says that Dorothy retired because she was getting into a high income tax bracket.

WORKING CLOTHES

Lou Saunders breezes in all dressed up in cream-colored trousers, tan sport jacket and flashy trimmings, with the statement that he is in a hurry to attend Wednesday's Hoge Memorial Board of Trustees meeting at Buckeye Lake . . .

Asked if he was going to wear those clothes, he calmly stated, "Why no, these are just my working clothes. I'm going home now and get dressed up". Whe-e-e-e.

MORE DRY ICE

Little Terry Beard, five-year-old son of Mr. and Mrs. Richard Beard of 299 S. Harris-av, this week purchased a popsicle from one of the "Yummy" wagons only to get a taste of dry ice, which didn't do his mouth any good . . .

That might be one way to settle a twice-a-day question, but it sure breaks boys' faith in human nature.

HERE AND THERE

Carl Smith, 236 Columbian-av, who has turned out some good athletes at Starling Junior High, is applying his talents to the real estate business for the summer . . .

Ensign Wm. Conn, son of Mr. and Mrs. W. C. Conn of 27 S. Oakley-av, has reported to Hutchison Field, Kan., after spending a 30-day leave here.

We thought Jerry Watson was kidding about qualifying for the golf tournament at Brookside last week, but now we see he meant business after landing in the first flight with some very good golf . . .

And of course Dick Rhyan is doing just what everybody expected him to.

Violates Probation

Frank Beard, 20, 2116 Sullivant-av, was sentenced Tuesday to one to 15 years in the Mansfield Reformatory. He was charged with violating his probation.

Beard was put on probation in February after pleading guilty to a charge of breaking into the office of a parking lot at 58 E. Rich-st. He was arrested last week by police for a robbery at the G. S. Products Co., 2663½ N. High-st.

Aboard LST in Pacific

Serving on an LST somewhere in the Southwest Pacific for the past 10 months, is William Harry Beck, MM2/c, son of Mr. and Mrs. Ed Righter, 507 N. Eureka-av.

He entered the Navy in Feb. 1944 and formerly worked at the post garage, Fort Hayes. His wife lives at 3734 Cleveland-av.

Community Council Drive For $1500 Fund Opens Wednesday

Residential and Business Areas To Be Canvassed For Two Weeks

Final plans for a financial drive with a goal of $1500 were made by a special committee of the Hilltop Community Council at Hilltop Lutheran Church Tuesday evening. The drive was to get under way Wednesday.

With its purpose "To improve social and recreational facilities on the Hilltop with the accent on young people's needs", the main item was the proposed building of a concrete roller skating rink in Westgate Park.

Versatile Project

The rink project was heartily backed by various local organizations, according to C. P. Maus, council prexy, chief of which was the Hilltop Ministerial Assn., whose officers saw in such a project an ideal summer meeting place for their hymn sings and various combined services.

Another suggested use of the rink was for ice-skating. It would be centrally located and the ideal in safety. According to members of the council, this use could be effected by building a two-inch lip onto the outer edge of the concrete apron. Thus the entire suggested 50 x 140 ft. roller skating rink could be made into safe ice-skating by flooding.

Planned for the summer was a series of three band concerts by local union musicians, the first of these to be conducted Sunday. However, it seemed probable that a switch to bands such as the Curtiss-Wright Concert Band and Mixed Chorus, the Lockbourne Air Base Band and others would be made, as the Federation of Union Musicians schedule had been filled by this week.

Social Programs

Also planned to be included in the Summer-Fall program are community sings, old-fashioned garden parties and Fall festivals. These activities will undoubtedly be linked with the building of the rink.

An item of interest to Hilltoppers of the Glenwood Shelter House area will be the cleaning up and remodeling of the building and grounds, extent of which will be limited by the amount of money which can be earmarked for that project.

Under the general chairmanship of Charles P. Maus, 70 N. Westgate-av, council president, solicitation of the residential area will be undertaken by a group of women representing various organizations active in the community council.

Assigned to contact business establishments was a committee of men under the leadership of Kenneth Dickerson, Robert L. Nash, West Junior High teacher, is secretary of the organization, and Henry E. Geshwilm, 421 S. Terrace-av, is treasurer.

Workers Listed

Leading the women as district chairmen are: Mrs. Edw. Thompson, 220 N. Oakley-av; Mrs. Geo. Skipper, 40 N. Eureka-av; Mrs. Henry Whipple, 2602 Valleyview-dr; Mrs. Ray Cave, 2936 Olive-st; Mrs. H. H. Herron, 26 N. Harris-av; Mrs. Ida Murphy, 233 N. Burgess-av, and Helen Shade, 420 S. Richardson-av.

Aiding the above list of women are the following workers:

Mrs. J. Hill 81 Clarendon-av; Mrs. W. Richardson, 1951 Doran-av; Mrs. G. Alban, 110 Clarendon-av; Mrs. C. E. Cooley, 83 S. Highland-av; Mrs. R. Decker, 278 Midland-av; Mrs. Chas. Shunkwiler, 107 S. COME ON, COLUMBUS .... LEND A HAND!

The Curtiss SeaHawK is a worthy companion to the Curtiss Helldiver dive bomber. Both have been assigned big parts in the job of smashing Japan.

But YOU, the patriotic men and women of this community, must build them so our naval and marine fliers can use them to help punch the Nip into quicker submission.

Whether you build the SeaHawK or the Helldiver, you're in work of the most vital, urgent kind . . . work that can shorten the war by months and bring the boys home sooner.

Skilled, semi-skilled, inexperienced help is needed . . . at once. You can learn (and earn) in just a few weeks at the Training School at the plant. Don't let "the other fellow" carry the load—get into the fight . . . at Curtiss-Wright!
